To Whom It May Concern:

In regards to case No. 2018-00002, as the property owner of 835 Breckinridge Street, I am officially opposed to the proposed construction of a 100' monopole tower.

The prospect of having such a structure in view of my backyard is simply unacceptable. This letter should serve as my request for intervention of this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael L. Sparks". The signature is stylized and written in cursive.
