APPLICATION

Pursuant to KRS 278.300 and KRS 278.390, Ohio County Water District (“Ohio District”) applies to the Public Service Commission (“Commission”) for an Order modifying its Order of July 21, 2016 in PSC Case No. 2016-00115¹ to permit the use of the remaining proceeds of an Assistance Agreement with the Kentucky Infrastructure Authority (“KIA”) for the construction of 5,500 linear foot of 8-inch polyvinyl chloride water main to replace and upgrade an existing 6-inch asbestos/concrete water main.

In support of its Application,² Ohio District states:

¹ *The Application of Ohio County Water District For Authorization To Enter An Assistance Agreement With the Kentucky Infrastructure Authority and For a Certificate of Public Convenience To Construct Water Transmission Mains*, Case No. 2016-00115 (Ky. PSC filed Feb. 18, 2016).

² As Ohio District is not seeking to increase the amount of funds to be borrowed under the Assistance Agreement and as the Commission has previously approved Ohio District’s entry into that Agreement, Ohio District takes the position that this Application is not required to meet the requirements of an application for authorization to issue evidence of indebtedness. In the event that the Commission takes a contrary position, Ohio District has attached to this Application a “Filings Requirements List” that consists of two pages, lists each statutory and regulatory requirement for an application for authorization to issue evidence of indebtedness, and identifies the exhibit or paragraph that satisfies the requirement.
