RE: Formal Application to Increase Rates Pursuant to
Purchased Water Adjustment Regulation 807 KAR 5:068

Dear Ms. Pinson:

The Marion County Water District respectfully requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment clause.

Per order of the Commission in Case No. 2017-00417, the Lebanon Water Works Company will increase meter service charges by \$5.88 per month and decrease their volumetric wholesale rate by \$0.45 per 100 cubic feet (\$0.6016 per 1000 gallons). These rate changes were effective July 12, 2018. The result of these changes is a \$273,949.95 decrease in annual supply cost for the District. This translates into \$0.70 per 1000 gallons of water sold to our customers. Therefore, we propose to decrease our rates by that amount.

The following supporting documentation is enclosed for your review:

Exhibit A – Purchase Water Rate Adjustment

Exhibit B – Copy of Appendix B of the Commission Order in Case No. 2017-00417

(PSC prescribed Rates of the Lebanon Water Work Company to Marion County Water District)

Exhibit C – Statement of Water Purchased

Exhibit D – Statement of Water Sold

Exhibit E – Notice to Customers

Exhibit F – Revised Tariff Sheet

Exhibit G – Resolution of the Board of Commissioners formally authorizing the proposed rates.

The Notice to Customers will be published in accordance with Commission regulations and verification of its publication will be provided to the Commission.

Should you have any questions please contact Lee Mudd at (502) 839-1310, as he is handling this matter on behalf of the District.

Sincerely,

Jeff Preston, Chairman
