Subject: please keep the Blenheim forest clear of pipelines and highways

Hi

Please do not put pipelines and highways through the Bernheim forest. The Bernheim forest without pipelines and highways is a legacy I hope to share with my grandchildren.

To whom it may concern,

Bernheim Arboretum was deprived of due process of law through the Commission's failure to abide by 807 KAR 5:001, Sections 14(1) and 15(2). Those regulations require a separate CPCN application to be filed for the Bullitt County natural gas pipeline project, which application would have allowed for public notice and an opportunity to be heard regarding the need for the pipeline and the reasonableness of the proposed route.

This violation of regulations will provide a precedence for any large business in Kentucky to deny public information and a proper public forum to adjudicate taking land from private owners.

Furthermore, Bernheim was left out of the legal process to be able to review, comment and provide legal violations as an interested party.
