Mr. Downs,

The questions you ask seek advice regarding substantive matters, including the legal consequence of revising the evidentiary record, that Commission Staff cannot provide. If you have questions about ARF procedures, we direct you to the applicable regulation, 807 KAR 5:076, which sets forth the procedures for an ARF case, including the process that a utility follows once a Staff Report has been issued. Here is a link to the regulation on the Legislative Research Commission's web site: <http://www.lrc.state.ky.us/kar/807/005/076.pdf>

Because the information you seek requests legal advice, you may want to retain legal counsel to assist you. In any case, Commission Staff cannot provide any party with legal advice.

Pursuant to the Commission's April 16, 2018 Order, future communication regarding this case should be made in writing, addressed to the Executive Director, and not by way of email or telephone.

This email correspondence will be filed into the case record.

Mr. Bowker,

You indicated that Ledbetter Water District should direct questions or comments about the staff report to the Executive Director. I have a question about the rate case process. The answer may have a major bearing on our response to the staff report. How can we go about getting this question answered in time to meet the 14 day deadline for written response?

This is our question: Should we choose to ask for adjustments to the rates in the staff report, along with additional evidence to support this request, how long would it take to have staff look at the request and the new evidence and then take the next step. And what would the next step be? Please let me know if I need to direct this question to someone else.

Thank you,
Billy Downs

Mr. Downs,

The Commission issued a Staff Report on 7/16/2018 that answers your question. Pursuant to the Commission's April 16, 2018 Order, Ledbetter Water District is required to file its written comments on and any objections to the findings contained in the Commission Staff Report, and any additional evidence for the Commission to consider, no later than 14 days from the date of the entry of the Staff Report. Comments and questions regarding the Staff Report should be made in writing to Gwen Pinson, Executive Director, Kentucky Public Service Commission, 211 Sower Blvd., PO Box 615, Frankfort, KY 40602.

Thank you,

Subject: Staff report,

Travis,

I am concerned that we cannot get our customer charges adjusted for different size meters. I understand that this rejection of that request was based on the fact that we did not submit a Cost Of Service Study?

Thank you,
Billy Downs
