Gwen R. Pinson, Executive Director
Public Service Commission
P.O. Box 615
Frankfort, KY 40602-0615

RECEIVED

JUN 24 2019

**PUBLIC SERVICE
COMMISSION**

RE: City of Pikeville
Case No. 2019-00080

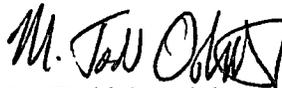

Dear Ms. Pinson:

The City of Pikeville, by counsel, hereby provides notice that it is filing its Responses to the Commission's First Information Request. An electronic copy of all filed materials is also being provided on disc. The undersigned counsel certifies that the paper document filed was electronically circulated to the intervening party and Commission Staff on June 21, 2019.

In conjunction with this filing, Pikeville is filing related motions.

Please contact me if you have any questions.

Sincerely,
STURGILL, TURNER, BARKER & MOLONEY, PLLC

M. Todd Osterloh

CASE NO. 2019-00080
CITY OF PIKEVILLE WHOLESALE WATER SERVICE RATES
RESPONSES TO COMMISSION'S FIRST INFORMATION REQUESTS

1. Provide in written verified form the direct testimony of each witness that Pikeville intends to rely on in this matter.

Response: See the attached testimony of Philip Elswick and Samuel Petty. Pikeville may rely on other witnesses who sponsor responses to data requests.

WITNESSES - Philip Elswick and Samuel Petty

CASE No. 2019-00080
CITY OF PIKEVILLE WHOLESALE WATER SERVICE RATES
RESPONSES TO COMMISSION'S FIRST INFORMATION REQUESTS

Testimony of Philip Elswick

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION OF KENTUCKY

In the Matter of:

PROPOSED ADJUSTMENT OF THE WHOLESALE)
WATER SERVICE RATES OF THE CITY OF) Case No. 2019-00080
PIKEVILLE TO MOUNTAIN WATER DISTRICT)

TESTIMONY OF PHILIP ELSWICK

1 **Q. Please state your name and business address.**

2 A. My name is Philip Elswick. My business address is 243 Main Street, Pikeville, Kentucky
3 41501.

4 **Q. By whom are you employed?**

5 A. I am employed as the City Manager by the City of Pikeville. I have served in this
6 position since August 30, 2017. I have worked for Pikeville since March 2016 in the various
7 capacities, including City Engineer, Deputy City Manager of Operations, and Interim City
8 Manager.

9 **Q. Prior to working for Pikeville, where were you employed?**

10 A. I worked for Summit Engineering from August 2004 until I was hired by the City.

11 **Q. What is your educational background?**

12 A. I obtained B.S. and M.S. degrees in Chemical Engineering from the University of
13 Kentucky in 2002 and 2004, respectively.

14 **Q. Do you hold a professional license?**

15 A. Yes, I am a licensed engineer in Kentucky.

1 **Q. Are you affiliated with any professional organizations?**

2 A. Yes, I am a member of the Kentucky Society of Professional Engineers. I also serve on
3 the Board of Directors for the Kentucky League of Cities.

4 **Q. Please describe Pikeville's water operations.**

5 A. The City operates a waterworks system and provides water service to customers in
6 Pikeville and surrounding areas. The water works system is operated as a department of the
7 City, pursuant to KRS 96.320. In addition to water service to retail customers, the City provides
8 wholesale water service to Mountain Water District and Southern Water and Sewer District.
9 Accordingly, Pikeville's water treatment plant is a regional facility that provides potable water to
10 the significant portions of Pike County and areas of surrounding counties. It also has an
11 emergency connection with the City of Prestonsburg.

12 **Q. In general terms, why is additional revenue needed to support Pikeville's water
13 utility?**

14 A. Several factors have prompted the need for a rate increase. Generally speaking, the costs
15 to operate Pikeville's water system have increased over time. Pikeville's wholesale rates to
16 Mountain Water District were last adjusted in 2009. Over the course of the past ten years, the
17 City has realized increases in operating expenses. Personnel costs, for example, have increased.
18 And one of the most significant causes for increased costs arises from increased regulatory
19 standards, such as the Stage 1 and Stage 2 Disinfectants and Disinfection Byproducts Rules.

20 **Q. What steps did Pikeville take in determining the proposed rate increase to its
21 wholesale customers?**

22 A. Recognizing that Pikeville's wholesale water rate to Mountain Water District had not
23 changed for several years and that the City's operating expenses had increased significantly over

1 that time period, the City retained RateStudies, LLC, to prepare a cost-of-service study based on
2 Pikeville's audited financial statements.

3 **Q. What is the specific proposed wholesale rate increase to Mountain Water District?**

4 A. Pikeville is proposing to increase its wholesale rates from \$1.68 per 1,000 gallons for the
5 first 28,000,000 gallons and \$1.30 per 1,000 gallons for usage over that amount to \$2.30 per
6 1,000 gallons. Pursuant to the contract, Mountain Water is required to purchase 28,000,000
7 gallons of water each month. Pikeville is also seeking to recover reasonable rate case expenses
8 through a rate case expense surcharge, which Pikeville estimates to be \$2,500 per month for 36
9 months.

10 **Q. Has Pikeville recently increased rates to its retail customers?**

11 A. Yes. Pikeville increased its retail rates on February 1, 2019. This was approximately
12 three weeks prior to filing with the Commission the increased rate to Mountain Water District.

13 **Q. Does Pikeville operate other utilities?**

14 A. Yes. Pikeville also provides services for wastewater and natural gas.

15 **Q. Are water rates increased to offset losses in other departments?**

16 A. No. The rates collected for water service are based solely upon the revenues and
17 expenses of the water department and have no relationship to the revenues and expenses of other
18 utilities or departments.

19 **Q. Please describe the contractual requirements Pikeville had prior to increasing rates
20 to Mountain Water District.**

21 A. The 2009 contract between Pikeville and Mountain Water District established the current
22 rate structure of \$1.68 per 1,000 gallons for the first 28,000,000 gallons and \$1.30 per 1,000
23 gallons for usage over that amount. The rate term was extended for a five-year period with

1 automatic renewals from year to year thereafter. In order to increase rates following the five-year
2 period, Pikeville was obligated to notify Mountain Water District of its intent to increase rates
3 six months prior to the end of the five-year term or any annual term thereafter. If Mountain
4 Water District was not agreeable to the rate, it was obligated to send a written objection within
5 60 days after Pikeville's notice. The contract then called for good-faith negotiations. If the
6 parties were unsuccessful at negotiating a rate, Pikeville could file its proposal with this
7 Commission.

8 **Q. Did Pikeville comply with those contractual provisions?**

9 A. Yes. On June 25, 2018, Pikeville issued its notice to Mountain Water District, informing
10 the District that it intended to increase rates. Mountain Water District noted its objection by
11 letter dated July 26, 2018, and the parties began negotiations.

12 During these negotiations, Pikeville provided a copy of the initial cost-of-service study
13 that it commissioned. This study prepared by RateStudies followed the methodology identified
14 in the American Water Works M54 manual.

15 Mountain Water District identified certain concerns about the first cost-of-service study.
16 Mountain Water District suggested that the AWWA's M54 methodology was somehow flawed.
17 Rather than fighting over the reasonableness of rates determined by the M54 methodology,
18 Pikeville requested that RateStudies complete another cost-of-service study based on the Debt
19 Service Coverage methodology commonly used by Commission Staff for its staff reports.
20 Pikeville produced that report to Mountain Water District on February 5, 2019, and continued
21 negotiations. Despite offering to settle on a rate less than what was identified in RateStudies'
22 second study and without imposition of rate case expense surcharge, Mountain refused to agree
23 to the rates.

1 Pikeville extended the minimum 30-day notice period for the effective date of rates filed
2 with the Public Service Commission to over six weeks to enable Mountain Water District to have
3 additional time to review the cost-of-service study. Mountain Water District nevertheless
4 protested the proposed rate by letter filed March 4, 2019. The Commission then established
5 this investigation into the reasonableness of Pikeville's proposed wholesale rate to Mountain
6 Water District.

7 **Q. Do you believe that Pikeville's wholesale rate to Mountain Water is reasonable?**

8 A. Absolutely. The proposed rates are based on known-and-measurable expenses and a
9 reliable cost-of-service methodology.

10 Other water utilities have significantly higher wholesale rates and many of those have
11 increased their rates by a greater percentage over the last ten years. For example, the City of
12 Jackson sells water to Breathitt County Water District at \$3.73 per 1,000 gallons, which is 96.3%
13 more Jackson's rate in June 2009. In contrast, Pikeville's proposed rate of \$2.30 is 36.9% higher
14 than the \$1.68 per 1,000 gallon rate for the first 28 million gallons that Pikeville charged on June
15 1, 2009. Even if Pikeville's effective rate was \$1.60 per 1,000 gallons based on Mountain Water
16 District's average usage for the last 36 months, Pikeville's proposed rate of \$2.30 is 43.8%
17 higher. Both the actual rate and the gravity of the increase over the last ten years is significantly
18 less than the City of Jackson.

19 Pikeville's wholesale water rates are also less than other water suppliers' wholesale
20 rates in eastern Kentucky. The City of Ashland sells water to Cannonsburg Water District at
21 \$2.94 per 1,000 gallons, which is 55.5% more than Ashland's rate in June 2009. The City of
22 Salyersville sells water to Magoffin County Water District at \$2.73 per 1,000 gallons, which is
23 9.2% more than Salyersville's rate in June 2009. The City of Louisa sells water to Big Sandy

1 Water District at \$3.06 per 1,000 gallons, which is 31.9% more than Louisa's rate in June 2009.
2 Letcher County Water and Sewer buys from four different sellers including Knott County Water
3 & Sewer District at a rate of \$3.00 per 1,000 gallons. Mountain Water District's wholesale rates
4 range from \$2.62 to \$4.37 per 1,000 gallons. All these wholesale water rates are higher than
5 Pikeville's proposed rate to Mountain Water District.

6 In addition, Kentucky-American Water Company, who has had regular rate increases for
7 the last ten years, is proposing wholesale rates of \$4.76 per 1,000 gallons in its current rate case
8 pending before the Commission. Kentucky-American's proposed rate is more than two times
9 higher than the wholesale rate proposed by Pikeville. Kentucky-American has also increased the
10 wholesale rates at a faster pace than Pikeville. When Pikeville's current rate became effective on
11 June 1, 2009, Kentucky-American charged wholesale customers \$2.6831 per 1,000 gallons. Its
12 current proposed rate of \$4.76 per 1,000 gallons is 77.4% higher than the rate in effect on June 1,
13 2009. Pikeville's proposed rates and percentage increase are significantly less than those of
14 Kentucky-American.

15 **Q. On what year did Pikeville base its proposed rate?**

16 A. The RateStudies analysis is based on the City's audit for Fiscal Year 2017, which ended
17 on June 30, 2017.

18 **Q. Why is the City using FY 2017 expenses on which to base its rate increase?**

19 A. Pikeville's test year for this rate increase is a product of the contractual process described
20 above. It takes several months after the close of the fiscal year to have an audit complete for that
21 fiscal year. But the water purchase contract with Mountain Water District required a six-month
22 notice prior to a term ending December 31. In order to have rates effective in January 2019, we

1 had to start the process much earlier than when the Fiscal Year 2018 audit would have been
2 complete.

3 **Q. If Pikeville wanted to have rates be effective in January 2019, why did it file rates to**
4 **be effective on April 5, 2019?**

5 A. The rates' proposed effective date of April 5, 2019, was a product of the City's good faith
6 negotiations with Mountain Water District. The City went above-and-beyond its contractual
7 duty in trying to provide information to the District and answer its questions. As a part of this
8 process, the City even requested RateStudies to prepare a second cost-of-service study, in hopes
9 of addressing the Mountain Water District's concerns. Pikeville also provided more than the
10 statutorily required 30 days' notice prior to the April 5 effective date.

11 **Q. Why is Pikeville seeking to recover rate case expenses?**

12 A. This Commission has routinely stated that a utility is entitled to recover reasonable rate
13 case expense that is adequately supported in the record. As Pikeville incurs these expenses for
14 consultants, it should be entitled to recover those expenses from Mountain Water District.

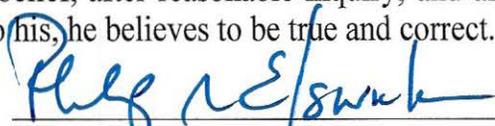

15 Pikeville's proposal to recover these expenses through a 36-month surcharge is consistent
16 with the Commission's typical determination that the expenses be amortized over a three-year
17 period. The surcharge methodology also ensures stability for both seller and buyer. With a
18 surcharge, the seller knows that it will recover its actual rate case expense regardless of whether
19 there is increased or reduced consumption. The buyer knows that there will not be over recovery
20 if the seller does not seek a rate adjustment for years beyond the three-year amortization.

21 **Q. Does this conclude your testimony?**

22 A. Yes, it does.

AFFIDAVIT

The undersigned, Philip Elswick, being duly sworn, deposes and says that he is the City Manager of the City of Pikeville, that he is authorized to submit this testimony on behalf of City of Pikeville, and that the information contained in the testimony is true and accurate to the best of his knowledge, information and belief, after reasonable inquiry, and as to those matters that are based on information provided to him, he believes to be true and correct.

Philip Elswick, Affiant

CASE No. 2019-00080
CITY OF PIKEVILLE WHOLESALE WATER SERVICE RATES
RESPONSES TO COMMISSION'S FIRST INFORMATION REQUESTS

Testimony of Samuel Petty

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION OF KENTUCKY

In the Matter of:

PROPOSED ADJUSTMENT OF THE WHOLESALE)
WATER SERVICE RATES OF THE CITY OF) Case No. 2019-00080
PIKEVILLE TO MOUNTAIN WATER DISTRICT)

TESTIMONY OF SAMUEL R. PETTY

1 **Q. Please state your name and business address.**

2 A. My name is Samuel R. "Buddy" Petty. My business address is 1127 McMahan Dr.
3 South, Gallatin, Tennessee 37066-6184.

4 **Q. By whom are you employed?**

5 A. I am the President of RateStudies, LLC.

6 **Q. Please describe your educational background.**

7 A. I earned Bachelor of Science and Masters of Science degrees in Civil Engineering from
8 the Tennessee Technological University in 1970 and 1972.

9 **Q. Do you hold a professional license?**

10 A. Yes, I am a professional engineer in Tennessee.

11 **Q. Are you affiliated with any professional organizations?**

12 A. Yes, I am a member of the American Society of Civil Engineers, Water Environment
13 Federation, American Water Works Association, and Tennessee Association of Utility Districts.

1 **Q. Please provide a summary of your work experience.**

2 A. I have been involved in the water industry for over 35 years. Prior to establishing
3 RateStudies, LLC, in 2013, I was employed by the engineering firm of Barge, Waggoner,
4 Sumner and Cannon, Inc. (“BWSC”) since 1984. At BWSC, I served in a variety of roles,
5 including Vice President and Water & Wastewater Design Engineer and Project Manager.

6 **Q. Have you provided assistance to clients in developing rates?**

7 A. Yes. At both BWSC and RateStudies, I have provided assistance in developing rates to a
8 variety of utilities. Since establishing RateStudies, I have provided various services for financial
9 analysis to over 20 cities and utility systems.

10 **Q. What is the purpose of your testimony in this proceeding?**

11 A. The purpose of my testimony is to support the proposed wholesale rate of the City of
12 Pikeville for service to Mountain Water District.

13 **Q. Are you sponsoring any Exhibits?**

14 A7. Yes. Attached to my testimony is the cost-of-service study that I prepared and on which
15 the proposed wholesale rate to MWD is based.

16 **Q. Briefly describe your task in developing proposed rates for Pikeville.**

17 A. Pikeville asked me to prepare a comprehensive rate study for the City of Pikeville,
18 Kentucky to determine if its water and wastewater rates are sufficient to meet the demands of
19 increasing operation and maintenance expenses, implementing a reasonable five-year capital
20 improvement plan and meeting the requirements of existing and new debt.

21 Initially, I prepared a study based on the methodology discussed in American Water
22 Works Association Manual M54, *Developing Rates for Small Systems*. When Pikeville
23 presented the results of this study to Mountain Water District (“MWD”), MWD suggested that

1 the methodology articulated in the AWWA Manual M54 would not be accepted by the Kentucky
2 Public Service Commission. Accordingly, Pikeville requested that I prepare another study that is
3 based on the “Debt Service Coverage” methodology that is frequently utilized by the
4 Commission Staff when preparing its Staff Reports.

5 **Q. How did you accomplish your task?**

6 A. As with any rate analysis, I began by determining Pikeville’s revenue requirement, which
7 considers Operation and Maintenance expenses, Debt Service expense, Debt Service Coverage,
8 Depreciation expense, and Other Income. I utilized the audited financials for Fiscal Year 2017
9 to determine this revenue requirement.

10 Pikeville has two water accounts: inside city limits customers and outside city limits
11 customers. All revenue and expenses for the water system are assigned to either of these two
12 groups. The inside city limits customers include all residential, commercial, multi family, and
13 wholesale customers. The MWD study is based on the expenses associated with inside city
14 limits customers because MWD is a wholesale customer.

15 With the assistance of Pikeville and Utilities Management Group (“UMG”), the company
16 that manages the City’s public works including its water system, we allocated Pikeville’s
17 functional costs to the categories of administration, water treatment plant, and distribution. We
18 then classified the functional costs as either fixed or variable. We then allocated the variable
19 operating costs across seven areas of service.

20 **Q. How are costs assigned to determine the revenue requirement from MWD?**

21 A. No fixed costs were assigned to Mountain Water. For operations and infrastructure that
22 are necessary to provide adequate service to MWD, we assigned 50% of costs to MWD because
23 MWD uses approximately 50% of all inside-city water. Expenses identified with distribution

1 lines were allocated 47.5% to MWD because it was estimated that MWD utilized 95% of the
2 water lines inside the city limits. The high estimate was used because MWD has ten master
3 meters ranging in size from 2-inch to 8-inch that practically surround the city limits of Pikeville.
4 They are located North, North East, North West, South, South East, South West and West of the
5 City. UMG, the City's water system operators, stated that almost all the inside water
6 infrastructure is used to serve MWD. Expenses related to water meters were assigned 7% to
7 MWD based on the size of meters serving MWD, as compared to the rest of the inside city
8 customers. No costs associated with service calls or testing were assigned to MWD.

9 **Q. You mentioned that it was estimated that MWD utilized 95% of the water lines**
10 **inside the city limits. Would that percentage change if the revenue requirement was based**
11 **on an inch-mile method?**

12 A. There would be a small change to the revenue requirement if it was based on an inch-mile
13 methodology. After completing the second study related to MWD, we calculated the percentage
14 of inside-city lines that were serving MWD based on an inch-mile methodology. The result of
15 that calculation was that MWD was using approximately 92% of inside-city lines. This
16 percentage is very close to the 95% figure that we estimated in the study. But the revenue
17 requirement would change slightly if using the 92% figure.

18 **Q. What rate did you recommend based on your study?**

19 A. I recommended Pikeville sell water to MWD at a rate of \$2.30 per 1,000 gallons.

20 **Q. Did the revenue requirement that you calculated include any rate case expense?**

21 A. No. I did not factor in rate case expense into my calculations. Pikeville hoped that
22 Mountain Water District would agree to the reasonable rate proposed by Pikeville and, therefore,
23 would not incur significant rate case expense.

1 **Q. Is rate case expense a component that is commonly recovered from customers?**

2 A. Absolutely. It is my understanding that the Commission has frequently stated that utility
3 may properly recover reasonable rate case expenses as a cost of doing business. It is also my
4 understanding that the Commission has allowed rate case expense to be included within the
5 volumetric rate or as a separate surcharge. In this case, Pikeville has requested a separate
6 surcharge. If the estimated rate case expense of \$90,000 was included within the volumetric rate
7 to MWD and amortized over a three-year period, the rate would increase approximately 6.5 cents
8 per 1,000 gallons. This is based on a calculation of \$30,000 (amortized rate case expense)
9 divided by 463,400,000 (MWD's test-year usage).

