Frankfort, KY 40602-0615

Re: Case #2017-00434

Dear Ms. Pinson:

Kentucky Rural Water Association conducted a class for continuing education credit at the McCreary Co. Water District office on November 3, 2017. On behalf of Kentucky Rural Water Association, I hereby attest that this program, herein referenced as Case No. 2017-00434, was held as scheduled. The planned course of instruction, submitted for six (6) credit hours, was performed as submitted.

As required, KRWA has included a list of commissioners who attended the session and earned continuing education credit. KRWA did not submit this class to any agency other than the Kentucky Board of Certification of Water Treatment and Distribution System Operators. A copy of the message indicating their approval code is also enclosed. KRWA did not provide handouts for attendees; however, copies of the PowerPoints used were submitted on December 11, 2017, in response to the deficiency notice.

Kentucky Rural Water Association would like to thank the Kentucky Public Service Commission and staff for their leadership and support in approving the training offered during this session.

Sincerely,

Janet Cole
Education Coordinator
