

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PURCHASED WATER ADJUSTMENT)	CASE NO.
FILING OF OVERLAND)	2015-00046
DEVELOPMENT INC.)	

ORDER

On February 9, 2015, Overland Development Inc. ("Overland") applied for approval to adjust its rates pursuant to the purchased water adjustment procedure.¹

The Commission, having reviewed the record and being sufficiently advised, finds that:

1. Overland purchases water from Big Sandy Water District ("Big Sandy").
2. Big Sandy notified Overland that, effective January 1, 2015, Big Sandy's wholesale water rate to Overland would increase from \$4.85 per 1,000 gallons to \$4.89 per 1,000 gallons.² Overland proposed to increase its water rates to reflect the increased cost of purchased water effective February 1, 2015.
3. Overland proposed a purchased water adjustment factor of \$0.05 per 1,000 gallons.
4. During the 12 months ended December 31, 2014, Overland purchased 6,579,000 gallons of water from Big Sandy and sold 5,412,000 gallons of water. Overland's unaccounted-for water loss exceeds 15 percent.

¹ KRS 278.015; 807 KAR 5:068.

² Case No. 2015-00023, *Purchased Water Adjustment Filing of Big Sandy Water District* (Ky. PSC Feb. 5, 2015).

5. 807 KAR 5:0067, Section 3 (3), requires that, in instances where a privately owned water utility's unaccounted-for water loss exceeds 15 percent, the utility's actual water sales shall be divided by 85 percent to yield the maximum allowable water purchases. The maximum allowable water purchases shall then be multiplied by the supplier's base rate and the changed rate. The difference between these amounts will be the total allowable change in the utility's purchased water costs.

6. During the 12 months ended December 31, 2014, Overland's allowable gallons of water purchased are 6,367,059. The increase in Overland's cost of purchased water is \$254.68, resulting in a purchased water adjustment factor of \$0.05 per 1,000 gallons.

7. The purchased water adjustment factor of \$0.05 per 1,000 gallons is fair, just, and reasonable and should be approved.

8. The rates in Appendix B are fair, just, and reasonable and should be approved for service provided on and after February 1, 2015.

9. Overland proposes to place its proposed rates into effect on February 1, 2015.

IT IS THEREFORE ORDERED that:

1. Overland's proposed rates are approved.
2. The purchased water adjustment of \$0.05 per 1,000 gallons as calculated in Appendix A is approved.
3. The rates in Appendix B are approved for service that Overland renders on or after February 1, 2015.

4. Within 20 days of the date of this Order, Overland shall file with the Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets showing the rates approved herein.
