ORDER

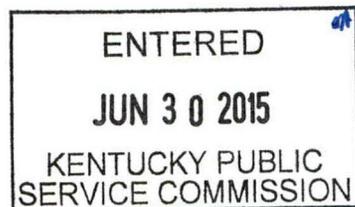

On June 15, 2015, Kentucky Power Company ("Kentucky Power") filed an application requesting a Certificate of Public Convenience and Necessity to close in place the existing Big Sandy Generating Station coal ash impoundment ("Big Sandy Impoundment"). Along with the application, Kentucky Power filed a motion for leave to deviate from the requirements of 807 KAR 5:001, Sections 8(3) and 8(12)(b). Where, as here, an applicant elects to use the Commission's E-Filing System, 807 KAR 5:001, Section 8(3), requires the filing party to also submit one paper copy as required by 807 KAR 5:001, Section 12. Kentucky Power requests that it be excused from filing a paper copy of Exhibits 2, 4, and 5 to its application, which are identified as technical information relating to Kentucky Power's application for environmental permits necessary to close the Big Sandy Impoundment. Kentucky Power asserts that those exhibits are voluminous and contain drawings not conducive to printing. In lieu of paper copies, Kentucky Power has submitted those exhibits on a compact disc.

Having reviewed the motion and being otherwise sufficiently advised, the Commission finds that Kentucky Power has established good cause to permit it to deviate from the filing requirements of 807 KAR 5:001, Sections 8(3) and 8(12)(b).

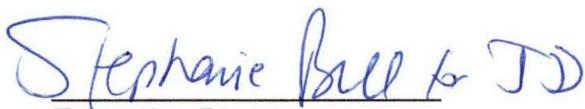

IT IS THEREFORE ORDERED that:

1. Kentucky Power's motion to deviate from the filing requirements of 807 KAR 5:001, Sections 8(3) and 8(12)(b), for Exhibits 2, 4, and 5 to its application is granted.
2. Kentucky Power's application is deemed filed as of the date of this Order.