10 **Q. Does this conclude your testimony?**

11 A. Yes.

AFFIDAVIT

The undersigned, Samuel R. "Buddy" Petty., being duly sworn, deposes and says that he is the President of RateStudies, LLC, that is authorized to submit this testimony on behalf of the City of Pikeville, and that the information contained in the testimony is true and accurate to the best of his knowledge, information and belief, after reasonable inquiry, and as to those matters that are based on information provided to him, he believes to be true and correct.

City of Pikeville, Kentucky

2017 – Mountain Water District – Cost of Service Analysis

Purpose

The purpose of this report is to present a Cost of Service Analysis for the City of Pikeville, Kentucky (City) to determine a fair water rate for the Mountain Water District (MWD).

Current Circumstances

The City provides water to the MWD from the City's water treatment plant and through its extensive water distribution system. In fiscal year (FY) 2017 MWD bought 50% of all water sold to inside customers and provided only 32% of the revenue. Although the City has outside water customers, financial accounting for WMD is included with the inside customers. The City has separate financial accounting for outside customers as well as separate financial accounting for inside sewer customers and outside sewer customers.

It has been eleven years since the water rates for MWD has been increased.

MWD has ten master meters, identified in **Figure 1** and surrounds the City as shown in **Figure 2**. There is one master meter North of the City, two East of the City, two West of the City and five South of the City. The highlighted water lines in green are used by the City to provide adequate service to the MWD master meters.

MWD Master Meters		
ID Number	Name	Meter Size
#1	Cowpen	6 Inch
#2	Town Mountain	8 Inch
#3	Hurricane Creek (Cedar Gap)	4 Inch
#4	Chloe Road	4 Inch
#5	Hoopwood Hollow	2 Inch
#6	Island Creek Mobile Home Park	2 Inch
#7	Coon Branch	2 Inch
#8	Island Creek	4 Inch
#9	South Mayo Trail (Indian Hills)	4 Inch
#10	Smiley Fork	4 inch

Figure 1

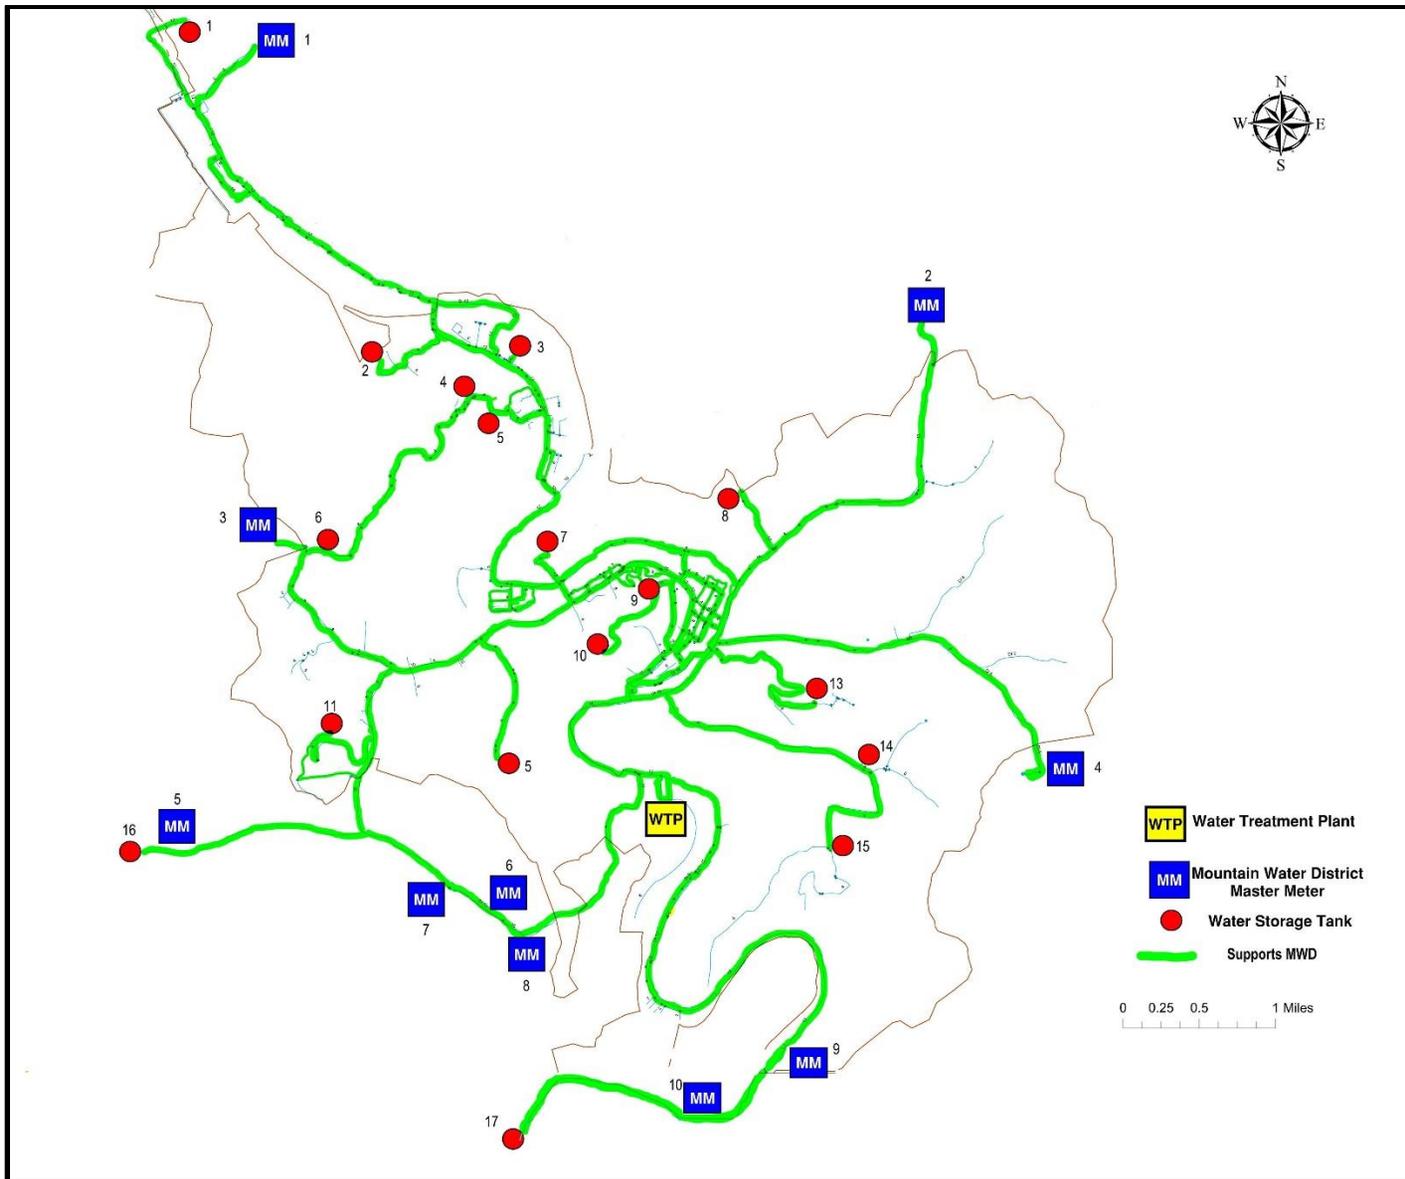

Figure 2

Cost of Service Analysis

A Cost of Service Analysis is a method used to fairly distribute cost based on the level of service provided. The City does not distinguish between classes of customers such as residential, commercial or industrial. All these customers pay the same rate for water service. MWD, however, pays a different rate. This analysis will determine an updated water rate for MWD.

Methodology

The methodology for the Cost of Service Analysis is as follows: (1) determination of revenue requirements; (2) allocation of cost to the functional components of the Cost of Service; (3) distribution of the functional Cost of Service; and (4) calculation of a rate to recover revenue requirements.

This analysis for the City does not include peak day or peak hour demands. The City does not have adequate data for such determination. A “return on equity” or a “risk premium” is also not included in this analysis.

(1) Revenue Requirement

The revenue requirement is the total amount of cash needed for the inside water system to operate for a specific year. The year selected for this report is FY 2017 because of the available City financial reports. The “Debt Service Coverage” method is used in determining the revenue requirements. Components of the revenue requirement include:

- (a) Operation and Maintenance
- (b) Debt Service
- (c) Debt Service Coverage
- (d) Depreciation
- (e) Other Income

(a) Operation and Maintenance

The City maintains comprehensive annual financial records that include revenue, other income, and expenses. There is a total of twenty-six expense items, but none are allocated to the functional cost of service. For the purpose of this report, the expenses are allocated to three main categories: Administration, Water Treatment Plant, and Distribution. Staff from the City and Utility Management Group (UMG) assisted in the collection of data, and the allocation of cost to the categories of administration, water treatment plant and distribution. A percentage of cost for each line item was determined and allocated to each category, then for each category, a percentage of the cost was determined to be either fixed for a variable. **Figure 3** shows how the total cost of each category was determined.

Inside Water Operating & Maintenance Expense - 2017																				
2017	Total					Administration					Water Treatment Plant					Distribution				
	Cost	Admin	WTP	Dist.		Cost	Fixed	Variable	Fixed	Variable	Cost	Fixed	Variable	Fixed	Variable	Cost	Fixed	Variable	Fixed	Variable

2019	231,400	83,357	314,757

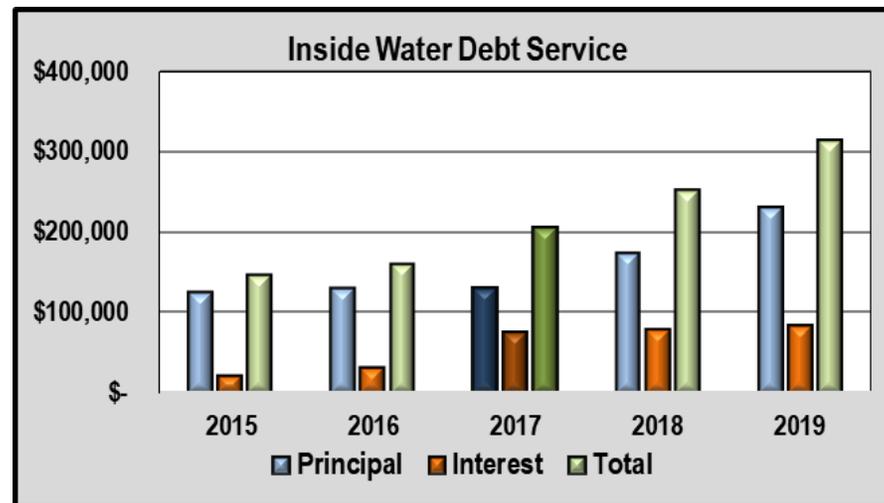

Figure 4

(c) Debt Service Coverage

The Debt Service Coverage, or DSC, is a measure of the cash flow available to pay current debt obligations. The coverage is the net operation income as a multiple of debt obligations due within one year, including interest and principal payments. A debt service coverage ratio is the ratio of the amount of cash available (income minus expenses) and the amount of combined interest and principal for the outstanding bonds. The DSC provides a useful indicator of financial strength. A low DSC could have a negative impact on the City's bond rating. The City's bond covenants state that the rates and charges shall be adequate to produce net revenues equal to at least 120% of the maximum annual debt service required for any fiscal year. The 120% is generally stated as a ratio of 1.20.

(d) Depreciation

Depreciation is defined as a reduction in the value of an asset with the passage of time, due to wear and tear. Although depreciation is listed as an expense, it is not paid out to anyone. Funding depreciation allows the City to accumulate cash for financing the replacement of depreciated assets. The City's inside water system depreciation is separated into four functionalities of operation; water treatment plant, water lines, booster stations, and water storage tanks.

(e) Other Income

Other income is a combination of fees, such as tap fees, penalties and other miscellaneous fees collected by the City. Generally, these fees are not directly related to the production and distribution of water.

Fixed and Variable Costs

There are two components of the City's water rate structure: a fixed cost and a variable cost. Fixed costs are those cost unrelated to the treatment and distribution of water. Variable costs are those associated directly or indirectly with the treatment and distribution of water. The fixed costs are generally used to determine a base amount to be used in the calculation of a minimum bill. The variable costs are used to determine a unit rate or a cost per 1,000 gallons. It is the variable rate for MWD that is to be determined by the Cost of Service Analysis.

Figure 5 shows the inside water revenue requirement.

Inside Water Revenue Requirement - 2017					
	<u>Cost</u>		<u>Fixed</u>		<u>Variable</u>
<u>Operation & Maintenance</u>					
Administration	\$131,285	100%	\$131,285	0%	\$0

Total Depreciation	\$414,224				\$414,224
Other Income	(\$252,335)	100%	(\$252,335)	0%	\$0
Revenue Requirement	\$2,443,592		\$24,970		\$2,418,622

Figure 5

(2) Cost Allocation

The allocation of the variable operating cost is shown in **Figure 6**. The distribution system is broken down into seven areas of service. Allocation of these costs is calculated by applying percentages as determined by the City's staff and UMG staff. The percentages were then multiplied by the total cost to determine the amount allocated to each service.

Percentages of Cost Allocation - 2017 for Variable Operating Costs										
	Water Treatment	Booster Stations	Line Maint.	Tanks	Service Calls	Meters	Leak Detection	Testing	Total	
Water Treatment Plant	100%	0%	0%	0%	0%	0%	0%	0%	100%	
Distribution System	0%	20%	40%	5%	15%	5%	10%	5%	100%	
Cost Allocation - 2017 for Variable Operating Costs										
	Water Treatment	Booster Stations	Line Maint.	Tanks	Service Calls	Meters	Leak Detection	Testing	Total	Percent
Water Treatment Plant	\$ 727,948	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 727,948	41%
Distribution System	\$ -	\$ 205,729	\$ 411,458	\$ 51,432	\$ 154,297	\$ 51,432	\$ 102,864	\$ 51,432	\$ 1,028,645	59%
Total	\$ 727,948	\$ 205,729	\$ 411,458	\$ 51,432	\$ 154,297	\$ 51,432	\$ 102,864	\$ 51,432	\$ 1,756,593	100%

Figure 6

(3) Cost Distribution

MWD relies on the City's water treatment plant and City's complex distribution system for water service. The distribution of cost to MWD is generally based on the percentage of usage or demand by MWD. **Figure 7** shows the percentage of water sold to MWD and the percentage of revenue collected from MWD.

Inside Water Sold - 2017			Inside Water Revenue - 2017		
	Million Gallons	% of Total		Revenue	% of Total
MWD	463	50%	MWD	\$729,785	32%
Other Inside City	467	50%	Other Inside City	\$1,526,553	68%
Total Inside Sold	930	100%	Total Inside Revenue	\$2,256,339	100%

Figure 7

Figure 8 shows all the variable components of revenue requirement including water treatment, various distribution services, depreciation, debt, and DSC. A percentage of use is applied to each one of these to determine a cost for each component along with a unit cost per 1,000 gallons.

The water treatment plant, booster stations, and tanks are assigned a 50% usage by MWD because all the treatment plant, booster stations, and tanks are used to provide adequate service to MWD. All the City's water lines are not needed to serve MWD, however, most of it is as shown in **Figure 2**. The City's largest water demand is in the central part of the city which is relatively close to the water treatment plant. MWD's highest demands are much farther away from the water treatment plant and use a higher percentage of large diameter water lines such as 10-inch, 12-inch, and 16-inch. Based on **Figure 2**, it is estimated that 95% of City's water lines are used MWD. With MWD using 50% of the water sold to all inside customer, their percentage of cost for all services involving water lines would be 95% times 50%, or 48%. MWD should not pay for service calls or water quality testing, therefore the percentage of these services is 0%. The percentage of the cost of servicing meters is 7% based on the size of MWD's meters compared to all inside water meters.

Cost Distribution 2017 for Variable Costs															
	Water Treatment	Booster Stations	Line Main.	Tanks	Service Calls	Meters	Leak Detection	Testing	Deprec. WTP	Deprec. Lines	Deprec. Pump Sta	Deprec. Tanks	Debt	DSC	Total

INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
City of Pikeville, Kentucky

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Pikeville, Kentucky's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5-11 and 56-64 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pikeville, Kentucky's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2016, on our consideration of the City of Pikeville, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Pikeville, Kentucky's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis
June 30, 2016

Our discussion and analysis of the City of Pikeville's financial performance provides an overview of the city's financial activities for the fiscal year ending June 30, 2016. Please review in conjunction with the transmittal letter and the city's financial statements.

REVIEWING THE ANNUAL REPORT

The annual report covers multiple financial statements. The Statement of Net Position and the Statement of Activities supply data about the activities of the city as a whole and provide information regarding the city's finances. For government activities, these statements provide long-term and short-term information about the city's overall status. Financial reporting is similar to that found in the private sector with its basis in full accrual accounting. Fund financial statements show city operations in more detail than government-wide statements, as they provide information about the city's most important funds.

FINANCIAL HIGHLIGHTS

Due to this year's operations, the city's Net Position is as follows: Net Position of business-type activities was \$27,843,116 and Net Position of governmental activities was \$65,178,831.

- The current year's expense total was \$16,092,336 as compared to the \$19,656,207 generated in fees and charges, grants, general revenues, and taxes for governmental programs (before extraordinary items). In the previous year, expenses were \$16,204,123 as compared to the \$22,586,306 generated in tax and other revenues for governmental programs (before extraordinary items).
- For business-type activities, city revenues were \$7,858,225. Expenses were \$7,817,881. In the previous year, city revenues were \$8,356,795. Expenses were \$8,466,857.
- The annual cost of all city programs was \$23,910,217. The previous year's cost was \$24,670,980.

THE CITY AS A WHOLE ANALYSIS

Because the Statement of Net Position and the Statement of Activities provide facts about the city as a whole, the statements can help determine if a city's financial condition has improved or deteriorated as a result of the year's activities. All assets and liabilities are included in the statements using the accrual basis of accounting. The accrual method is comparable to the accounting used by most private corporations. All current year revenues and expenses are included. It does not matter when cash is paid or received.

These statements give an account of the city's Net Position and any changes in those assets. However, to truly judge the condition of the city, some non-financial factors, such as diversification of the taxpayer base or the condition of the city's infrastructure, must be considered in addition to the financial information provided in this report.

The Statement of Net Position and the Statement of Activities divide the city into two types of activities:

- 1) Governmental activities: The city's basic services are accounted for in this section, including the police, fire, public works, parks departments and general administration. Property taxes, franchise fees, and state and federal grants finance the majority of these activities.
- 2) Business-type activities: These activities are reported in the fund financial statements and generally report services for which the city charges customers a fee. There are two kinds of Business-type activities. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as Business-type activities in the government-wide statements. Services are provided to customers external to the city organization such as water utilities. Internal service funds provide services and charge fees to customers within the city organization such as fleet services (maintenance and repair of vehicles) and the print shop (mail and printing services for city departments). Because the city's internal service funds primarily serve governmental functions, they are included within the Governmental activities of the government-wide financial statements.

Management's Discussion and Analysis
June 30, 2016

DETAILING THE MOST IMPORTANT FUNDS

The fund financial statements provide detailed information about the most important funds of the city. Certain funds are mandated by State law and by bond agreements. Other funds are established to manage money, meet legal requirements or for certain taxes or grants.

- Government funds: Basic services are reported in government funds. Government fund financial statements detail how money flows in and out of the funds and reports the balances at year-end that are on hand for disbursement. Government funds are reported using an accounting method called modified accrual accounting. This method measures cash and financial assets that can easily be converted to cash. The governmental fund accountability focuses on the use of spendable resources during the year and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the next term.

