

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF JETTA OPERATING)	
APPALACHIA, LLC FOR INITIAL RULES,)	CASE NO.
REGULATIONS, AND RATES FOR FURNISHING)	2018-00212
GAS SERVICE PURSUANT TO KRS 278.485)	

COMMISSION STAFF'S REQUEST FOR INFORMATION CONCERNING
NOTIFICATION AND ODORIZATIION ISSUES TO
JETTA OPERATING APPALACHIA, LLC

Jetta Operating Appalachia, LLC (Jetta), pursuant to 807 KAR 5:001, is to file with the Commission the original and seven copies in paper medium of the following information. The information requested herein is due on or before July 9, 2019. Responses to requests for information in paper medium shall be appropriately bound, tabbed, and indexed.

Each response shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Jetta shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Jetta fails or

refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filing a paper containing personal information, Jetta shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Provide the estimated cost that Jetta would incur to identify individuals who may come within the scope of KRS 278.485.

2. Explain in full detail whether the natural gas that Jetta provides to its farm tap customers has a natural odorant. If some, but not all, of the natural gas Jetta furnishes to its farm tap customers contains a natural odorant, identify the portions of Jetta's farm tap system that furnishes naturally odorized gas to customers, and state how Jetta determined which lines contains gas with a natural odorant.

3. If Jetta's natural gas does contain a natural odorant, explain in full detail whether the natural odorant complies with 807 KAR 5:026, Section 6(12), which requires a combustible gas in a distribution line to contain a natural odorant or be odorized so that at a concentration in air of one-fifth of the lower explosive limit, the gas is readily detectable by a person with a normal sense of smell.

4. Explain in full detail whether Jetta conducts periodic sampling of combustible gases in its lines using an instrument capable of determining the percentage

of gas in air at which the odor becomes readily detectable. If so, provide the results of such sampling for 2017, 2018, and through June 2019.

5. Provide detailed estimates of costs that Jetta would incur to odorize the natural gas that Jetta provides to its farm tap customers.
