RE: Formal Complaint Against AT&T

To Whom it May Concern,

The purpose of this letter is to outline the horrendous experiences Associates in Dermatology, PLLC, hereinafter referred to as AID, whose primary office location is 3810 Springhurst Blvd, Suite 200, Louisville, KY 40241 has been subject to through faulty and deceptive business agreements with AT&T.

Dating back to 2014 AID has entered into contracts with AT&T that have gone unfilled as a direct result of AT&T not executing their portion of the agreements. For years AID was billed for services no longer in use, and has been persuaded into new agreements for updated service when old services were never terminated by AT&T.

AT&T's atrocious and often nonexistent customer service has only complicated matters. Our current account manager, Timothy Whitlock, has gone AWOL since not attending a phone conference that he arranged on December 20th, 2018. Unfortunately, this is normal behavior for our AT&T account managers. In the last five years we have had no less than three account managers, none of whom have effectively or efficiently managed our concerns.

AID is owed tens of thousands of dollars in refunds for over billing, or billing on accounts that should have been terminated. To date we have not been issued a refund on any account that holds a credit. Representatives from AID have routinely sent the necessary documentation to each AT&T account manager assigned to us. Time after time we are told our concerns are being investigated, or been given conflicting information on how to receive our refunds. This has been going on since March, 2018.

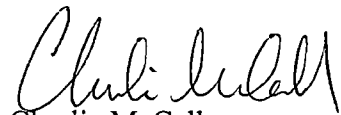

As medical practice, serving over 100 patients each day, it is essential to maintain reliable access to our phone and internet service. AID has regularly received disconnect notices threatening to terminate services on accounts after we have sent multiple request not to terminate specific accounts. In addition, there are other accounts which we have requested be terminated, yet continued receive bills for months after our requests were sent and received.

We have stressed the importance of keeping our services in place until we are first, released from our contracts due to AT&T's failure to perform, and second, setup utility access with a new service provider. To date, we have not been able to get exact dates on when our contracts with AT&T terminate. We have requested that information on multiple occasions.

It is the desire of Associates in Dermatology, PLLC to immediately be released from all contracts with AT&T, as well as have the full amount of all credits issued as soon as possible. AT&T is aware of our requests as we have made them formally in writing several times in the last year.

Please contact me with any questions or concerns. I can be reached by phone, 502-625-2221, or email, cmccall@associatesindermaotlogy.com