Budgetary comparison statements are included in the basic financial statements for the general fund and major revenue fund. These statements and schedules demonstrate compliance within the city adopted and final revised budget.

- Proprietary funds: Proprietary funds are those in which the city charges for services it provides, both to city units and outside customers. Proprietary funds are reported in the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position. The city's enterprise funds, a component of proprietary funds, are the same as the business-type activities we report in the government-wide statements, but they give more detailed information such as cash flow. Another component of proprietary funds are internal service funds. Internal service funds cover activities that provide supplies and services for city programs.

CITY SERVING AS TRUSTEE

Due to trust arrangements, the city is often accountable for assets that can only be used for trust beneficiaries. All of these trustee proceedings are detailed in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position, if required. Because the city cannot use these assets to finance its operations, these activities are not included in other financial statements. However, the city must be certain the assets detailed in these funds are used for their intended purposes.

NOTES TO FINANCIAL STATEMENTS

The notes provide additional information that is necessary for a full understanding of the data provided in the accompanying financial statements.

OTHER INFORMATION

In addition to the financial statements and notes, this report contains supplementary information and details of the accompanying financial statements.

CITY AS A WHOLE

The city's combined Net Position from the previous year was \$86,930,366 as compared to \$93,021,947 this year. However, Net Position and expenses from governmental and business-type activities must be reviewed separately. Table 1 focuses on the Net Position and Table 2 focuses on changes in the Net Position of the city's governmental and business-type activities.

The city's Net Position for governmental activities were \$65,178,831 this year as compared to \$61,277,727 last year. Unrestricted Net Position was \$7,940,328 last year as compared to \$8,311,275 this year. Unrestricted Net Position are those that can be used to finance every-day operations without restrictions set by legislation, debt covenants, or other legal regulations.

The Net Position of the city's business-type activities was \$27,843,116 this year as compared to 25,652,639 last year.

Management's Discussion and Analysis
June 30, 2016

City revenues (excluding extraordinary items) for the current year were \$27,514,432 as compared to \$32,640,364 in the previous year. The total yearly cost of all programs and services was \$23,857,684 as compared to \$24,670,980 in the previous year.

Management's Discussion and Analysis
June 30, 2016

GOVERNMENTAL ACTIVITIES

This year's governmental activities revenues were \$19,668,974 as compared to \$23,592,066 last year. The year's governmental activities cost was \$16,105,103 as compared to \$16,204,123 in the previous year.

Table 3 details the cost of the city's major programs as well as each program's net cost (total cost less revenues generated by the program). The net cost indicates the financial burden that was shifted to the city's taxpayers by each of these programs.

Table 3
Governmental Activities

	Total Cost of Services	
	<u>Current Year</u>	<u>Previous Year</u>
Police Department	2,443,354	2,138,904
Fire Department	2,669,825	2,356,375

Education	0	0
Parks and Recreation	860,000	866,059
All others	<u>10,119,157</u>	<u>10,842,785</u>
Totals	<u>16,092,336</u>	<u>16,204,123</u>

BUSINESS-TYPE ACTIVITIES

This year's Business-type activities revenues (see Table 2) were \$10,349,125 as compared to \$9,048,298 last year. This year's expenses were \$7,817,881 as compared to \$8,466,857 in the previous year.

GENERAL FUND BUDGETARY STATEMENTS

The City Council revisits the budget several times during the year. The current year's budgets focus on general funds, major funds and on availability of fund resources.

CITY FUNDS

At year end the city reported a government net position (see Table 1) of \$93,021,947 as compared to \$86,930,366 in the previous year.

Management's Discussion and Analysis
June 30, 2016

CAPITAL ASSETS
Table 4
Capital Assets at Year-End
(Net of Depreciation)

Totals	60,702,634	57,543,532	29,516,159	25,078,810	90,218,793	82,622,342

At the close of the year, the city had invested \$90,218,793 in capital assets such as land, buildings and improvements, equipment or infrastructure (see Table 4). \$82,622,342 was invested in similar assets last year.

The current year's chief capital asset additions included:

- Marion Branch Road / Bridge
- Sewer Plant Improvements
- Vehicles for various departments.

Table 5
Outstanding Debt at Year-End

	Governmental Activities		Business-type Activities		Totals	
	Current Year	Previous Year	Current Year	Previous Year	Current Year	Previous Year
General obligation bonds (backed by the city)	2,740,000	2,980,000	1,918,324	2,079,554	4,658,324	5,059,554
Revenue bonds and notes (backed by specific tax and fee revenues)	0	0	6,280,000	3,172,000	6,280,000	3,172,000

Totals	3,882,580	4,255,270	8,546,324	5,659,224	12,428,904	9,914,494

DEBT MANAGEMENT

At the close of the year, the city had \$12,428,904 in outstanding bonds and notes as compared to \$9,914,494 in the previous year (see table 5).

Management's Discussion and Analysis
June 30, 2016

GASB 68 IMPLEMENTATION

The implementation of GASB 68 "Accounting and Financial Reporting for Pensions" resulted in an addition to liabilities of \$6,127,932, deferred inflows of \$634,153 and to expenses in the Statement of Activities of \$480,905.

These were allocated to the government activities

Table 6

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Pikeville was established by Charter on June 5th 1893.

The City of Pikeville, Kentucky (City) operates under a Council-Manager form of government with four commissioners and a mayor. The mayor serves a four year term and the commissioners serve a two year term.

The City provides the following services as authorized by its charter: public safety (police and fire), highway and streets, water, sewer, gas, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the City of Pikeville, Kentucky have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for government accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced.

The more significant of the City's accounting policies are described below.

1 – Related Organizations

The accounts of the related entities listed below are not included because these entities are autonomous agencies operating independently from the City. Their elected or appointed board contracts independently for audits of their financial statements.

Pikeville Housing Authority
Industrial Development & Economic Authority (IDEA)
Hillbilly Days Board
Pikeville/Pike County Museum Board

Pikeville Scholar House
Pikeville Pike County Airport Board
East Kentucky Exposition Center Corporation
Pikeville/Pike County/Elkhorn City Joint Planning Commission
Pike TV, Inc.

2. Committees appointed by the Commissioners

Pikeville Technical Advisory Committee
Pikeville Board of Ethics
Pikeville Historical Preservation Board

Pikeville Board of Zoning Adjustments
Pikeville Tree Board
Pikeville Vacant Property Review Board

3 – Government-Wide and Fund Financial Statements

a) Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary activities. The primary governments are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3 – Government-Wide and Fund Financial Statements (concluded)

b) Fund Financial Statements

Fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

4. Measurement Focus, Basis of Accounting, and financial statement Presentation

The financial statements of the City are prepared in accordance with generally accepted accounting principles (GAAP). The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The City's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments. Reimbursements are reported as reductions to expenses. Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: property taxes, franchise taxes (fees), environmental fines and grants. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed. Likewise, fund balances that are committed or assigned would be used first for their approved purposes and unassigned fund balances would be used as needed.

5 - Fund Types and Major Funds

The City reports the following major funds:

a) Governmental Funds

General Fund - the General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Projects Control - is used to account for the construction of major capital facilities (other than those financed by proprietary funds). Principal sources of revenue are grants, City funding, and municipal long-term debt proceeds and interest income.

Debt Service Fund Types – accounts for funds used to pay debt service costs. Principal sources of revenue are City funding and interest income.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5 - Fund Types and Major Funds (Concluded)

b) Proprietary Funds

The City reports the following major enterprise funds:

Water – accounts for the operating activities of the City’s water utilities service.

Sewer – accounts for the operating activities of the City’s sewer utilities service.

Gas – accounts for the operating activities of the City’s natural gas utilities service.

Sanitation – accounts for the operating activities of the City’s garbage collection service.

Outside Water – accounts for the operating activities of the City’s water utilities service to customers who are located outside the city limits.

Outside Sewer – accounts for the operating activities of the City’s sewer utilities service to customers who are located outside the city limits.

c) Other Fund Types

The City also reports the following fund type:

Agency – report fiduciary resources held by the City in a custodial capacity as an agent on behalf of others. The City’s agency fund is used to account for various deposits.

6 – Component Units

In accordance with GASB Statements No. 14, *The Financial Reporting Entity* and No. 39, *Determining Whether Certain Organizations Are Component Units*, as amended, the City has included in its financial statements the departments the primary government along with its discretely presented Component Unit.

The Component Unit column in the government-wide financial statements includes the financial data of the City’s discretely presented component unit. It is reported in a separate column to emphasize that they are legally separate from the City. The following Component Unit is included in the reporting entity because the primary government is financially accountable for and is able to impose its will on the organization.

- a. The discretely presented component unit has a June 30 fiscal year end.

SMG Food and Beverage, LLC is a legally separate entity that operates the East Kentucky Exposition Center (Expo Center). It is shown as a discretely presented component unit because

- i. City is under contract with the Eastern Kentucky Exposition Center Corporation Board to operate it,
- ii. City enacted a restaurant tax to support the Expo Center,
- iii. The Expo Center receives oversight from the City of Pikeville Commission.

The complete financials of the SMG Food and Beverage, LLC can be requested.

- b. The blended component unit has a June 30 fiscal year end.

The Pikeville Main Street Program, Inc. is a not for profit corporation with the mission is to revitalize the Pikeville City Business District by utilizing a comprehensive strategy which includes organization, promotion, design, and economic restructuring, within the context of historic preservation.

- i. The City pays the salary of the director.
- ii. The City provides office space.
- iii. The Board of directors is partially appointed by the City Commission.
- iv. The entity is financially dependent on the City.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7 - Fixed Assets

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Proprietary capital assets are also reported in their respective fund financial statements. Donated assets are stated at fair value on the date donated. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

The City has complied with GASB 34 and included certain infrastructure assets in the government-wide financial statements. A listing of streets and their respective length, in feet, were provided by the city engineer with an estimated replacement cost per foot. The weighted-average age of the streets were used to determine the date in which to book the streets. The replacement cost per foot was discounted back to that date and applied to the Accumulated depreciation was calculated from that date to adoption. Also, the City's bridges were booked using same method on a "per square foot" basis.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increase (revenues) and decrease (expenses) in net total assets.

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight line method. The estimated useful lives are as follows:

Utility plant	40 years
Machinery and Equipment	5-10 years

8 - Budgets and Budgetary Accounting

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) In accordance with the City Charter, prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year, along with actual for the current year and prior year budget. The City Charter requires that the budget be submitted in summary form. In addition, more detailed line item budgets are included for administrative control. The level of control for the detailed budgets is at the department head/function level.
- b) Public hearings are conducted to obtain taxpayer comment.
- c) Prior to June 30, the budget is to be legally enacted through passage of an ordinance.
- d) Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund, and Enterprise Funds.
- e) Budgets for the General, Debt Service, Special Revenue Funds, and Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- f) Appropriations lapse at the end of each fiscal year.
- g) The City Council may authorize supplemental appropriations during the year.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9 - Investments Policy

With prior approval of the Mayor and City Commission the Finance Director may invest in obligations of the United States and its agencies and instrumentality.

Without prior approval of the Mayor and City Commission the Finance Director may invest in certificates of deposit issued by or other-interest bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation or similar entity or which are collateralized, to the extent uninsured, by any obligations permitted by section 41.240(4) of the Kentucky Revised Statutes.

For the current fiscal year the City invested only in certificates of deposit and savings accounts. Investments are stated at cost or amortized cost approximates market.

10 - Restricted Assets

These assets consist of cash and short-term investments restricted for debt service.

11 - Reserves

The City is required by loan agreements to maintain reserves. The City records reserves to indicate that a portion of the retained earnings and fund balance is legally segregated for a specific future use. Following is a description of each reserve used by the City and a list of all reserves:

Reserve for Debt Service - An account used to segregate a portion of fund balance for debt service resources restricted to accumulate to the maximum amount of principal and interest that will become due in any subsequent twelve-month period per the bond covenants.

Reserve for Operation and Maintenance - An account used to segregate a portion of fund balance restricted for operating and maintaining the system. The reserve reflects amounts accumulated to a balance specified in the bond covenant.

Reserve for Sinking Fund - An account used to segregate a portion of fund balance for debt service resources restricted to the payment of long-term debt principal and interest amounts maturing in future years when sufficient amounts are not reserved in bond debt service accounts.

Reserve for depreciation - An account used to segregate a portion of fund balance for amortization of capital expenditures as required per bond covenant.

Reserve for Prior Sinking Fund - Per Bond ordinance for "City of Pikeville Water and Sewer System Revenue Bonds, Series 2007." Amount transferred from the revenue fund and deposited as required by prior bond ordinance.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

12 - Revenue Recognition - Property Taxes

The City's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for both real and personal property located in the City. The City adopts the county assessment of property situated within the city limits, for both real and personal property. The assessed value of the roll, upon which the levy for 2015 fiscal year was based, was \$471,555,350 real and \$91,289,817 tangible.

The tax rates assessed for the year ended June 30, 2016 were \$.150 per \$100 valuation for real estate and \$.150 per \$100 valuation for tangible personal property.

Taxes are due on November 1 and become delinquent by February 1 following the October 1 levy date. Current tax collections for the year ended June 30, 2016 were 97.803% of the tax levy. Property taxes on vehicles are assessed at January 1, and are billed when the vehicle is licensed. These funds are collected by the Pike County Court Clerk and remitted to the City. These amounts were not used in computing the above percentage.

All property tax revenues are recognized and recorded when they become measurable and available. Available means due, or past due and receivable within the current period and collected no longer than sixty days after the close of the current period.

Property taxes receivable as of June 30, 2016 and 2015 are composed of the following:

<u>Year of Levy</u>	<u>2016 Amount</u>	<u>2015 Amount</u>
2015	\$ 18,116	\$ 0

14 - Compensated Absences

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is entitled to receive accrued vacation but not accrued sick leave. Accumulated vacation pay at June 30, 2016 and 2015, respectively was \$102,714 and \$112,978.

15 - Statement of Cash Flows

For purposes of the Statement of Cash Flows; the Gas Fund, Water and Sewer Fund, and the Sanitation Fund; all highly liquid investments (including restricted assets) were considered to be cash equivalents. Highly liquid investments are defined as investments that (a) are readily convertible to known amounts of cash and/or (b) are near to their maturity that they present insignificant risk of changes in value because of changes in interest rates.

16 - Utility Deposits

The City requires a deposit be made before services will be provided for those customers who are tenants. Those deposits are for gas (\$75.00) and water (\$25.00). When the customer has services disconnected the deposit plus interest accrued is applied to their last bill and the remainder being refunded. Interest is accrued at the rate of 6.0 % per annually.

17 - Prepaid Expenses

Certain payments to vendors reflects costs or deposits applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

18 - Long-term Debt and Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the bonds using the outstanding interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources or other financing uses, respectively, and issuance costs are reported as debt service expenditures.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

19 - Fund Balances

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed – includes amounts that can only be used for specific purposes. Committed fund balance is classified, rescinded or modified pursuant to ordinances passed by City Commission, City's highest level of decision making authority.
- Assigned – includes amounts that City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Amounts may be assigned by the Finance Director under the authorization of the Mayor's Office.
- Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. City reports all amounts that meet the unrestricted General Fund Balance Policy as unassigned.

20 - Date of Managements Review

Subsequent events were evaluated through November 30, 2016, which is the date the financial statements were available for review.

NOTE B – DEFERRED OUTFLOW OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

In June of 2011, GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The statement provides financial reporting guidance for deferred outflows of resources, which are consumptions of net position by the government that is applicable to a future reporting period and deferred inflows of resources which are acquisitions of net position by the government that is applicable to a future reporting period.

Statement No. 63 amends the net asset reporting requirements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The adoption of Statement No. 63 resulted in a change in the presentation of the *Statement of Net Assets* to what is now referred to as the *Statement of Net Position* and the term "net assets" is changed to "net position" throughout the financial statements. Statement No. 63 also amends the reporting of the "net investment in capital assets" component of net position. This component consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are now required to be included in this component of net position.

In March of 2012, GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. The Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE G - COMMITMENTS AND CONTINGENCIES

LITIGATION - Various claims and lawsuits are pending against the City. In the opinion of the City attorney, the potential loss on all claims will not be significant to the City's Financial Statements.

FEDERAL GRANT PROGRAMS - In the course of operations, the City receives grant funds from various federal and state government agencies to be used for designated purpose only. The grant programs are subject to audit by agents of the granting authorities, the purpose of which is to ensure compliance with conditions surrounding the granting of funds. If a grantor's review indicates that the funds have not been used for the intended purpose, the grantor may request a refund of monies advanced or refuse to reimburse the City for its expenditures. In management's opinion, any liability for any refunds or reimbursements which may arise as a result of audits of grant funds would not have a material impact on the financial position of the City. Continuation of the City's grant programs is predicated upon the grantor's satisfaction that the funds provided are being spent as intended and the grantor's intent to continue their programs.

Construction Commitments - The City has active construction projects as of June 30, 2016 and have committed to other projects that will begin in fiscal year end June 30, 2016.

NOTE H - MANAGEMENT CONTRACT

The City contracted with the UMG to manage the Street, Parks, Water and Sewer, Gas, and Garbage departments of the City. The contract went into effect on December 2006.

UMG is paid a monthly fee and in turn they pay certain expenses relating to the operation of the above departments.

The City bills and collects all utility charges and related fees.

NOTE I - HELLIER MANOR APARTMENTS, LTD (HDG GRANT)

In 1984 the City received a Housing Development Grant (HDG) from the U. S. Department of Housing and Urban Development in the amount of \$1,430,002. The City loaned the grant proceeds to Hellier Manor Apartments, Ltd. (HMA) who used the funds, in addition to bond proceeds, to construct the Ridge Cliff Apartments.

These funds are to be repaid over a twenty-year period that will commence when the bonds are paid and is to be paid from profits in excess of a 10% return on investment.

Due to the length of time between the origination of the loan and the commencement of payment, and the possibility of unforeseen conditions, the likelihood of collection is such that it cannot be predicted, thus this loan receivable is not recorded.

The City has filed suit in this case.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE J - RETIREMENT PLAN

KENTUCKY RETIREMENT SYSTEM - County Employees Retirement System (CERS)

Plan descriptions: All employees are covered under the County Employees' Retirement System (CERS). CERS is a cost sharing, multi-employer, defined benefit, and public employers' retirement system administered by the Kentucky Retirement Systems. The plan covers substantially all regular fulltime members employed in non-hazardous and hazardous duty positions of each county, city and any additional eligible local agencies electing to participate in the plan. The plan provides for retirement, disability and death benefits to plan members.

CERS operates on a fiscal year ending on June 30 and issues a publicly available financial report included in the Kentucky Retirement Systems Annual Report that includes financial statements and the required supplementary information for CERS. That report may be obtained by writing to Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky, 40601, or by calling (502) 564-4646 or at <https://kvret.ky.gov>.

Benefits provided: Benefits under the plan will vary based on final compensation, years of service and other factors as fully described in the plan documents.

The benefits of all vested members are based on years of service and final compensation. Annual benefits are computed based on 2.2% of Final Compensation multiplied by Years of Service as defined under the plan. The Plan provides for benefits upon early retirement based on the number of years of service and age. Additional details can be found in the Plan.

Tier 1: Nonhazardous: This tier is for members who began participation on or before December 31, 2009. Retirement benefits are based upon a 5-High Final Compensation. When Final Compensation is based on the 5-High, it must include at least 48 months and a minimum of five fiscal years. The years used do not have to be full (12 month) years.

Tier 2: Nonhazardous: This tier is for members who began participation on or after January 1, 2010. Retirement benefits are based upon your last 5 years' salaries. When Final Compensation is based on the last five salaries, it must include 60 months - the years used must be full (12 month) years.

