RE: Application of Fountain Run Water District #1 for Rate Adjustment Pursuant to 807 KAR 5:076
CASE NO. 2018-00205 – Response to Staff Report

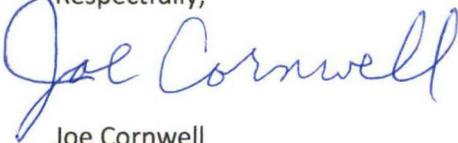

Dear Ms. Pinson:

The Fountain Run Water District #1 is in receipt of the PSC Staff Report for the above-referenced case. We sincerely appreciate your staff's review and recommendations. We understand that the PSC staff have calculated a rate increase of 32.27%. We believe the 32.27% increase would place a significant hardship on Fountain Run Water District #1 customers and herein request a phased-in approach increase to rates.

The District would greatly appreciate your consideration of following a phased-in approach. A 20 percent increase in the revenue requirement establishing the rates set forth in Attachment C of the PSC Staff Report would become effective at the conclusion of this case. The rates set forth in Attachment B of the PSC Staff Report would then become effective one year from the date of the final Order in this case which would represent full implementation of the staff-determined 32.27% percent revenue requirement increase.

Please contact Chris Veach, General Manager, by email address frwd1@scrtc.com if you need additional information. Thank you for your consideration.

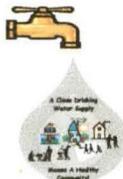

Respectfully,

Joe Cornwell
