IN THE MATTER OF:

THE APPLICATION OF CITIPOWER, LLC)
FOR A RATE ADJUSTMENT FOR SMALL) CASE NO. 2017-00160
UTILITIES PURSUANT TO 807 KAR 5:076)

MOTION FOR EXTENSION OF TIME

Comes now Citipower, LLC (“Citipower”), by counsel, and hereby moves the Kentucky Public Service Commission (“Commission”) for a brief, seven day extension of time in which to respond to the Commission’s deficiency letter dated April 11, 2017, in the above-captioned case. In support of said motion, Citipower respectfully states as follows:

On March 31, 2017, Citipower filed an Application for a rate increase for small utilities pursuant to 807 KAR 5:076. After review of the Application, the Commission issued a deficiency letter citing two deficiencies in the Application. One deficiency was related to the calculation of the average customer bill and the amount of increase the proposed rates would have on the average customer’s bill. Since receiving the deficiency letter, Citipower has been working with Commission Staff to recalculate these amounts. A telephonic informal conference was held on April 19, 2017. Citipower is currently revising the spreadsheet used to calculate the proposed rates. Due to the expected changes in the rates from the new calculations, a new customer notice will need to be issued to Citipower’s customers. Once the calculations are completed, Citipower would like to mail the revised customer notice with the April natural gas bills. The April natural gas bills will be mailed to Citipower’s customers by April 28, 2017.

In order to avoid the added rate case expense associated with a separate mailing for the revised customer notice, Citipower requests a seven day extension from April 21, 2017 until April 28, 2017 to cure the deficiencies in the Commission's April 11, 2017 deficiency letter, so that a new customer notice can be mailed as a bill insert to Citipower's customers.

WHEREFORE, Citipower respectfully moves the Commission to grant it an additional seven days – until April 28, 2017 – in which to file a response to the Commission's April 11, 2017 deficiency letter.

This 20th day of April, 2017.

Respectfully submitted,

David S. Samford
