IN THE COUNTY OF GRAVES**

SITE NAME: SYMSONIA

**NANCY M. ROCHE'S REPLY TO APPLICANT'S RESPONSE TO REQUEST TO
INTERVENE**

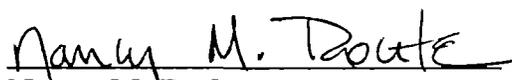

Nancy M. Roche replies to New Cingular Wireless PCS, LLC d/b/a AT&T Mobility's ("AT&T") response to her request to intervene in this application.

1. AT&T has misrepresented Ms. Roche's position to intervene by stating that she does not own residential property in proximity to the proposed cell phone tower. This is incorrect. Ms. Roche's address at 540 State Route 348 East, Symsonia Kentucky 420982 is a house in a residential neighborhood. Ms. Roche also owns farmland near the proposed cell phone tower.

2. Ms. Roche has requested permission to intervene in order to present expert testimony as to the decline in property values this cell phone tower will cause in her neighborhood. Additionally Ms. Roche would ask for the opportunity to examine AT&T's representative Jim Fairchild on the issue of AT&T's attempts to locate the property for the proposed tower referenced in AT&T's Alternative Site Analysis. Ms. Roche argues that it is not her job to demonstrate that another property is available for leasing when applicant's response to the resident's letters to the Public Service Commission shows clearly that AT&T made little effort to find a location for this tower that would not damage the neighborhood.

3. Ms. Roche does not intend to rely on "lay opinion or generalized aesthetic concerns" in her intervention but believes that she and other Symsonia residents should be allowed to present testimony as to the proposed towers negative effect on the their property values as well as to have the ability to question applicant's representatives.

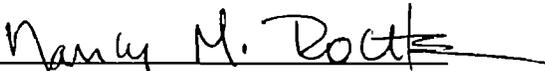

Respectfully submitted,

Nancy M. Roche
