

that the Initial Period has concluded and that they encountered no problems that required Commission intervention, and they have jointly requested that the Commission rule on any pending confidentiality orders and then order that this case be closed.

The Commission notes that any pending confidential motions have been ruled in a separate order. Further, there is no reason for this matter to remain open, because the parties have concluded the Initial Period, as described in the settlement agreement, during which they requested that the Commission keep this case open to resolve disputes implementing that settlement agreement. Thus, having reviewed CMN and Windstream East's joint motion and being otherwise sufficiently advised, the Commission finds that this matter should be closed.

IT IS THEREFORE ORDERED that this matter is closed and removed from the Commission's docket.
