Subject: Case Related Question

Apparently on or around March 1st Mountain Rural Telephone Coop. Corp. Inc has or will file with the KY Public Service Commission a change in basic local service rates. I am in complete disagreement with this rate increase. I do not believe the rate increase should be allowed. Mtn. Rural already has a monopoly on the internet and phone service in this area, you cannot simply purchase internet service they require that you pay for and have a phone line even though it isn't wanted.