Tier 3: Cash Balance Plan: This new benefit tier is for members who began participation on or after January 1, 2014. A Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. A Cash Balance Plan resembles a defined contribution plan because it determines the value of benefits for each participant based on individual accounts. However, the assets of the plan remain in a single investment pool like a traditional defined benefit plan. A Cash Balance Plan resembles a defined benefit plan since it uses a specific formula to determine benefits. The Hybrid Cash Balance plan was established as part of Senate Bill 2, which was enacted by the Kentucky General Assembly during its 2013 Regular Session.

For hazardous members, final compensation is the average of the three fiscal years during which the member had the highest average monthly salary. A hazardous member must have a minimum of 24 months in the final compensation. If the three fiscal years with highest earnings contain fewer than 24 months, additional fiscal years will be added to the calculation.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2016

NOTE J - RETIREMENT PLAN (Continued)

Contributions: Employers contribute at the rate determined by the Board of Trustees, of the Kentucky Retirement Systems, to be necessary for the actuarial soundness of the systems as required by KRS 61.565. The employer rate is reviewed annually following the valuation by a consulting actuary. *Employer contributions are not deposited to member accounts.* Employer contributions are deposited to the Retirement Allowance Account and are used to pay monthly benefits and the expenses of the systems. Funding for this Plan is provided through payroll withholdings from the employee's total compensation subject to contribution. All required contributions were made. Covered wages and contribution percentages and amounts of contributions required for CERS are shown on the previous page.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the pensions' funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among the plans and employers.

CERS does not make separate measurements of assets and pension benefit obligation for individual employers. As the City is only one of several employers participating in the Plan, it is not practicable to determine the City's portion of the unfunded past service cost or the vested benefits of the City's portion of the Plan assets.

At June 30, 2016, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2015. An expected total pension liability as of June 30, 2015 was determined using standard roll-forward techniques. The City's proportion of the net pension liability was based on contributions to CERS during the fiscal year ended June 30, 2015. At June 30, 2015, the City's proportion was 0.075184% non-hazardous and 0.318219% hazardous.

For the year ended June 30, 2016, the City recognized pension expense of \$869,877. At June 30, 2016, the City reported deferred outflows of resources for City contributions subsequent to the measurement date of \$845,267, plus deferred outflows of resources related to pensions from the net difference between projected and actual earnings on pension plan investments in the amount of \$1,053,943 totaling \$1,795,928 and deferred inflows of resources related to pensions from the net difference between projected and actual earnings on pension plan investments in the amount of \$0.

City contributions subsequent to the measurement date of \$845,267 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to CERS will be recognized in pension expense as shown:

Covered Payroll and Contribution Data					
Year	Rate – Non-hazardous		Amount

	<u>\$ 1,053,943</u>

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2016

NOTE J - RETIREMENT PLAN (Continued)

Actuarial Methods and Assumptions: The total pension liability for CERS was determined by applying procedures to the actuarial valuation as of June 30, 2015. The financial reporting actuarial valuation as of June 30, 2015, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2015
Experience Study	July 1, 2008- June 30, 2013
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	28 years
Asset Valuation Method	5-year smoothed market
Inflation	3.25%
Salary Increase	4.00%, average, including inflation
Investment Rate of Return	7.50%, net of pension plan investment expense, including inflation

The rates of mortality for the period after service retirement are according to the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back 1 year for females) for all healthy retired members and beneficiaries. The RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back 4 years for males) is used for the period after disability retirement. These assumptions are used to measure the probabilities of each benefit payment being made after retirement. These assumptions contain margin for mortality improvements.

Several factors are considered in evaluating the long-term rate of return assumption including long term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense, and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by KTRS's investment consultant, are summarized in the table Asset Class:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Combined Equity	44.00%	5.40%
Combined Fixed Income	19.00%	1.50%
Real Return (Diversified Inflation Strategies)	10.00%	3.50%
Real Estate	5.00%	4.50%
Absolute Return (Diversified Hedge Funds)	10.00%	4.25%
Private Equity	10.00%	8.50%
Cash Equilavent	2.00%	-25.00%
	<u>100.00%</u>	

Discount Rate: The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment return of 7.50%. The long-term assumed investment rate of return was applied to all periods of projected of benefit payments to determine the total pension liability.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2016

NOTE J - RETIREMENT PLAN (concluded)

The Schedule of Deferred Inflows and Outflows, and Pension Expense include only certain categories of deferred outflows of resources and deferred inflows of resources. These include differences between expected and actual experience, changes of assumptions and differences between projected and actual earnings on plan investments. The Schedule does not include deferred outflows/inflows of resources for changes in the employer's proportionate share of contributions or employer contributions made subsequent to the measurement date. The net pension liability as of June 30, 2015, is based on the June 30, 2015, actuarial valuation for the first year of implementation. As a result, there are no differences between expected and actual experience or changes in assumptions subject to amortization. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five year period.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate: The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50 %, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 %) or 1-percentage-point higher (8.50 %) than the current rate:

City's proportionate share of the net pension liability:			
	1% Decrease (6.50%)	Current discount rate (7.50%)	1% Increase (8.50%)
Non-Hazardous	\$ 4,126,734	\$ 3,232,536	\$ 2,466,735
Hazardous	6,252,955	4,884,991	3,751,607
Total	<u>\$ 10,379,689</u>	<u>\$ 8,117,527</u>	<u>\$ 6,218,342</u>

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued CERS financial report which is publically available at <https://kyret.ky.gov>.

Payables to the pension plan: At June 30, 2016 the City had payables to CERS in the amount of \$0 for June's covered payroll with contributions required to be paid in July.

NOTE K – DEFERRED COMPENSATION PLAN

The City of Pikeville adopted Plan I and Plan II under the Kentucky Public Employees Deferred Compensation Authority allowing eligible employees to defer a portion of their compensation under Internal Revenue Code sections 457 and 401 (k). The plan was adopted for payroll ending October 16, 1998.

Funding for these plans is provided through payroll withholdings that are set by the employees. The City of Pikeville elected not to match any contribution to these funds for any employee. The contributions, by employees, to the 457 and 401 (k) are as follows:

Year	457	401 (k)
2016	\$ 20,910	\$ 10,380
2015	\$ 22,792	\$ 12,955
2014	\$ 20,615	\$ 9,490
2013	\$ 18,485	\$ 4,105
2012	\$ 19,377	\$ 5,470

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE L - RETIREMENT BENEFITS ORDINANCE

The City Board of Commissioners adopted ordinance no. 0-98-001 establishing parameters for certain retirement benefits. The ordinance establishes benefits for employees that meet the following criteria:

1. Were employed by the City of Pikeville on August 25, 1975;
2. Have completed at least 25 years of employment with the City of Pikeville; and
3. Retired from employment for the City of Pikeville.

The pension shall be \$500.00 per month payable from general funds, but there shall be a dollar for dollar offset for any other pension or retirement benefits received from any other source other than Social Security or SSI. The pension is payable only to the employee for and during his natural life. No disability plan or fund is established. No policemen or firemen are eligible to participate in this retirement plan.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits estimated to be payable in the future. This obligation could not be computed as information as to the number employees who are eligible, life expectancy, and the amount of other pensions or retirement benefits being received by those eligible. Due to the inability to compute the liability, no conclusions as to the materiality can be ascertained.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2016

NOTE M - DEPOSITS WITH FINANCIAL INSTITUTIONS

At June 30, 2016, the carrying amount of the City's deposits with financial institutions was \$21,591,709 and the bank balance, per statements, was \$22,510,238. The bank balance is categorized as follows:

Amount insured by the FDIC:	\$ 759,771
Amount collateralized with an FHLB letter of credit:	21,750,467
Amount collateralized with securities held by third party in the City's name:	0
Uncollateralized (\$ 0 of this amount is collateralized with securities held by the pledging financial institution):	0
Total Bank Balance	<u>\$ 22,510,238</u>

Note N – CERTIFICATES OF DEPOSITS/SAVINGS ACCOUNTS

NOTE O - LEASE AGREEMENTS

South East Kentucky Chamber of Commerce, Inc. – Leases the building at 178 College Street. The lease is for a term of five (5) years, with the Lessor having the right to cancel upon 90 days written notice during the first three years of the lease if the City desires to sell the premises. Either party to the lease may cancel the lease upon 90 days written notice in the last two years of the lease term. Rent will be in the amount of \$400 per month.

Pikeville Area Family YMCA, Inc. - YMCA leases several properties:

a - Land located in Bob Amos Park for consideration of \$1.00 per year for a term of fifty years. This agreement is dated December 31, 1991.

b - Teen Center Building located in the Hambley Athletic Complex for consideration of \$450.00 per month.

c - Softball Field located in Bob Amos Park for consideration of \$1.00 per year for a period of one year and the right to renew for five additional one year terms. Either party has the right to cancel by giving thirty days written notice of the parties' intent to terminate this lease or renewal thereof.

d – For the Operation of the Pool from May 1, 2015 through September 30, 2015 the City agrees to pay \$25,000.

Model City Day Care Center, Inc. - Leases daycare facilities located on Bank Street in Pikeville, Kentucky for \$1.00 per year. The lease is for a term of two years ending on December 31, 1992, renewable for two consecutive two year terms under the same terms and conditions, upon on written notice by Model City Day Care Center, Inc. of its intent to renew 180 days prior to the end of the term of the lease or any renewal thereof. Any renewal is contingent on the Model City Day Care Center, Inc. being in substantial compliance with this agreement.

As amended on December 14, 2009 the term of the lease is extended to include the period of January 1, 2010 to December 31, 2012 and is extendable for two consecutive two year terms by written notification 180 days prior to the end of the term.

Channel 51 - Leases the land located on Hambley Boulevard for consideration of \$10,917.43 a year.

Pikeville Independent Board of Education - Use of the Hambley Athletic Complex for consideration of \$20,000 per year for the life of the general obligation bonds; \$1,000 per month for the Maintenance and Operation rental Fee. The Board is billed monthly \$2,667.

University of Pikeville – Use of Hambley complex \$2,084.00 per month.

East Kentucky Broadcasting, DBA EKB-TV – Use of equipment, fiber and assets for the use in general business practice in TV or Radio broadcasting studio for a period of five (5) years with one five (5) year rollover term unless lessee or lessor terminates with 60 days prior to end of term. Rent shall be \$3,000 per month commencing July 1, 2014.

Texas Roadhouse – Use of land on Thompson Road for construction of a restaurant. Lease is for a term of fifteen (15) years with annual rental of \$80,000 for the first five years and \$83,200 for remainder of original term. Tenant has the right to renew for three successive and additional five year periods

Jenny Wiley Drama Association (JWT) – Property located 224 Second Street developed as a permanent regional professional theater building. JWT agrees to locate and have an operating office and agrees to produce a minimum of five (5) productions per year for year round professional, children and dinner theatre shows. The initial term of the lease will be twenty (20) years and the City may, at its option, a five (5) year extension term. JWT agrees to pay one dollar (\$1) annually. Lease started May 30, 2014.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2016

O - LEASE AGREEMENTS (concluded)

James and Michelle Sword – Real estate at 787 Hambley Blvd to be used as a gourmet café, sandwich and sweets business. The term of lease is five (5) years commencing January 24, 2014 and ending January 24, 2019, with two additional five (5) year automatic renewals unless lessee terminates lease by submitting in writing within 60 days prior to the end of the term of the lease. Rent payments of one dollar (\$1) are payable annually for the first 5 years, after which rent will be paid in the amount of 5% of monthly profit up to \$1,000 or 5% of yearly profit up to \$12,000.

Betty Tackett DBA Dreamz Stables – Real estate in Bob Amos Park known as the “Pikeville City Equestrian Barn” for the purpose of the operation of an equine facility. Lease began January 15, 2014 a period of one (1) year. The lease will automatically renew for two (2) additional one (1) year periods unless lessee terminates lease by submitting in writing within 30 days prior to termination date. Lessee agrees to pay one dollar (\$1) per year.

Betty Tackett DBA White Lightning Zip Line – tract or parcel of land located within the Bob Amos Park commonly known as the "The parks building, White Lighting Zip Line attraction & the old skate park building & grounds". The term of this lease is for a period of one (1) year starting April 11, 2016, and will automatically be renewed each year thereafter unless the lessor submits in writing to the lessee with 90 days of the anniversary date intent to terminate said lease.

Baily Hotel, LLC – The right to the use of parking spaces on the ramp leading to the fourth floor of the parking garage, but not exceeding 180 parking spaces. Lease dated January 10, 2011 and renewed January 10, 2012. The term of the lease is twenty years from the day the hotel opens. There is a twenty year extension with the lessee giving the lessor a note of extension at least 90 days before the end of the original term. The lessee agrees to pay monthly three dollars (\$3) per night per rented room in the lessee two (2) hotels or three percent (3%) of the gross monthly room receipts whichever is greater.

Rustic Roots on Second Street, LLC – buildings located at 237 Second Street Suite 4, Pikeville, KY 41501 to be used solely as an artisan/cultural retail business. The term of the lease is for a period of five (5) years commencing on October 14, 2014 and has two (2) automatic five (5) year roll over of terms unless lessee terminates the lease in writing within 60 days prior to the end of the lease. Lessee agrees to pay one dollar (\$1) annually for the first five (5) years, then rent will be as set forth in the lease.

NOTE S - SUBSEQUENT EVENTS

The City of Pikeville has canceled its contract with SMG Food and Beverage, LLC for the operation of the East Kentucky Exposition Center as of December 31, 2016.

The City will create a special district to assume operations of the East Kentucky Exposition Center as of January 1, 2017. The board of directors of the new entity will be the members of the Board of Commissioners of the City of Pikeville, Kentucky.

NOTE T - PRIOR PERIOD ADJUSTMENTS

State Police Case – This fund is a special revenue fund that accounts for moneys seized and held until a disposition from the appropriate court is issued. This comes after the case has been resolved. The court will forfeit the money to the seizing agency, return the money to the defendant, or set other guidelines for the money such as attorney fee, or fine payment.

The prior period adjustment is moneys received in 2015 that were reported as revenue, \$3,534 of funds shown as revenue in 2015 still had not been released.

INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Commissioners
City of Pikeville, Kentucky

Report on Compliance for Each Major Federal Program

We have audited the City of Pikeville, Kentucky's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Pikeville, Kentucky's major federal programs for the year ended June 30, 2016. City of Pikeville, Kentucky's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Pikeville, Kentucky's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Pikeville, Kentucky's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Pikeville, Kentucky's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Pikeville, Kentucky, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

To the Board of Commissioners
City of Pikeville, Kentucky

Page 2

Report on Internal Control over Compliance

Management of the City of Pikeville, Kentucky, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Pikeville, Kentucky's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2016

NOTE A—BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Pikeville, Kentucky under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Pikeville, Kentucky, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Pikeville, Kentucky.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and/or OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) The City of Pikeville, Kentucky has not currently elected to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

NOTE C – LOAN BALANCES

Loans from the US Department of Agriculture, Kentucky Rural Water Finance Corporation.

Taxable Series 2010s-1 Build America Bonds	\$ 1,400,000.00
Non Taxable Series 2010s-2 Build America Bonds	1,714,000.00
Marion's Branch Water Sewer	3,166,000.00

CITY OF PIKEVILLE, KENTUCKY
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 Year Ended June 30, 2016

SECTION I – SUMMARY OF AUDITORS’ RESULTS

1. The auditor’s report expresses an unmodified opinion on whether the financial statements of City of Pikeville, Kentucky were prepared in accordance with GAAP.
2. No significant deficiencies were disclosed during the audit of the financial statements. No material weaknesses are reported.
3. No instances of noncompliance material to the financial statements of City of Pikeville, Kentucky were disclosed during the audit.
4. No significant deficiency in internal control over major federal award programs disclosed during the audit. No material weaknesses are reported.
5. The auditor’s report on compliance for the major federal award programs for City of Pikeville, Kentucky expresses an unmodified opinion on all major federal programs.
6. No Audit findings that are required to be reported in accordance with 2 CFR section 200.516(a) are reported in this Schedule.
7. The programs tested as major programs included:

Name	CFDA #
Federal Emergency Management Agency	90.036
Federal Emergency Management Agency	90.039
US Department of Agriculture	10.760
US Army Corp of Engineers	12.000

8. The threshold for distinguishing Types A and B programs was \$750,000.
9. City of Pikeville, Kentucky was determined to be a low risk auditee.

SECTION II – FINANCIAL STATEMENT AND FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

There were no findings or questioned costs.

INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
City of Pikeville, Kentucky

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City of Pikeville, Kentucky's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Commissioners
City of Pikeville, Kentucky

Page 2

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5-11 and 61-70 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pikeville, Kentucky's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2017, on our consideration of the City of Pikeville, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Pikeville, Kentucky's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

June 30, 2017

Our discussion and analysis of the City of Pikeville's financial performance provides an overview of the city's financial activities for the fiscal year ending June 30, 2017. Please review in conjunction with the city's financial statements.

REVIEWING THE ANNUAL REPORT

The annual report covers multiple financial statements. The Statement of Net Position and the Statement of Activities supply data about the activities of the city as a whole and provide information regarding the city's finances. For government activities, these statements provide long-term and short-term information about the city's overall status. Financial reporting is similar to that found in the private sector with its basis in full accrual accounting. Fund financial statements show city operations in more detail than government-wide statements, as they provide information about the city's most important funds.

FINANCIAL HIGHLIGHTS

Due to this year's operations, the city's Net Position is as follows: Net Position of business-type activities was \$28,301,815 and Net Position of governmental activities was \$69,055,986.

- The current year's expense total was \$15,532,333 as compared to the \$19,460,738 generated in fees and charges, grants, general revenues, and taxes for governmental programs (before extraordinary items). In the previous year, expenses were \$16,092,336 as compared to the \$19,656,207 generated in tax and other revenues for governmental programs (before extraordinary items).
- For business-type activities, city revenues were \$8,607,788. Expenses were \$8,200,338. In the previous year, city revenues were \$7,858,225. Expenses were \$7,817,881.
- The annual cost of all city programs was \$23,732,671. The previous year's cost was \$23,910,217.

THE CITY AS A WHOLE ANALYSIS

Because the Statement of Net Position and the Statement of Activities provide facts about the city as a whole, the statements can help determine if a city's financial condition has improved or deteriorated as a result of the year's activities. All assets and liabilities are included in the statements using the accrual basis of accounting. The accrual method is comparable to the accounting used by most private corporations. All current year revenues and expenses are included. It does not matter when cash is paid or received.

These statements give an account of the city's Net Position and any changes in those assets. However, to truly judge the condition of the city, some non-financial factors, such as diversification of the taxpayer base or the condition of the city's infrastructure, must be considered in addition to the financial information provided in this report.

The Statement of Net Position and the Statement of Activities divide the city into two types of activities:

- 1) Governmental activities: The city's basic services are accounted for in this section, including the police, fire, public works, parks departments and general administration. Property taxes, franchise fees, and state and federal grants finance the majority of these activities.
- 2) Business-type activities: These activities are reported in the fund financial statements and generally report services for which the city charges customers a fee. There are two kinds of Business-type activities. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as Business-type activities in the government-wide statements. Services are provided to customers external to the city organization such as water utilities. Internal service funds provide services and charge fees to customers within the city organization such as fleet services (maintenance and repair of vehicles) and the print shop (mail and printing services for city departments). Because the city's internal service funds primarily serve governmental functions, they are included within the Governmental activities of the government-wide financial statements.

Management's Discussion and Analysis
June 30, 2017

DETAILING THE MOST IMPORTANT FUNDS

The fund financial statements provide detailed information about the most important funds of the city. Certain funds are mandated by State law and by bond agreements. Other funds are established to manage money, meet legal requirements or for certain taxes or grants.

- Government funds: Basic services are reported in government funds. Government fund financial statements detail how money flows in and out of the funds and reports the balances at year-end that are on hand for disbursement. Government funds are reported using an accounting method called modified accrual accounting. This method measures cash and financial assets that can easily be converted to cash. The governmental fund accountability focuses on the use of spendable resources during the year and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the next term.

