Dear Ms. Pinson:

This is to certify that we completed a training workshop in support of KRS 74.020(6) and KRS 74.020(7) for the Martin County Water District in Inez, Kentucky on August 16, 2018. The workshop was consistent with the program provided to the PSC earlier. The following board members completed the 5.5 hours of training: Rex Endicott, John P. Hensley, and Jimmy D. Kerr. If you have any other questions or require any further documentation, please do not hesitate to contact me.

Sincerely,
