SALT RIVER ELECTRIC COOPERATIVE CORPORATION'S RESPONSE TO
COMMISSION STAFF'S **SECOND** REQUEST FOR INFORMATION TO
FIFTEEN OF EAST KENTUCKY POWER COOPERATIVE, INC.'S COOPERATIVES

1. Refer to the response to Staff's **Initial** Request for Information, Item 6. Explain why Salt River Electric does not offer the low-income energy efficiency demand-side management program known as Community Assistance Resources for Energy Savings as developed and offered by East Kentucky Power Cooperative, Inc.

RESPONSE: **Responsible Party: Tim Sharp**

When the program known as Community Assistance Resources for Energy Savings was originally proposed and introduced, East Kentucky Power in conjunction with other cooperatives including Salt River Electric hosted and invited all of the Community Action Agencies within our primary service area to attend the initial informational meeting. To our knowledge, no Agency within Salt River Electric's service area attended that initial meeting nor subsequently requested any information about the potential program. Due to the perceived lack of interest, Salt River Electric did not file a tariff for the program in question. However, the same agencies have chosen to take advantage of heat pump rebate incentives on behalf of their participants several times in the past five years.