Budgetary comparison statements are included in the basic financial statements for the general fund and major revenue fund. These statements and schedules demonstrate compliance within the city adopted and final revised budget.

- Proprietary funds: Proprietary funds are those in which the city charges for services it provides, both to city units and outside customers. Proprietary funds are reported in the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position. The city's enterprise funds, a component of proprietary funds, are the same as the business-type activities we report in the government-wide statements, but they give more detailed information such as cash flow. Another component of proprietary funds are internal service funds. Internal service funds cover activities that provide supplies and services for city programs.

CITY SERVING AS TRUSTEE

Due to trust arrangements, the city is often accountable for assets that can only be used for trust beneficiaries. All of these trustee proceedings are detailed in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position, if required. Because the city cannot use these assets to finance its operations, these activities are not included in other financial statements. However, the city must be certain the assets detailed in these funds are used for their intended purposes.

NOTES TO FINANCIAL STATEMENTS

The notes provide additional information that is necessary for a full understanding of the data provided in the accompanying financial statements.

OTHER INFORMATION

In addition to the financial statements and notes, this report contains supplementary information and details of the accompanying financial statements.

CITY AS A WHOLE

The city's combined Net Position from the previous year was \$93,021,947 as compared to \$97,357,801 this year. However, Net Position and expenses from governmental and business-type activities must be reviewed separately. Table 1 focuses on the Net Position and Table 2 focuses on changes in the Net Position of the city's governmental and business-type activities.

The city's Net Position for governmental activities were \$69,055,986 this year as compared to \$65,178,831 last year. Unrestricted Net Position was \$8,311,275 last year as compared to \$6,569,157 this year. Unrestricted Net Position are those that can be used to finance every-day operations without restrictions set by legislation, debt covenants, or other legal regulations.

The Net Position of the city's business-type activities was \$28,301,815 this year as compared to 27,843,116 last year.

City revenues (excluding extraordinary items) for the current year were \$28,068,526 as compared to \$30,005,332 in the previous year. The total yearly cost of all programs and services was \$23,732,671 as compared to \$23,910,217 in the previous year.

Management's Discussion and Analysis
June 30, 2017

GOVERNMENTAL ACTIVITIES

This year's governmental activities revenues were \$19,460,738 as compared to \$19,656,207 last year. The year's governmental activities cost was \$15,532,333 as compared to \$16,092,336 in the previous year.

Table 3 details the cost of the city's major programs as well as each program's net cost (total cost less revenues generated by the program). The net cost indicates the financial burden that was shifted to the city's taxpayers by each of these programs.

Table 3
Governmental Activities

	Total Cost of Services	
	Current Year	Previous Year
Police Department	2,222,848	2,443,354
Fire Department	2,449,338	2,669,825
Public Works	0	0
Education	0	0
Parks and Recreation	728,517	860,000
All others	10,131,630	10,119,157
Totals	<u>15,532,333</u>	<u>16,092,336</u>

BUSINESS-TYPE ACTIVITIES

This year's Business-type activities revenues (see Table 2) were \$8,607,788 as compared to \$10,349,125 last year. This year's expenses were \$8,200,338 as compared to \$7,817,881 in the previous year.

GENERAL FUND BUDGETARY STATEMENTS

The City Council revisits the budget several times during the year. The current year's budgets focus on general funds, major funds and on availability of fund resources.

CITY FUNDS

At year end the city reported a government net position (see Table 1) of \$97,357,801 as compared to \$93,021,947 in the previous year.

Management's Discussion and Analysis
June 30, 2017

CAPITAL ASSETS
Table 4
Capital Assets at Year-End
(Net of Depreciation)

	Governmental Activities		Business-type Activities		Totals	
	Current Year	Previous Year	Current Year	Previous Year	Current Year	Previous Year
Land	14,193,807	14,193,807	138,000	138,000	14,331,807	14,331,807
Buildings and Improvements	20,380,139	20,013,155			20,380,139	20,013,155

At the close of the year, the city had invested \$92,875,626 in capital assets such as land, buildings and improvements, equipment or infrastructure (see Table 4). \$90,218,793 was invested in similar assets last year.

The current year's chief capital asset additions included:

- Marion Branch Road / Bridge
- Sewer Plant Improvements
- Vehicles for various departments.

Table 5
Outstanding Debt at Year-End

	Governmental Activities		Business-type Activities		Totals	
	Current Year	Previous Year	Current Year	Previous Year	Current Year	Previous Year
General obligation bonds (backed by the city)	2,370,000	2,740,000	1,757,085	1,918,324	4,127,085	4,658,324

DEBT MANAGEMENT

At the close of the year, the city had \$11,443,702 in outstanding bonds and notes as compared to \$12,428,904 in the previous year (see table 5).

Management's Discussion and Analysis
June 30, 2017

GASB 68 IMPLEMENTATION

The implementation of GASB 68 "Accounting and Financial Reporting for Pensions" resulted in an addition to liabilities of \$9,114,353, deferred outflows of \$1,636,074 deferred inflows of \$182,153.

These were allocated to the government activities

Table 6
Pension Information

	Government Activities		Business-Type Activities		Total

CITY OF PIKEVILLE, KENTUCKY

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION

June 30, 2017

TOTAL FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 16,887,587

Amounts reported for governmental activities in the statement of Net Position
are different because:

City's Proportionate Share of the Net Pension Liability (7,525,735)

Capital Assets used in governmental activities are not financial resources
and therefore are not reported in the fund statements. 62,771,508

Long-Term Liabilities, including bonds payable, are not due and payable in the
the current period and therefore are not reported in the funds. (3,077,374)

Total Net Position - Governmental Activities \$ 69,055,986

See independent auditor's report and accompanying notes to the financial statement.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Pikeville was established by Charter on June 5th 1893.

The City of Pikeville, Kentucky (City) operates under a City Manager-Commission form of government with four commissioners and a mayor. The mayor serves a four year term and the commissioners serve a two year term.

The City provides the following services as authorized by its charter: public safety (police and fire), highway and streets, water, sewer, gas, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the City of Pikeville, Kentucky have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for government accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced.

The more significant of the City's accounting policies are described below.

1 – Related Organizations

The accounts of the related entities listed below are not included because these entities are autonomous agencies operating independently from the City. Their elected or appointed board contracts independently for audits of their financial statements.

Pikeville Housing Authority
Industrial Development & Economic Authority (IDEA)
Hillbilly Days Board
Pikeville/Pike County Museum Board

Pikeville Scholar House
Pikeville Pike County Airport Board
East Kentucky Exposition Center Corporation
Pikeville/Pike County/Elkhorn City Joint Planning Commission
Pike TV, Inc.

2. Committees appointed by the Commissioners

Pikeville Technical Advisory Committee
Pikeville Board of Ethics
Pikeville Historical Preservation Board

Pikeville Board of Zoning Adjustments
Pikeville Tree Board
Pikeville Vacant Property Review Board

3 – Government-Wide and Fund Financial Statements

a) Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary activities. The primary governments are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3 – Government-Wide and Fund Financial Statements (concluded)

b) Fund Financial Statements

Fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

4. Measurement Focus, Basis of Accounting, and financial statement Presentation

The financial statements of the City are prepared in accordance with generally accepted accounting principles (GAAP). The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The City's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting, generally including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments. Reimbursements are reported as reductions to expenses. Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: property taxes, franchise taxes (fees), environmental fines and grants. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed. Likewise, fund balances that are committed or assigned would be used first for their approved purposes and unassigned fund balances would be used as needed.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5 - Fund Types and Major Funds

The City reports the following major funds:

a) Governmental Funds

General Fund - the General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Projects Control - is used to account for the construction of major capital facilities (other than those financed by proprietary funds). Principal sources of revenue are grants, City funding, and municipal long-term debt proceeds and interest income.

Debt Service Fund Types - accounts for funds used to pay debt service costs. Principal sources of revenue are City funding and interest income.

b) Proprietary Funds

The City reports the following major enterprise funds:

Water - accounts for the operating activities of the City's water utilities service.

Sewer - accounts for the operating activities of the City's sewer utilities service.

Gas - accounts for the operating activities of the City's natural gas utilities service.

Sanitation - accounts for the operating activities of the City's garbage collection service.

Outside Water - accounts for the operating activities of the City's water utilities service to customers who are located outside the city limits.

Outside Sewer - accounts for the operating activities of the City's sewer utilities service to customers who are located outside the city limits.

c) Other Fund Types

The City also reports the following fund type:

Agency - report fiduciary resources held by the City in a custodial capacity as an agent on behalf of others. The City's agency fund is used to account for various deposits.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6 – Component Units

In accordance with GASB Statements No. 14, *The Financial Reporting Entity* and No. 39, *Determining Whether Certain Organizations Are Component Units*, as amended, the City has included in its financial statements the departments the primary government along with its discretely presented Component Unit.

The Component Unit column in the government-wide financial statements includes the financial data of the City's discretely presented component unit. It is reported in a separate column to emphasize that they are legally separate from the City. The following Component Unit is included in the reporting entity because the primary government is financially accountable for and is able to impose its will on the organization.

- a. The discretely presented component units have a June 30 fiscal year end.

SMG Food and Beverage, LLC is a legally separate entity that operates the East Kentucky Exposition Center (Expo Center). It is shown as a discretely presented component unit because:

- i. City is under contract with the Eastern Kentucky Exposition Center Corporation Board to operate it,
- ii. City enacted a restaurant tax to support the Expo Center,
- iii. The Expo Center receives oversight from the City of Pikeville Commission.

The complete financials of the SMG Food and Beverage, LLC can be requested.

The City of Pikeville has canceled its contract with SMG Food and Beverage, LLC for the operation of the East Kentucky Exposition Center as of December 31, 2016.

City of Pikeville Exposition Center Corporation is a legally separate entity that operates the East Kentucky Exposition Center (Expo Center). It is shown as a discretely presented component unit because:

- i. All City Commissioners are on the board of directors,
- ii. City is under contract with the Eastern Kentucky Exposition Center Corporation Board to operate it,
- iii. City enacted a restaurant tax to support the Expo Center,

The complete financials of the City of Pikeville Exposition Center Corporation (a not for profit organization) can be requested.

- b. The blended component unit has a June 30 fiscal year end.

The Pikeville Main Street Program, Inc. is a not for profit corporation with the mission is to revitalize the Pikeville City Business District by utilizing a comprehensive strategy which includes organization, promotion, design, and economic restructuring, within the context of historic preservation.

- i. The City pays the salary of the director.
- ii. The City provides office space.
- iii. The Board of directors is partially appointed by the City Commission.
- iv. The entity is financially dependent on the City.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7 - Fixed Assets

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Proprietary capital assets are also reported in their respective fund financial statements. Donated assets are stated at fair value on the date donated. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

The City has complied with GASB 34 and included certain infrastructure assets in the government-wide financial statements. A listing of streets and their respective length, in feet, were provided by the city engineer with an estimated replacement cost per foot. The weighted-average age of the streets were used to determine the date in which to book the streets. The replacement cost per foot was discounted back to that date and applied to the Accumulated depreciation was calculated from that date to adoption. Also, the City's bridges were booked using same method on a "per square foot" basis.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increase (revenues) and decrease (expenses) in net total assets.

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight line method. The estimated useful lives are as follows:

Utility plant	40 years
Machinery and Equipment	5-10 years

8 - Budgets and Budgetary Accounting

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) In accordance with the City Charter, prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year, along with actual for the current year and prior year budget. The City Charter requires that the budget be submitted in summary form. In addition, more detailed line item budgets are included for administrative control. The level of control for the detailed budgets is at the department head/function level.
- b) Public hearings are conducted to obtain taxpayer comment.
- c) Prior to June 30, the budget is to be legally enacted through passage of an ordinance.
- d) Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund, and Enterprise Funds.
- e) Budgets for the General, Debt Service, Special Revenue Funds, and Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- f) Appropriations lapse at the end of each fiscal year.
- g) The City Council may authorize supplemental appropriations during the year.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9 - Investments Policy

With prior approval of the Mayor and City Commission the Finance Director may invest in obligations of the United States and its agencies and instrumentality.

Without prior approval of the Mayor and City Commission the Finance Director may invest in certificates of deposit issued by or other-interest bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation or similar entity or which are collateralized, to the extent uninsured, by any obligations permitted by section 41.240(4) of the Kentucky Revised Statutes.

For the current fiscal year the City invested only in certificates of deposit and savings accounts. Investments are stated at cost or amortized cost approximates market.

10 - Restricted Assets

These assets consist of cash and short-term investments restricted for tourism, debt service and other grants.

11 - Reserves

The City is required by loan agreements to maintain reserves. The City records reserves to indicate that a portion of the retained earnings and fund balance is legally segregated for a specific future use. Following is a description of each reserve used by the City and a list of all reserves:

Reserve for Debt Service - An account used to segregate a portion of fund balance for debt service resources restricted to accumulate to the maximum amount of principal and interest that will become due in any subsequent twelve-month period per the bond covenants.

Reserve for Operation and Maintenance - An account used to segregate a portion of fund balance restricted for operating and maintaining the system. The reserve reflects amounts accumulated to a balance specified in the bond covenant.

Reserve for Sinking Fund - An account used to segregate a portion of fund balance for debt service resources restricted to the payment of long-term debt principal and interest amounts maturing in future years when sufficient amounts are not reserved in bond debt service accounts.

Reserve for depreciation - An account used to segregate a portion of fund balance for amortization of capital expenditures as required per bond covenant.

Reserve for Prior Sinking Fund – Per Bond ordinance for “City of Pikeville Water and Sewer System Revenue Bonds, Series 2007.” Amount transferred from the revenue fund and deposited as required by prior bond ordinance.

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)12 - Revenue Recognition - Property Taxes

The City's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for both real and personal property located in the City. The City adopts the county assessment of property situated within the city limits, for both real and personal property. The assessed value of the roll, upon which the levy for 2017 fiscal year was based, was \$501,527,919 real and \$95,587,269 tangible.

The tax rates assessed for the year ended June 30, 2017 were \$.150 per \$100 valuation for real estate and \$.150 per \$100 valuation for tangible personal property.

Taxes are due on November 1 and become delinquent by February 1 following the October 1 levy date. Current tax collections for the year ended June 30, 2017 were 97.995% of the tax levy. Property taxes on vehicles are assessed at January 1, and are billed when the vehicle is licensed. These funds are collected by the Pike County Court Clerk and remitted to the City. These amounts were not used in computing the above percentage.

All property tax revenues are recognized and recorded when they become measurable and available. Available means due, or past due and receivable within the current period and collected no longer than sixty days after the close of the current period.

Property taxes receivable as of June 30, 2017 and 2016 are composed of the following:

Year of Levy	2017 Amount	2016 Amount
2015	\$ 18,633	\$ 0
2015	7,388	18,116

14 - Compensated Absences

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is entitled to receive accrued vacation but not accrued sick leave. Accumulated vacation pay at June 30, 2017 and 2016, respectively was \$110,761 and \$102,714.

15 - Statement of Cash Flows

For purposes of the Statement of Cash Flows; the Gas Fund, Water and Sewer Fund, and the Sanitation Fund; all highly liquid investments (including restricted assets) were considered to be cash equivalents. Highly liquid investments are defined as investments that (a) are readily convertible to known amounts of cash and/or (b) are near to their maturity that they present insignificant risk of changes in value because of changes in interest rates.

16 - Utility Deposits

The City requires a deposit be made before services will be provided for those customers who are tenants. Those deposits are for gas (\$75.00) and water (\$25.00). When the customer has services disconnected the deposit plus interest accrued is applied to their last bill and the remainder being refunded. Interest is set annual by the Public Service Commission.

17 - Prepaid Expenses

Certain payments to vendors reflects costs or deposits applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

18 - Long-term Debt and Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the bonds using the outstanding interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources or other financing uses, respectively, and issuance costs are reported as debt service expenditures.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

19 - Fund Balances

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed – includes amounts that can only be used for specific purposes. Committed fund balance is classified, rescinded or modified pursuant to ordinances passed by City Commission, City’s highest level of decision making authority.
- Assigned – includes amounts that City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Amounts may be assigned by the Finance Director under the authorization of the Mayor’s Office.
- Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. City reports all amounts that meet the unrestricted General Fund Balance Policy as unassigned.

20 - Date of Managements Review

Subsequent events were evaluated through December 8, 2017, which is the date the financial statements were available for review.

NOTE B – DEFERRED OUTFLOW OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

In June of 2011, GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The statement provides financial reporting guidance for deferred outflows of resources, which are consumptions of net position by the government that is applicable to a future reporting period and deferred inflows of resources which are acquisitions of net position by the government that is applicable to a future reporting period.

Statement No. 63 amends the net asset reporting requirements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The adoption of Statement No. 63 resulted in a change in the presentation of the *Statement of Net Assets* to what is now referred to as the *Statement of Net Position* and the term “net assets” is changed to “net position” throughout the financial statements. Statement No. 63 also amends the reporting of the “net investment in capital assets” component of net position. This component consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are now required to be included in this component of net position.

In March of 2012, GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. The Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

NOTE D - LEASE COMMITMENTS

Eastern Kentucky Exposition Center Corporation - A 99 year lease of the Eastern Kentucky Exposition Center for \$1 per year with the right to terminate the lease upon the City giving the EKECC a one year notice.

PITNEY BOWES - A three year lease for a postage machine for city hall, and fire station. Quarterly payments are in the amounts of \$892.47, and \$117.00. Lease is cancelable by either party upon ninety days written notice.

PITNEY BOWES - A five year lease for a postage machine for the police Department. Quarterly payments are in the amounts of \$157.62. Lease is cancelable by either party upon ninety days written notice.

Dilco Development Company - leases the Dils Cemetery located adjacent to the Pikeville Bypass Road and Chloe Creek Road for \$1.00 per year. The lease is for a term of fifteen years, automatically renewed for successive one-year terms under the same terms and conditions, termination can be by either party upon giving 180 days' notice prior to the end of the term.

Appalachian News-Express – lease property on Second Street for the City to construct public seating area with tables and chairs for consideration of \$1 and full of terms of lease starting June 30, 2014 and renew for successive one year terms unless either party notifies the other in writing of its intent not to renew 30 days prior to the expiration.

Jubilee Christian Assembly of God, Inc. - A twenty year lease of land to be used as a boat ramp and parking. Payments are in the amount of \$1 and the agreement to seal the church's parking lot every two years for ten years.

Branch Banking and Trust Company - Property located at the intersection of Pike Street and Main Street portion of the Parking Lot. Lease shall begin on March 1, 2013 and shall continue for five (5) years until February 28, 2018. So long as Lessee complies with all of the terms and conditions of this Lease the Lessee shall not be required to pay rent for its use of the premises.

Kinzer Business Realty, LTD – property located along Thompson Road for a term of two (2) years beginning March 1, 2017. The lessee agrees to pay one dollar and complete property improvements as described in the agreement.

The related future minimum lease payments are shown in table.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE G - COMMITMENTS AND CONTINGENCIES

LITIGATION - Various claims and lawsuits are pending against the City. In the opinion of the City attorney, the potential loss on all claims will not be significant to the City's Financial Statements.

FEDERAL GRANT PROGRAMS - In the course of operations, the City receives grant funds from various federal and state government agencies to be used for designated purpose only. The grant programs are subject to audit by agents of the granting authorities, the purpose of which is to ensure compliance with conditions surrounding the granting of funds. If a grantor's review indicates that the funds have not been used for the intended purpose, the grantor may request a refund of monies advanced or refuse to reimburse the City for its expenditures. In management's opinion, any liability for any refunds or reimbursements which may arise as a result of audits of grant funds would not have a material impact on the financial position of the City. Continuation of the City's grant programs is predicated upon the grantor's satisfaction that the funds provided are being spent as intended and the grantor's intent to continue their programs.

Construction Commitments - The City has active construction projects as of June 30, 2017 and has committed to other projects that will begin in fiscal year end June 30, 2017.

