Re: Case Number 2018-00295

Dear Commissioner Schmitt:

I am writing on behalf of the Louisville consumers of Louisville Gas and Electric (LG&E). You are currently considering a substantial charge to Louisville customers in case number 2018-00295, and you are contemplating how any approved increase should appear on the bills in the fixed meter charge or in the usage.

This is an important issue to me and the people of Jefferson County. I am asking the Kentucky Public Service Commission to hold a public hearing in Louisville for customers to talk about the proposed Advanced Metering System costs and benefits. People in Louisville deserve the opportunity to hear from you directly and to respond to your proposal.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Booker".
