To Whom it May Concern,

I would like to submit a request for intervention to the Public Service Commission which establishes the grounds for the request to raise the price of water by 20-29% for residents. I would like further understanding as to why you want to raise rates for a water utility that is already high and privatized.

As a resident of Lexington-Fayette County, I feel your proposed price increase seems unfair and unjust and ask that you do not increase the prices of water to my house. I look forward to hearing back.

Best,

Nishaan Sandhu