NOTE H - MANAGEMENT CONTRACT

The City contracted with the UMG to manage the Street, Parks, Water and Sewer, Gas, and Garbage departments of the City. The contract went into effect on December 2006.

UMG is paid a monthly fee and in turn they pay certain expenses relating to the operation of the above departments.

The City bills and collects all utility charges and related fees.

NOTE I - HELLIER MANOR APARTMENTS, LTD (HDG GRANT)

In 1984 the City received a Housing Development Grant (HDG) from the U. S. Department of Housing and Urban Development in the amount of \$1,430,002. The City loaned the grant proceeds to Hellier Manor Apartments, Ltd. (HMA) who used the funds, in addition to bond proceeds, to construct the Ridge Cliff Apartments.

These funds are to be repaid over a twenty-year period that will commence when the bonds are paid and is to be paid from profits in excess of a 10% return on investment.

Due to the length of time between the origination of the loan and the commencement of payment, and the possibility of unforeseen conditions, the likelihood of collection is such that it cannot be predicted, thus this loan receivable is not recorded.

The City has filed suit in this case.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE J - RETIREMENT PLAN

KENTUCKY RETIREMENT SYSTEM - County Employees Retirement System (CERS)

Plan descriptions: All eligible full time employees are covered under the County Employees' Retirement System (CERS). CERS is a cost sharing, multi-employer, defined benefit, and public employers' retirement system administered by the Kentucky Retirement Systems. The plan covers substantially all regular fulltime members employed in non-hazardous and hazardous duty positions of each county, city and any additional eligible local agencies electing to participate in the plan. The plan provides for retirement, disability and death benefits to plan members.

CERS operates on a fiscal year ending on June 30 and issues a publicly available financial report included in the Kentucky Retirement Systems Annual Report that includes financial statements and the required supplementary information for CERS. That report may be obtained by writing to Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky, 40601, or by calling (502) 564-4646 or at <https://kvret.ky.gov>.

Benefits provided: Benefits under the plan will vary based on final compensation, years of service and other factors as fully described in the plan documents.

The benefits of all vested members are based on years of service and final compensation. Annual benefits are computed based on 2.2% of Final Compensation multiplied by Years of Service as defined under the plan. The Plan provides for benefits upon early retirement based on the number of years of service and age. Additional details can be found in the Plan.

Tier 1: Nonhazardous: This tier is for members who began participation on or before September 1, 2008. Retirement benefits are based upon a 5-High Final Compensation. When Final Compensation is based on the 5-High, it must include at least 48 months and a minimum of five fiscal years. The years used do not have to be full (12 month) years.

Tier 2: Nonhazardous: This tier is for members who began participation on or after September 1, 2008 and January 1, 2014. Retirement benefits are based upon your last 5 years' salaries. When Final Compensation is based on the last five salaries, it must include 60 months - the years used must be full (12 month) years.

Tier 3: Cash Balance Plan: This new benefit tier is for members who began participation on or after January 1, 2014. A Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. A Cash Balance Plan resembles a defined contribution plan because it determines the value of benefits for each participant based on individual accounts. However, the assets of the plan remain in a single investment pool like a traditional defined benefit plan. A Cash Balance Plan resembles a defined benefit plan since it uses a specific formula to determine benefits. The Hybrid Cash Balance plan was established as part of Senate Bill 2, which was enacted by the Kentucky General Assembly during its 2013 Regular Session.

Hazardous retirement benefits are based upon a 3-High Final Compensation. When Final Compensation is based on the 3-High, it must include at least 24 months and a minimum of three fiscal years. The years used do not have to be full (12 month) years.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE J - RETIREMENT PLAN (Continued)

Contributions: Employers contribute at the rate determined by the Board of Trustees, of the Kentucky Retirement Systems, to be necessary for the actuarial soundness of the systems as required by KRS 61.565. The employer rate is reviewed annually following the valuation by a consulting actuary. *Employer contributions are not deposited to member accounts.* Employer contributions are deposited to the Retirement Allowance Account and are used to pay monthly benefits and the expenses of the systems. Funding for this Plan is provided through payroll withholdings from the employee's total compensation subject to contribution. All required contributions were made. Covered wages and contribution percentages and amounts of contributions required for CERS are shown on the previous page.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the pensions' funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among the plans and employers.

CERS does not make separate measurements of assets and pension benefit obligation for individual employers. As the City is only one of several employers participating in the Plan, it is not practicable to determine the City's portion of the unfunded past service cost or the vested benefits of the City's portion of the Plan assets.

At June 30, 2017, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2016. An expected total pension liability as of June 30, 2016 was determined using standard roll-forward techniques. The City's proportion of the net pension liability was based on contributions to CERS during the fiscal year ended June 30, 2016. At June 30, 2016, the City's proportion was 0.080985% non-hazardous and 0.298783% hazardous.

For the year ended June 30, 2017, the City recognized pension expense of \$1,143,049. At June 30, 2017, the City reported deferred outflows of resources for City contributions subsequent to the measurement date of \$891,593, plus deferred outflows of resources related to pensions from the net difference between projected and actual earnings on pension plan investments in the amount of \$1,636,074 totaling \$2,524,666 and deferred inflows of resources related to pensions from the net difference between projected and actual earnings on pension plan investments in the amount of \$182,417.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2017

NOTE J - RETIREMENT PLAN (Continued)

City contributions subsequent to the measurement date of \$891,593 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to CERS will be recognized in pension expense as shown:

Year	Pension Expense
2018	\$ 210,164
2019	283,112
2020	97,206
2021	0
Thereafter	0
	\$ 590,482

Actuarial Methods and Assumptions: The total pension liability for CERS was determined by applying procedures to the actuarial valuation as of June 30, 2016. The financial reporting actuarial valuation as of June 30, 2016, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2016
Experience Study	July 1, 2008- June 30, 2013
Actuarial Cost Method	Entry Age
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	27 years
Asset Valuation Method	5-year smoothed market
Inflation	3.25%
Salary Increase	4.00%, average, including inflation
Investment Rate of Return	7.50%, net of pension plan investment expense, including inflation

The rates of mortality for the period after service retirement are according to the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back 1 year for females) for all healthy retired members and beneficiaries. The RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back 4 years for males) is used for the period after disability retirement. These assumptions are used to measure the probabilities of each benefit payment being made after retirement. These assumptions contain margin for mortality improvements.

Several factors are considered in evaluating the long-term rate of return assumption including long term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense, and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE J - RETIREMENT PLAN (concluded)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by KTRS's investment consultant, are summarized in the table Asset Class:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Combined Equity	44.00%	5.40%
Combined Fixed Income	19.00%	1.50%
Real Return (Diversified Inflation Strategies)	10.00%	3.50%
Real Estate	5.00%	4.50%
Absolute Return (Diversified Hedge Funds)	10.00%	4.25%
Private Equity	10.00%	8.50%
Cash Equilavent	2.00%	-25.00%
	<u>100.00%</u>	

Discount Rate: The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment return of 7.50%. The long-term assumed investment rate of return was applied to all periods of projected of benefit payments to determine the total pension liability.

The Schedule of Deferred Inflows and Outflows, and Pension Expense include only certain categories of deferred outflows of resources and deferred inflows of resources. These include differences between expected and actual experience, changes of assumptions and differences between projected and actual earnings on plan investments. The Schedule does not include deferred outflows/inflows of resources for changes in the employer's proportionate share of contributions or employer contributions made subsequent to the measurement date. The net pension liability as of June 30, 2016, is based on the June 30, 2016, actuarial valuation for the first year of implementation. As a result, there are no differences between expected and actual experience or changes in assumptions subject to amortization. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five year period.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate: The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50 %, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 %) or 1-percentage-point higher (8.50 %) than the current rate:

City's proportionate share of the net pension liability:

	1% Decrease (6.50%)	Current discount rate (7.50%)	1% Increase (8.50%)
Non-Hazardous	\$ 4,968,960	\$ 3,987,411	\$ 3,146,028
Hazardous	6,440,934	5,126,942	4,043,126
Total	<u>\$ 11,409,894</u>	<u>\$ 9,114,353</u>	<u>\$ 7,189,154</u>

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued CERS financial report which is publically available at <https://kyret.ky.gov>.

Payables to the pension plan: At June 30, 2017 the City had payables to CERS in the amount of \$0 for June's covered payroll with contributions required to be paid in July.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE K – DEFERRED COMPENSATION PLAN

The City of Pikeville adopted Plan I and Plan II under the Kentucky Public Employees Deferred Compensation Authority allowing eligible employees to defer a portion of their compensation under Internal Revenue Code sections 457 and 401 (k). The plan was adopted for payroll ending October 16, 1998.

Funding for these plans is provided through payroll withholdings that are set by the employees. The City of Pikeville elected not to match any contribution to these funds for any employee. The contributions, by employees, to the 457 and 401 (k) are as follows:

<u>Year</u>	<u>457</u>	<u>401 (k)</u>
2017	\$ 22,060	\$ 7,440
2016	\$ 20,910	\$ 10,380
2015	\$ 22,792	\$ 12,955
2014	\$ 20,615	\$ 9,490
2013	\$ 18,485	\$ 4,105

NOTE L - RETIREMENT BENEFITS ORDINANCE

The City Board of Commissioners adopted ordinance no. 0-98-001 establishing parameters for certain retirement benefits. The ordinance establishes benefits for employees that meet the following criteria:

1. Were employed by the City of Pikeville on August 25, 1975;
2. Have completed at least 25 years of employment with the City of Pikeville; and
3. Retired from employment for the City of Pikeville.

The pension shall be \$500.00 per month payable from general funds, but there shall be a dollar for dollar offset for any other pension or retirement benefits received from any other source other than Social Security or SSI. The pension is payable only to the employee for and during his natural life. No disability plan or fund is established. No policemen or firemen are eligible to participate in this retirement plan.

The “pension benefit obligation” is a standardized disclosure measure of the present value of pension benefits estimated to be payable in the future. This obligation could not be computed as information as to the number employees who are eligible, life expectancy, and the amount of other pensions or retirement benefits being received by those eligible. Due to the inability to compute the liability, no conclusions as to the materiality can be ascertained.

CITY OF PIKEVILLE, KENTUCKY

NOTE O - LEASE AGREEMENTS

South East Kentucky Chamber of Commerce, Inc. – Leases the building at 178 College Street. The lease is for a term of one (1) year. Rent will be in the amount of \$650 per month.

Pikeville Area Family YMCA, Inc. - YMCA leases several properties:

a - Land located in Bob Amos Park for consideration of \$1.00 per year for a term of fifty years. This agreement is dated December 31, 1991.

b - Teen Center Building located in the Hambley Athletic Complex for consideration of \$450.00 per month.

c - Softball Field located in Bob Amos Park for consideration of \$1.00 per year for a period of one year and the right to renew for five additional one year terms. Either party has the right to cancel by giving thirty days written notice of the parties' intent to terminate this lease or renewal thereof.

d – For the Operation of the Pool from May 1, 2017 through September 30, 2017 the City agrees to pay \$25,000.

Model City Day Care Center, Inc. - Leases daycare facilities located on Bank Street in Pikeville, Kentucky for \$1.00 per year. The lease is for a term of two years ending on December 31, 1992, renewable for two consecutive two year terms under the same terms and conditions, upon on written notice by Model City Day Care Center, Inc. of its intent to renew 180 days prior to the end of the term of the lease or any renewal thereof. Any renewal is contingent on the Model City Day Care Center, Inc. being in substantial compliance with this agreement.

As amended on December 14, 2009 the term of the lease is extended to include the period of January 1, 2010 to December 31, 2012 and is extendable for two consecutive two year terms by written notification 180 days prior to the end of the term.

Channel 51 - Leases the land located on Hambley Boulevard for consideration of \$10,917.43 a year.

Pikeville Independent Board of Education - Use of the Hambley Athletic Complex for consideration of \$20,000 per year for the life of the general obligation bonds; \$1,000 per month for the Maintenance and Operation rental Fee. The Board is billed monthly \$2,667.

University of Pikeville – Use of Hambley complex \$2,084.00 per month.

East Kentucky Broadcasting, DBA EKB-TV – Use of equipment, fiber and assets for the use in general business practice in TV or Radio broadcasting studio for a period of five (5) years with one five (5) year rollover term unless lessee or lessor terminates with 60 days prior to end of term. Rent shall be \$3,000 per month commencing July 1, 2014.

Texas Roadhouse – Use of land on Thompson Road for construction of a restaurant. Lease is for a term of fifteen (15) years with annual rental of \$80,000 for the first five years and \$83,200 for remainder of original term. Tenant has the right to renew for three successive and additional five year periods.

Jenny Wiley Drama Association (JWT) – Property located 224 Second Street developed as a permanent regional professional theater building. JWT agrees to locate and have an operating office and agrees to produce a minimum of five (5) productions per year for year round professional, children and dinner theatre shows. The initial term of the lease will be twenty (20) years and the City may, at its option, a five (5) year extension term. JWT agrees to pay one dollar (\$1) annually. Lease started May 30, 2014.

Appalachian Antiques & , LLC – Property located at 123 Second Street for use as a retail store. The initial term of the lease will be five (5) years and automatically rollover to a five (5) year additional term, unless lessor/lessee terminates in writing within 60 days prior to the end of the term. Rent is \$1 per year for the first 3 years, \$750 per month for year four and \$950 per month for years five through ten.

Pikeville Farmer's Market Inc. – Property located at 130 Adams Lane known as the Pikeville Pavilion for the purpose of offering their locally produced goods for sale to the general public. The term of this lease is month to month, and both parties may at their discretion terminate this agreement at any time in writing. Lessee agrees to pay one dollar (\$1) annually.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE O - LEASE AGREEMENTS (concluded)

Roasted Appalachia, LLC – Real estate at 787 Hambley Blvd to be used as a gourmet café, sandwich and sweets business. The term of lease is five (5) years commencing January 24, 2014 and ending January 24, 2019, with two additional five (5) year automatic renewals unless lessee terminates lease by submitting in writing within 60 days prior to the end of the term of the lease. Rent payments of one dollar (\$1) are payable annually for the first 5 years, after which rent will be paid in the amount of 5% of monthly profit up to \$1,000 or 5% of yearly profit up to \$12,000.

Betty Tackett DBA Dreamz Stables – Real estate in Bob Amos Park known as the “Pikeville City Equestrian Barn” for the purpose of the operation of an equine facility. Lease began January 15, 2014 a period of one (1) year. The lease will automatically renew for two (2) additional one (1) year periods unless lessee terminates lease by submitting in writing within 30 days prior to termination date. Lessee agrees to pay one dollar (\$1) per year.

Betty Tackett DBA White Lightning Zip Line – tract or parcel of land located within the Bob Amos Park commonly known as the "The parks building, White Lighting Zip Line attraction & the old skate park building & grounds". The term of this lease is for a period of one (1) year starting April 11, 2016, and will automatically be renewed each year thereafter unless the lessor submits in writing to the lessee with 90 days of the anniversary date intent to terminate said lease. Lessee agrees to pay one dollar (\$1) per year.

Baily Hotel, LLC – The right to the use of parking spaces on the ramp leading to the fourth floor of the parking garage, but not exceeding 180 parking spaces. Lease dated January 10, 2011 and renewed January 10, 2012. The term of the lease is twenty years from the day the hotel opens. There is a twenty year extension with the lessee giving the lessor a note of extension at least 90 days before the end of the original term. The lessee agrees to pay monthly three dollars (\$3) per night per rented room in the lessee two (2) hotels or three percent (3%) of the gross monthly room receipts whichever is greater.

Rustic Roots on Second Street, LLC – building located at 237 Second Street Suite 4, Pikeville, KY 41501 to be used solely as an artisan/cultural retail business. The term of the lease is for a period of five (5) years commencing on October 14, 2014 and has two (2) automatic five (5) year roll over of terms unless lessee terminates the lease in writing within 60 days prior to the end of the lease. Lessee agrees to pay one dollar (\$1) annually for the first five (5) years, then rent will be as set forth in the lease.

East Kentucky Network, LLC D/B/A Appalachian Wireless – Use of a portion of the parking garage to construct, maintain and operate telephone and power service lines property for service of the Licensee's equipment and facilities. Term of the agreement is five (5) years unless either party provides written notice that it does not wish to renew within 60 days prior to the end of the then-current term. Lessee agrees to pay \$250 per month.

Pikeville Medical Center, Inc. – Tract of land located on Chloe Road and Baily Blvd contiguous to the current Fire Station #1. Lease begins July 31, 2017 for an initial term of 10 years, with automatic renewals for consecutive five (5) year terms unless either party provides written notice of non-renewal at least 90 days prior to the end of the then current term. PMC agrees to pay \$15,000 per year, with the City having the right to increase the rent on August 20, 2020 by no more than 2.5% of previous annual rent once every three (3) years.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
City of Pikeville, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City of Pikeville, Kentucky's basic financial statements, and have issued our report thereon dated December 8, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Pikeville, Kentucky's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Pikeville, Kentucky's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Commissioners
City of Pikeville, Kentucky

Page 2

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Commissioners
City of Pikeville, Kentucky

Report on Compliance for Each Major Federal Program

We have audited the City of Pikeville, Kentucky's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Pikeville, Kentucky's major federal programs for the year ended June 30, 2017. City of Pikeville, Kentucky's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Pikeville, Kentucky's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Pikeville, Kentucky's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Pikeville, Kentucky's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Pikeville, Kentucky, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

To the Board of Commissioners
City of Pikeville, Kentucky

Page 2

Report on Internal Control over Compliance

Management of the City of Pikeville, Kentucky, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Pikeville, Kentucky's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2017

NOTE A—BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Pikeville, Kentucky under programs of the federal government for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Pikeville, Kentucky, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Pikeville, Kentucky.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and/or OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The City of Pikeville, Kentucky has not currently elected to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

NOTE D – LOAN BALANCES

Loans from the US Department of Agriculture, Rural Development.

Taxable Series 2010s-1 Build America Bonds	\$	1,373,500
Non Taxable Series 2010s-2 Build America Bonds		1,681,500
Marion's Branch Water Sewer		3,166,000

CITY OF PIKEVILLE, KENTUCKY
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 Year Ended June 30, 2017

SECTION I – SUMMARY OF AUDITORS’ RESULTS

1. The auditor’s report expresses an unmodified opinion on whether the financial statements of City of Pikeville, Kentucky were prepared in accordance with GAAP.
2. No significant deficiencies were disclosed during the audit of the financial statements. No material weaknesses are reported.
3. No instances of noncompliance material to the financial statements of City of Pikeville, Kentucky were disclosed during the audit.
4. No significant deficiency in internal control over major federal award programs disclosed during the audit. No material weaknesses are reported.
5. The auditor’s report on compliance for the major federal award programs for City of Pikeville, Kentucky expresses an unmodified opinion on all major federal programs.
6. No Audit findings that are required to be reported in accordance with 2 CFR section 200.516(a) are reported in this Schedule.
7. The programs tested as major programs included:

Name	CFDA #
Abandon Mine Lands Program – Marion’s Branch Industrial Site - Speculative Building	15.252

8. The threshold for distinguishing Types A and B programs was \$750,000.
9. City of Pikeville, Kentucky was determined to be a low risk auditee.

SECTION II – FINDINGS – FINANCIAL STATEMENT AUDIT

There were no findings related to federal awards.

SECTION III – FINDINGS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

There were no findings or questioned costs related to the major federal programs which are required to be reported in accordance with 2 CFR Section 200.516(a) of the Uniform Guidance.

City of Pikeville, Kentucky

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Pikeville, Kentucky's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5-12 and 63-79 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pikeville, Kentucky's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2018, on our consideration of the City of Pikeville, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Pikeville, Kentucky's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis June 30, 2018

Our discussion and analysis of the City of Pikeville's financial performance provides an overview of the city's financial activities for the fiscal year ending June 30, 2018. Please review in conjunction with the city's financial statements.

REVIEWING THE ANNUAL REPORT

The annual report covers multiple financial statements. The Statement of Net Position and the Statement of Activities supply data about the activities of the city as a whole and provide information regarding the city's finances. For government activities, these statements provide long-term and short-term information about the city's overall status. Financial reporting is similar to that found in the private sector with its basis in full accrual accounting. Fund financial statements show city operations in more detail than government-wide statements, as they provide information about the city's most important funds.

FINANCIAL HIGHLIGHTS

Due to this year's operations, the city's Net Position is as follows: Net Position of business-type activities was \$29,064,001 and Net Position of governmental activities was \$67,704,270.

- The current year's expense total was \$19,175,703 as compared to the \$20,695,904 generated in fees and charges, grants, general revenues, and taxes for governmental programs (before extraordinary items). In the previous year, expenses were \$15,532,333 as compared to the \$19,460,738 generated in tax and other revenues for governmental programs (before extraordinary items).
- For business-type activities, city revenues were \$9,049,799. Expenses were \$8,366,238. In the previous year, city revenues were \$8,607,788. Expenses were \$8,200,338.
- The annual cost of all city programs was \$27,541,941. The previous year's cost was \$23,732,671.

THE CITY AS A WHOLE ANALYSIS

Because the Statement of Net Position and the Statement of Activities provide facts about the city as a whole, the statements can help determine if a city's financial condition has improved or deteriorated as a result of the year's activities. All assets and liabilities are included in the statements using the accrual basis of accounting. The accrual method is comparable to the accounting used by most private corporations. All current year revenues and expenses are included. It does not matter when cash is paid or received.

These statements give an account of the city's Net Position and any changes in those assets. However, to truly judge the condition of the city, some non-financial factors, such as diversification of the taxpayer base or the condition of the city's infrastructure, must be considered in addition to the financial information provided in this report.

The Statement of Net Position and the Statement of Activities divide the city into two types of activities:

- 1) **Governmental activities:** The city's basic services are accounted for in this section, including the police, fire, public works, parks departments and general administration. Property taxes, franchise fees, and state and federal grants finance the majority of these activities.
- 2) **Business-type activities:** These activities are reported in the fund financial statements and generally report services for which the city charges customers a fee. There are two kinds of Business-type activities. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as Business-type activities in the government-wide statements. Services are provided to customers external to the city organization such as water utilities. Internal service funds provide services and charge fees to customers within the city organization such as fleet services (maintenance and repair of vehicles) and the print shop (mail and printing services for city departments). Because the city's internal service funds primarily serve governmental functions, they are included within the Governmental activities of the government-wide financial statements.

Management's Discussion and Analysis
June 30, 2018

DETAILING THE MOST IMPORTANT FUNDS

The fund financial statements provide detailed information about the most important funds of the city. Certain funds are mandated by State law and by bond agreements. Other funds are established to manage money, meet legal requirements or for certain taxes or grants.

- Government funds: Basic services are reported in government funds. Government fund financial statements detail how money flows in and out of the funds and reports the balances at year-end that are on hand for disbursement. Government funds are reported using an accounting method called modified accrual accounting. This method measures cash and financial assets that can easily be converted to cash. The governmental fund accountability focuses on the use of spendable resources during the year and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the next term.

Budgetary comparison statements are included in the basic financial statements for the general fund and major revenue fund. These statements and schedules demonstrate compliance within the city adopted and final revised budget.

- Proprietary funds: Proprietary funds are those in which the city charges for services it provides, both to city units and outside customers. Proprietary funds are reported in the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position. The city's enterprise funds, a component of proprietary funds, are the same as the business-type activities we report in the government-wide statements, but they give more detailed information such as cash flow. Another component of proprietary funds are internal service funds. Internal service funds cover activities that provide supplies and services for city programs.

CITY SERVING AS TRUSTEE

Due to trust arrangements, the city is often accountable for assets that can only be used for trust beneficiaries. All of these trustee proceedings are detailed in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position, if required. Because the city cannot use these assets to finance its operations, these activities are not included in other financial statements. However, the city must be certain the assets detailed in these funds are used for their intended purposes.

NOTES TO FINANCIAL STATEMENTS

The notes provide additional information that is necessary for a full understanding of the data provided in the accompanying financial statements.

OTHER INFORMATION

In addition to the financial statements and notes, this report contains supplementary information and details of the accompanying financial statements.

CITY AS A WHOLE

The city's combined Net Position from the previous year was \$97,357,801 as compared to \$96,768,272 this year. However, Net Position and expenses from governmental and business-type activities must be reviewed separately. Table 1 focuses on the Net Position and Table 2 focuses on changes in the Net Position of the city's governmental and business-type activities.

The city's Net Position for governmental activities were \$67,722,302 this year as compared to \$69,055,986 last year. Unrestricted Net Position was \$6,569,157 last year as compared to \$3,020,558 this year. Unrestricted Net Position are those that can be used to finance every-day operations without restrictions set by legislation, debt covenants, or other legal regulations.

The Net Position of the city's business-type activities was \$29,045,970 this year as compared to \$28,301,815 last year.

City revenues (excluding extraordinary items) for the current year were \$29,745,747 as compared to \$28,068,526 in the previous year. The total yearly cost of all programs and services was \$27,541,941 as compared to \$23,732,761 in the previous year.

Management's Discussion and Analysis
June 30, 2018

GOVERNMENTAL ACTIVITIES

This year's governmental activities revenues (Table 2) were \$20,579,083 as compared to \$19,460,738 last year. The year's governmental activities cost was \$19,058,901 as compared to \$15,532,333 in the previous year.

Table 3 details the cost of the city's major programs as well as each program's net cost (total cost less revenues generated by the program). The net cost indicates the financial burden that was shifted to the city's taxpayers by each of these programs.

Table 3
Governmental Activities

	Total Cost of Services	
	Current Year	Previous Year
Police Department	2,315,855	2,222,848
Fire Department	2,646,948	2,449,338
Public Works	0	0
Education	0	0
Parks and Recreation	669,296	728,517
All others	9,848,049	10,131,630
Totals	15,480,148	15,532,333

BUSINESS-TYPE ACTIVITIES

This year's Business-type activities revenues (see Table 2) were \$9,049,799 as compared to \$8,607,788 last year. This year's expenses were \$8,366,236 as compared to \$8,200,338 in the previous year.

GENERAL FUND BUDGETARY STATEMENTS

The City Council revisits the budget several times during the year. The current year's budgets focus on general funds, major funds and on availability of fund resources.

CITY FUNDS

At year end the city reported a government net position (see Table 1) of \$96,768,272 as compared to \$97,357,801 in the previous year.

Management's Discussion and Analysis

At the close of the year, the city had invested \$101,387,024 in capital assets such as land, buildings and improvements, equipment or infrastructure (see Table 4). \$92,875,626 was invested in similar assets last year.

The current year's chief capital asset additions included:

- Sewer Plant Improvements
- Vehicles for various departments.
- Speculative Building at Kentucky Enterprise Industrial Park
- Radio Read Meters for water customers.

DEBT MANAGEMENT

At the close of the year, the city had \$21,208,609 in outstanding bonds and notes as compared to \$11,443,702 in the previous year (see table 5).

Table 5

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Pikeville was established by Charter on June 5th 1893.

The City of Pikeville, Kentucky (City) operates under a City Manager-Commission form of government with four commissioners and a mayor. The mayor serves a four-year term and the commissioners serve a two-year term.

The City provides the following services as authorized by its charter: public safety (police and fire), highway and streets, water, sewer, gas, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the City of Pikeville, Kentucky have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for government accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced.

The more significant of the City's accounting policies are described below.

1 – Related Organizations

The accounts of the related entities listed below are not included because these entities are autonomous agencies operating independently from the City. Their elected or appointed board contracts independently for audits of their financial statements.

Pikeville Housing Authority
Industrial Development & Economic Authority (IDEA)
Hillbilly Days Board
Pikeville/Pike County Museum Board
Pike TV, Inc.

Pikeville Scholar House
Pikeville Pike County Airport Board
East Kentucky Exposition Center Corporation
Pikeville/Pike County/Elkhorn City Joint Planning Commission
City of Pikeville Economic and Industrial Development Board

2. Committees appointed by the Commissioners

Pikeville Technical Advisory Committee
Pikeville Board of Ethics
Pikeville Historical Preservation Board

Pikeville Board of Zoning Adjustments
Pikeville Tree Board
Pikeville Vacant Property Review Board

3 – Government-Wide and Fund Financial Statements

a) Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary activities. The primary governments are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3 – Government-Wide and Fund Financial Statements (concluded)

b) Fund Financial Statements

Fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

4 – Measurement Focus, Basis of Accounting, and financial statement Presentation

The financial statements of the City are prepared in accordance with generally accepted accounting principles (GAAP). The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The City's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting, generally including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments. Reimbursements are reported as reductions to expenses. Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: property taxes, franchise taxes (fees), environmental fines and grants. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed. Likewise, fund balances that are committed or assigned would be used first for their approved purposes and unassigned fund balances would be used as needed.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5 - Fund Types and Major Funds

The City reports the following major funds:

a) Governmental Funds

General Fund - the General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Projects Control - is used to account for the construction of major capital facilities (other than those financed by proprietary funds). Principal sources of revenue are grants, City funding, and municipal long-term debt proceeds and interest income.

Debt Service Fund Types - accounts for funds used to pay debt service costs. Principal sources of revenue are City funding and interest income.

b) Proprietary Funds

The City reports the following major enterprise funds:

Water - accounts for the operating activities of the City's water utilities service.

Sewer - accounts for the operating activities of the City's sewer utilities service.

Gas - accounts for the operating activities of the City's natural gas utilities service.

Sanitation - accounts for the operating activities of the City's garbage collection service.

Outside Water - accounts for the operating activities of the City's water utilities service to customers who are located outside the city limits.

Outside Sewer - accounts for the operating activities of the City's sewer utilities service to customers who are located outside the city limits.

c) Other Fund Types

The City also reports the following fund type:

Agency - report fiduciary resources held by the City in a custodial capacity as an agent on behalf of others. The City's agency fund is used to account for various deposits.

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6 – Component Units

In accordance with GASB Statements No. 14, *The Financial Reporting Entity* and No. 39, *Determining Whether Certain Organizations Are Component Units*, as amended, the City has included in its financial statements the departments the primary government along with its discretely presented Component Unit.

The Component Unit column in the government-wide financial statements includes the financial data of the City's discretely presented component unit. It is reported in a separate column to emphasize that they are legally separate from the City. The following Component Unit is included in the reporting entity because the primary government is financially accountable for and is able to impose its will on the organization.

- a. The discretely presented component unit have a June 30 fiscal year end.

City of Pikeville Exposition Center Corporation is a legally separate entity that operates the East Kentucky Exposition Center (Expo Center). It is shown as a discretely presented component unit because:

- i. All City Commissioners are on the board of directors,
- ii. City is under contract with the Eastern Kentucky Exposition Center Corporation Board to operate it,
- iii. City enacted a restaurant tax to support the Expo Center,

The complete financials of the City of Pikeville Exposition Center Corporation (a not for profit organization) can be requested.

- b. The blended component unit has a June 30 fiscal year end.

The Pikeville Main Street Program, Inc. is a not for profit corporation with the mission to revitalize the Pikeville City Business District by utilizing a comprehensive strategy which includes organization, promotion, design, and economic restructuring, within the context of historic preservation.

- i. The City pays the salary of the director.
- ii. The City provides office space.
- iii. The Board of directors is partially appointed by the City Commission.
- iv. The entity is financially dependent on the City.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7 - Fixed Assets

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Proprietary capital assets are also reported in their respective fund financial statements. Donated assets are stated at fair value on the date donated. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

The City has complied with GASB 34 and included certain infrastructure assets in the government-wide financial statements. A listing of streets and their respective length, in feet, were provided by the city engineer with an estimated replacement cost per foot. The weighted-average age of the streets were used to determine the date in which to book the streets. The replacement cost per foot was discounted back to that date and applied to the accumulated depreciation was calculated from that date to adoption. Also, the City's bridges were booked using same method on a "per square foot" basis.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increase (revenues) and decrease (expenses) in net total assets.

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Utility plant	40 years
Machinery and Equipment	5-10 years

8 - Budgets and Budgetary Accounting

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) In accordance with the City Charter, prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year, along with actual for the current year and prior year budget. The City Charter requires that the budget be submitted in summary form. In addition, more detailed line item budgets are included for administrative control. The level of control for the detailed budgets is at the department head/function level.
- b) Public hearings are conducted to obtain taxpayer comment.
- c) Prior to June 30, the budget is to be legally enacted through passage of an ordinance.
- d) Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund, and Enterprise Funds.
- e) Budgets for the General, Debt Service, Special Revenue Funds, and Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- f) Appropriations lapse at the end of each fiscal year.
- g) The City Council may authorize supplemental appropriations during the year.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9 - Investments Policy

With prior approval of the Mayor and City Commission the Finance Director may invest in obligations of the United States and its agencies and instrumentality.

Without prior approval of the Mayor and City Commission the Finance Director may invest in certificates of deposit issued by or other-interest bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation or similar entity or which are collateralized, to the extent uninsured, by any obligations permitted by section 41.240(4) of the Kentucky Revised Statutes.

For the current fiscal year, the City invested only in certificates of deposit and savings accounts. Investments are stated at cost or amortized cost approximates market.

10 - Restricted Assets

These assets consist of cash and short-term investments restricted for tourism, debt service and other grants.

11 - Reserves

The City is required by loan agreements to maintain reserves. The City records reserves to indicate that a portion of the retained earnings and fund balance is legally segregated for a specific future use. Following is a description of each reserve used by the City and a list of all reserves:

Reserve for Debt Service - An account used to segregate a portion of fund balance for debt service resources restricted to accumulate to the maximum amount of principal and interest that will become due in any subsequent twelve-month period per the bond covenants.

Reserve for Operation and Maintenance - An account used to segregate a portion of fund balance restricted for operating and maintaining the system. The reserve reflects amounts accumulated to a balance specified in the bond covenant.

Reserve for Sinking Fund - An account used to segregate a portion of fund balance for debt service resources restricted to the payment of long-term debt principal and interest amounts maturing in future years when sufficient amounts are not reserved in bond debt service accounts.

Reserve for depreciation - An account used to segregate a portion of fund balance for amortization of capital expenditures as required per bond covenant.

Reserve for Prior Sinking Fund – Per Bond ordinance for “City of Pikeville Water and Sewer System Revenue Bonds, Series 2007.” Amount transferred from the revenue fund and deposited as required by prior bond ordinance.

CITY OF PIKEVILLE, KENTUCKY

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

12 - Revenue Recognition - Property Taxes

The City's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for both real and personal property located in the City. The City adopts the county assessment of property situated within the city limits, for both real and personal property. The assessed value of the roll, upon which the levy for 2018 fiscal year was based, was \$508,406,607 real and \$121,858,712 tangible.

The tax rates assessed for the year ended June 30, 2018 were \$.150 per \$100 valuation for real estate and \$.150 per \$100 valuation for tangible personal property.

Taxes are due on November 1 and become delinquent by February 1 following the October 1 levy date. Current tax collections for the year ended June 30, 2018 were 98.457% of the tax levy. Property taxes on vehicles are assessed at January 1, and are billed when the vehicle is licensed. These funds are collected by the Pike County Court Clerk and remitted to the City. These amounts were not used in computing the above percentage.

All property tax revenues are recognized and recorded when they become measurable and available. Available means due, or past due and receivable within the current period and collected no longer than sixty days after the close of the current period.

Property taxes receivable as of June 30, 2018 and 2017 are composed of the following:

<u>Year of Levy</u>	<u>2018 Amount</u>	<u>2017 Amount</u>
2017	\$ 13,192	\$ 0
2016	8,148	18,633

14 - Compensated Absences

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is entitled to receive accrued vacation but not accrued sick leave. Accumulated vacation pay at June 30, 2018 and 2017, respectively was \$99,114 and \$110,671.

15 - Statement of Cash Flows

For purposes of the Statement of Cash Flows; the Gas Fund, Water and Sewer Fund, and the Sanitation Fund; all highly liquid investments (including restricted assets) were considered to be cash equivalents. Highly liquid investments are defined as investments that (a) are readily convertible to known amounts of cash and/or (b) are near to their maturity that they present insignificant risk of changes in value because of changes in interest rates.

16 - Utility Deposits

The City requires a deposit be made before services will be provided for those customers who are tenants. Those deposits are for gas (\$75.00) and water (\$25.00). When the customer has services disconnected the deposit plus interest accrued is applied to their last bill and the remainder being refunded. Interest is set annual by the Public Service Commission.

17 - Prepaid Expenses

Certain payments to vendors reflects costs or deposits applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

18 - Long-term Debt and Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the bonds using the outstanding interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources or other financing uses, respectively, and issuance costs are reported as debt service expenditures.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

19 - Fund Balances

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed – includes amounts that can only be used for specific purposes. Committed fund balance is classified, rescinded or modified pursuant to ordinances passed by City Commission, City's highest level of decision making authority.
- Assigned – includes amounts that City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Amounts may be assigned by the Finance Director under the authorization of the Mayor's Office.
- Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. City reports all amounts that meet the unrestricted General Fund Balance Policy as unassigned.

20 - Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County Employees' Retirement System (CERS) and additions to/deductions from the CERS' fiduciary net position have been determined on the same basis as they are reported to CERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are recorded at fair value. See note 12 for further discussion.

21 - Postemployment Benefits Other Than OPEBs (OPEB)

For purposes of measuring the liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the KRS (CERS) System of the State of Kentucky and additions to/deductions from CERS' fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

22 - Date of Managements Review

Subsequent events were evaluated through November 26, 2018, which is the date the financial statements were available for review.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE B – DEFERRED OUTFLOW OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

In June of 2011, GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The statement provides financial reporting guidance for deferred outflows of resources, which are consumptions of net position by the government that is applicable to a future reporting period and deferred inflows of resources which are acquisitions of net position by the government that is applicable to a future reporting period.

Statement No. 63 amends the net asset reporting requirements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The adoption of Statement No. 63 resulted in a change in the presentation of the *Statement of Net Assets* to what is now referred to as the *Statement of Net Position* and the term “net assets” is changed to “net position” throughout the financial statements. Statement No. 63 also amends the reporting of the “net investment in capital assets” component of net position. This component consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are now required to be included in this component of net position.

In March of 2012, GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. The Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

NOTE C - LONG-TERM DEBT

The following is a summary of bonds and notes payable of the City for the year ended June 30, 2018.

CHANGES IN LONG-TERM DEBT:

<u>DESCRIPTION</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>

NOTE D - LEASE COMMITMENTS

Eastern Kentucky Exposition Center Corporation - A 99 year lease of the Eastern Kentucky Exposition Center for \$1 per year with the right to terminate the lease upon the City giving the EKECC a one year notice.

PITNEY BOWES - A three year lease for a postage machine for city hall, and fire station. Quarterly payments are in the amounts of \$892.47, and \$117.00. Lease is cancelable by either party upon ninety days written notice.

PITNEY BOWES - A five year lease for a postage machine for the police Department. Quarterly payments are in the amounts of \$157.62. Lease is cancelable by either party upon ninety days written notice.

Dilco Development Company - leases the Dils Cemetery located adjacent to the Pikeville Bypass Road and Chloe Creek Road for \$1.00 per year. The lease is for a term of fifteen years, automatically renewed for successive one-year terms under the same terms and conditions, termination can be by either party upon giving 180 days' notice prior to the end of the term.

Appalachian News-Express – lease property on Second Street for the City to construct public seating area with tables and chairs for consideration of \$1 and full of terms of lease starting June 30, 2014 and renew for successive one year terms unless either party notifies the other in writing of its intent not to renew 30 days prior to the expiration.

Jubilee Christian Assembly of God, Inc. - A twenty year lease of land to be used as a boat ramp and parking. Payments are in the amount of \$1 and the agreement to seal the church's parking lot every two years for ten years.

Branch Banking and Trust Company - Property located at the intersection of Pike Street and Main Street portion of the Parking Lot. Lease shall begin on March 1, 2013 and shall continue for five (5) years until February 28, 2018. So long as Lessee complies with all of the terms and conditions of this Lease the Lessee shall not be required to pay rent for its use of the premises.

Kinzer Business Realty, LTD – property located along Thompson Road for a term of two (2) years beginning March 1, 2017. The lessee agrees to pay one dollar and complete property improvements as described in the agreement.

The related future minimum lease payments are shown in table.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE G - COMMITMENTS AND CONTINGENCIES

LITIGATION - Various claims and lawsuits are pending against the City. In the opinion of the City attorney, the potential loss on all claims will not be significant to the City's Financial Statements.

FEDERAL GRANT PROGRAMS - In the course of operations, the City receives grant funds from various federal and state government agencies to be used for designated purpose only. The grant programs are subject to audit by agents of the granting authorities, the purpose of which is to ensure compliance with conditions surrounding the granting of funds. If a grantor's review indicates that the funds have not been used for the intended purpose, the grantor may request a refund of monies advanced or refuse to reimburse the City for its expenditures. In management's opinion, any liability for any refunds or reimbursements which may arise as a result of audits of grant funds would not have a material impact on the financial position of the City. Continuation of the City's grant programs is predicated upon the grantor's satisfaction that the funds provided are being spent as intended and the grantor's intent to continue their programs.

Construction Commitments - The City has active construction projects as of June 30, 2018 and has committed to other projects that will begin in fiscal year end June 30, 2019.

NOTE H - MANAGEMENT CONTRACT

The City contracted with the UMG to manage the Street, Parks, Water and Sewer, Gas, and Garbage departments of the City. The contract went into effect on December 2006.

UMG is paid a monthly fee and in turn they pay certain expenses relating to the operation of the above departments.

The City bills and collects all utility charges and related fees.

NOTE I - HELLIER MANOR APARTMENTS, LTD (HDG GRANT)

In 1984 the City received a Housing Development Grant (HDG) from the U. S. Department of Housing and Urban Development in the amount of \$1,430,002. The City loaned the grant proceeds to Hellier Manor Apartments, Ltd. (HMA) who used the funds, in addition to bond proceeds, to construct the Ridge Cliff Apartments.

These funds are to be repaid over a twenty-year period that will commence when the bonds are paid and is to be paid from profits in excess of a 10% return on investment.

Due to the length of time between the origination of the loan and the commencement of payment, and the possibility of unforeseen conditions, the likelihood of collection is such that it cannot be predicted, thus this loan receivable is not recorded.

The City has filed suit in this case.

Hellier Manor Apartments, LTD has started making deposits into an escrow account. The City records these funds as deferred revenue and this account now has a balance of \$210,427.99.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE J - RETIREMENT PLAN

KENTUCKY RETIREMENT SYSTEM - County Employees Retirement System (CERS)

Plan descriptions: All eligible full time employees are covered under the County Employees' Retirement System (CERS). CERS is a cost sharing, multi-employer, defined benefit, and public employers' retirement system administered by the Kentucky Retirement Systems. The plan covers substantially all regular fulltime members employed in non-hazardous and hazardous duty positions of each county, city and any additional eligible local agencies electing to participate in the plan. The plan provides for retirement, disability and death benefits to plan members.

CERS operates on a fiscal year ending on June 30 and issues a publicly available financial report included in the Kentucky Retirement Systems Annual Report that includes financial statements and the required supplementary information for CERS. That report may be obtained by writing to Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky, 40601, or by calling (502) 564-4646 or at <https://kvret.ky.gov>.

Benefits provided: Benefits under the plan will vary based on final compensation, years of service and other factors as fully described in the plan documents.

The benefits of all vested members are based on years of service and final compensation. Annual benefits are computed based on 2.2% of Final Compensation multiplied by Years of Service as defined under the plan. The Plan provides for benefits upon early retirement based on the number of years of service and age. Additional details can be found in the Plan.

Tier 1: Nonhazardous: This tier is for members who began participation on or before September 1, 2008. Retirement benefits are based upon a 5-High Final Compensation. When Final Compensation is based on the 5-High, it must include at least 48 months and a minimum of five fiscal years. The years used do not have to be full (12 month) years.

Tier 2: Nonhazardous: This tier is for members who began participation on or after September 1, 2008 and January 1, 2014. Retirement benefits are based upon your last 5 years' salaries. When Final Compensation is based on the last five salaries, it must include 60 months - the years used must be full (12 month) years.

Tier 3: Cash Balance Plan: This new benefit tier is for members who began participation on or after January 1, 2014. A Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. A Cash Balance Plan resembles a defined contribution plan because it determines the value of benefits for each participant based on individual accounts. However, the assets of the plan remain in a single investment pool like a traditional defined benefit plan. A Cash Balance Plan resembles a defined benefit plan since it uses a specific formula to determine benefits. The Hybrid Cash Balance plan was established as part of Senate Bill 2, which was enacted by the Kentucky General Assembly during its 2013 Regular Session.

Hazardous retirement benefits are based upon a 3-High Final Compensation. When Final Compensation is based on the 3-High, it must include at least 24 months and a minimum of three fiscal years. The years used do not have to be full (12 month) years.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE J - RETIREMENT PLAN (Continued)

Contributions: Employers contribute at the rate determined by the Board of Trustees, of the Kentucky Retirement Systems, to be necessary for the actuarial soundness of the systems as required by KRS 61.565. The employer rate is reviewed annually following the valuation by a consulting actuary. *Employer contributions are not deposited to member accounts.* Employer contributions are deposited to the Retirement Allowance Account and are used to pay monthly benefits and the expenses of the systems. Funding for this Plan is provided through payroll withholdings from the employee's total compensation subject to contribution. All required contributions were made. Covered wages and contribution percentages and amounts of contributions required for CERS are shown on the previous page.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the pensions' funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among the plans and employers.

CERS does not make separate measurements of assets and pension benefit obligation for individual employers. As the City is only one of several employers participating in the Plan, it is not practicable to determine the City's portion of the unfunded past service cost or the vested benefits of the City's portion of the Plan assets.

At June 30, 2018, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2017. An expected total pension liability as of June 30, 2017 was determined using standard roll-forward techniques. The City's proportion of the net pension liability was based on contributions to CERS during the fiscal year ended June 30, 2017. At June 30, 2017, the City's proportion was 0.087654% non-hazardous and 0.285680% hazardous.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE J - RETIREMENT PLAN (Continued)

For the year ended June 30, 2018, the City recognized pension expense of \$1,943,644. At June 30, 2018, the City reported deferred outflows of resources for City contributions subsequent to the measurement date of \$946,528, plus deferred outflows of resources related to pensions from the net difference between projected and actual earnings on pension plan investments in the amount of:

Deferred Outflows of Resources for:	
Liability Experience	\$ 240,795
Changes of Assumptions	2,221,695
Investment Experience	825,569
Change in Proportion and Differences Between Employer Contributions and Proportionate Share of Plan Contributions	333,489
	<u>\$ 3,621,548</u>
Deferred Inflows of Resources for:	
Liability Experience	\$ 130,238
Assumption Changes	0
Investment Experience	706,257
Changes in Proportion & Differences Between Employer Contributions & Proportionate Share of Contributions	229,103
	<u>\$ 1,065,598</u>

City contributions subsequent to the measurement date of \$891,593 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to CERS will be recognized in pension expense as shown:

Year	Pension Expense
2018	\$ 548,771
2019	495,527
2020	212,683
2021	-65,880
Thereafter	0
	<u>\$ 1,191,101</u>

Actuarial Methods and Assumptions: The total pension liability for CERS was determined by applying procedures to the actuarial valuation as of June 30, 2017. The financial reporting actuarial valuation as of June 30, 2017, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2017
Experience Study	July 1, 2008- June 30, 2013
Actuarial Cost Method	Entry Age
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	27 years
Asset Valuation Method	5-year smoothed market
Inflation	2.30%
Salary Increase	2.00%, average, including inflation
Investment Rate of Return	6.25%, net of pension plan investment expense, including inflation

The rates of mortality for the period after service retirement are according to the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back 1 year for females) for all healthy retired members and beneficiaries. The RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back 4 years for males) is used for the period after disability retirement. These assumptions are used to measure the probabilities of each benefit payment being made after retirement. These assumptions contain margin for mortality improvements.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE J - RETIREMENT PLAN (Continued)

Several factors are considered in evaluating the long-term rate of return assumption including long term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense, and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by CERS's investment consultant, are summarized in the table Asset Class:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity*	17.50%	5.97%
International Equity*	17.50%	7.85%
Global Bonds	4.00%	2.63%
Global Credit	2.00%	3.63%
High Yield	7.00%	5.75%
Emerging Market Debt	5.00%	5.50%
Private Credit	10.00%	8.75%
Real Estate*	5.00%	7.63%
Absolute Return	10.00%	5.63%
Real Return	10.00%	6.13%
Private Equity	10.00%	8.25%
Cash	2.00%	1.88%
	<u>100.00%</u>	

* Long-Term Expected Real Rates of Return may vary by plans depending on the risk tolerance of the plan.

Discount Rate: The discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment return of 6.25%. The long-term assumed investment rate of return was applied to all periods of projected of benefit payments to determine the total pension liability.

The Schedule of Deferred Inflows and Outflows, and Pension Expense include only certain categories of deferred outflows of resources and deferred inflows of resources. These include differences between expected and actual experience, changes of assumptions and differences between projected and actual earnings on plan investments. The Schedule does not include deferred outflows/inflows of resources for changes in the employer's proportionate share of contributions or employer contributions made subsequent to the measurement date. The net pension liability as of June 30, 2016, is based on the June 30, 2016, actuarial valuation for the first year of implementation. As a result, there are no differences between expected and actual experience or changes in assumptions subject to amortization. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five year period.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE J - RETIREMENT PLAN (concluded)

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate: The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50 %, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 %) or 1-percentage-point higher (8.50 %) than the current rate:

	City's proportionate share of the net pension liability:		
	1% Decrease (5.25%)	Current discount rate (6.25%)	1% Increase (7.25%)
Non-Hazardous	\$ 6,470,869	\$ 5,130,658	\$ 4,009,582
Hazardous	8,036,100	6,391,457	5,033,223
Total	<u>\$ 14,506,969</u>	<u>\$ 11,522,115</u>	<u>\$ 9,042,805</u>

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued CERS financial report which is publically available at <https://kyret.ky.gov>.

Payables to the pension plan: At June 30, 2018 the City had payables to CERS in the amount of \$0 for June's covered payroll with contributions required to be paid in July.

NOTE K – COUNTY EMPLOYEE RETIREMENT SYSTEM OPEB PLANGeneral Information about the OPEB Plan

Plan description – employees of the City are provided OPEBs through the County Employees Retirement System (CERS)—a cost-sharing, multiple-employer defined benefit OPEB plan administered by the Kentucky General Assembly. CERS issues a publicly available financial report that can be obtained at <https://kyret.ky.gov>.

The state reports a liability, deferred outflows of resources and deferred inflows of resources, and expense as a result of its statutory requirement to contribute to the CERS Medical Insurance and Life Insurance Plans. The following information is about the CERS plans:

Medical Insurance Plan

Plan description – Under the provisions of Kentucky Revised Statute Section 61.701, the KRS Board administers the Kentucky Retirement Systems Insurance Fund. The statutes provide for a single insurance fund to provide group hospital and medical benefits to retirees drawing a benefit from the three pension funds administered by KRS: (1) KERS; (2) CERS; and (3) SPRS. The assets of the Insurance Fund are also segregated by plan.

Benefits provided – The Kentucky Retirement Systems' Insurance Fund (Insurance Fund) was established to provide hospital and medical insurance for eligible members receiving benefits from KERS, CERS, and SPRS. The eligible non-Medicare retirees are covered by the Department of Employee Insurance (DEI) plans. KRS submits the premium payments to DEI. The City contracts with Humana to provide health care benefits to the eligible Medicare retirees through a Medicare Advantage Plan. The Insurance Fund pays a prescribed contribution for whole or partial payment of required premiums to purchase hospital and medical insurance.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE K – COUNTY EMPLOYEE RETIREMENT SYSTEM OPEB PLAN (Continued)
General Information about the OPEB Plan (Concluded)

As a result of House Bill 290 (2004 Kentucky General Assembly), medical insurance benefits are calculated differently for members who began participating on, or after, July 1, 2003. Once members reach a minimum vesting period of 10 years, non-hazardous employees whose participation began on, or after, July 1, 2003, earn \$10 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Hazardous employees whose participation began on, or after, July 1, 2003 earn \$15 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Upon death of a hazardous employee, the employee’s spouse receives \$10 per month for insurance benefits for each year of the deceased employee’s earned hazardous service. This dollar amount is subject to adjustment annually, which is currently 1.5%, based upon Kentucky Revised Statutes. This benefit is not protected under the inviolable contract provisions of Kentucky Revised Statute 16.652, 61.692 and 78.852. The Kentucky General Assembly reserves the right to suspend or reduce this benefit if, in its judgment, the welfare of the Commonwealth so demands.

Contributions - Funding for CERS is provided by members who contribute 5% (6.00% for employees hired after September 1, 2008) of their salary through payroll deductions and by employers of members who contribute 17.06% of the member’s salary. The contribution requirements of CERS are established and may be amended by the CERS Board of Trustees.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2018, the City reported a liability of \$4,126,780 for its proportionate share of the collective net OPEB liability that reflected a reduction for state OPEB support provided to the City. The collective net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the collective net OPEB liability was based on a projection of the City’s long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the City’s proportion was 1.86 percent, which was an increase of .0001 from its proportion measured as of June 30, 2016 (1.85 percent).

The amount recognized by the City as its proportionate share of the OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the City were as follows:

City’s proportionate share of the net OPEB liability	
Non-Hazardous	\$ 1,765,145
Hazardous	<u>2,361,635</u>
Total	<u>\$ 4,126,780</u>

For the year ended June 30, 2018, the City recognized OPEB expense of:

Non-Hazardous	\$ 208,803
Hazardous	<u>359,535</u>
Total	<u>\$ 568,338</u>

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE K – COUNTY EMPLOYEE RETIREMENT SYSTEM OPEB PLAN (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
	Non-Hazardous	Hazardous	Total	Non-Hazardous	Hazardous	Total
Liability Experience	\$ 0	\$ 0	\$ 0	\$ 4,894	\$ 5,503	\$ 10,397
Changes of assumptions	383,432	871,108	1,254,540	0	0	0
Investment Experience	0	0	0	83,278	148,173	231,451
Changes in proportion and differences						
between District contributions and proportionate share of contributions	0	0	0	4,089	470	4,559
District contributions subsequent to the measurement date	0	0	0	0	0	0
Total	<u>\$ 383,432</u>	<u>\$ 871,108</u>	<u>\$ 1,254,540</u>	<u>\$ 92,261</u>	<u>\$ 154,146</u>	<u>\$ 246,407</u>

Of the total amount reported as deferred outflows of resources related to OPEB, \$0 resulting from City contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the collective net OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the City's OPEB expense as follows:

Year ended June 30:	Non-Hazardous	Hazardous
	2019	\$ 50,099
2020	50,099	207,345
2021	50,099	207,345
2022	50,099	96,926
2023	70,919	0
Thereafter	19,857	0
	<u>\$ 291,172</u>	<u>\$ 718,961</u>

Actuarial assumptions – The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.30%
Payroll growth rate	2.00%
Projected salary increases	3.05%
Investment rate of return	6.25%
Healthcare cost trend rates	
Under 65	Initial trend starting at 7.25% at January 1, 2019 and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years.
Ages 65 and older	Initial trend starting at 5.10% at January 1, 2019, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 11 years.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE K – COUNTY EMPLOYEE RETIREMENT SYSTEM OPEB PLAN (Continued)OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (Continued)

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set-back for one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back four years for males) is used for the period after disability retirement.

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by CERS's investment consultant, are summarized in the following table:

Asset Class	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity*	17.50%	5.97%
International Equity*	17.50%	7.85%
Global Bonds	4.00%	2.63%
Global Credit	2.00%	3.63%
High Yield	7.00%	5.75%
Emerging Market Debt	5.00%	5.50%
Private Credit	10.00%	8.75%
Real Estate*	5.00%	7.63%
Absolute Return	10.00%	5.63%
Real Return*	10.00%	6.13%
Private Equity	10.00%	8.25%
Cash	2.00%	1.88%
Total	<u>100.00%</u>	<u>6.56%</u>

Discount Rate - The projection of cash flows used to determine the discount rate of 5.83% for KERS Non-hazardous, 5.87% for KERS Hazardous, 5.84% for CERS Non-hazardous, and 5.96% for CERS Hazardous assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 26 years (closed) amortization period of the unfunded actuarial accrued liability. The discount rate determination used an expected rate of return of 6.25%, and a municipal bond rate of 3.56%, as reported in Fidelity Index's "20 -Year Municipal GO AA Index" as of June 30, 2017. However, the cost associated with the implicit employer subsidy was not included in the calculation of the System's actuarial determined contributions, and any cost associated with the implicit subsidy will not be paid out of the System's trusts. Therefore, the municipal bond rate was applied to future expected benefit payments associated with the implicit subsidy. The target asset allocation and best estimates of arithmetic nominal rates of return for each major asset class are summarized in the CAFR.

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (Concluded)

The following table presents the City's proportionate share of the collective net OPEB liability of the System, calculated using the discount rate of 8.00%, as well as what the City's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current rate:

	<u>1% Decrease Rate (4.83%)</u>	<u>Current Discount Rate (5.83%)</u>	<u>1% Increase Rate (6.83%)</u>
City's net OPEB liability			
Non Hazardous	\$ 2,242,232	\$ 1,762,145	\$ 1,363,637
	<u>Rate (4.96%)</u>	<u>Rate (5.96%)</u>	<u>Rate (6.96%)</u>
Hazardous	\$ 3,164,915	\$ 2,361,635	\$ 1,074,421

Sensitivity of the City's proportionate share of the collective net OPEB liability to changes in the healthcare cost trend rates – The following presents the City's proportionate share of the collective net OPEB liability, as well as what the City's proportionate share of the collective net OPEB liability would be if it were calculated using healthcare cost trend rates that were 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
City's net OPEB liability			
Non-Hazardous	\$ 1,351,656	\$ 1,762,145	\$ 2,295,757
Hazardous	\$ 1,671,765	\$ 2,361,635	\$ 3,215,454

OPEB plan fiduciary net position – Detailed information about the OPEB plan's fiduciary net position is available in the separately issued CERS financial report.

NOTE L – DEFERRED COMPENSATION PLAN

The City of Pikeville adopted Plan I and Plan II under the Kentucky Public Employees Deferred Compensation Authority allowing eligible employees to defer a portion of their compensation under Internal Revenue Code sections 457 and 401 (k). The plan was adopted for payroll ending October 16, 1998.

Funding for these plans is provided through payroll withholdings that are set by the employees. The City of Pikeville elected not to match any contribution to these funds for any employee. The contributions, by employees, to the 457 and 401 (k) are as follows:

<u>Year</u>	<u>457</u>	<u>401 (k)</u>
2018	\$ 17,960	\$ 7,840
2017	\$ 22,060	\$ 7,440
2016	\$ 20,910	\$ 10,380
2015	\$ 22,792	\$ 12,955
2014	\$ 20,615	\$ 9,490

NOTES TO THE FINANCIAL STATEMENTS
 JUNE 30, 2018

NOTE M - RETIREMENT BENEFITS ORDINANCE

The City Board of Commissioners adopted ordinance no. 0-98-001 establishing parameters for certain retirement benefits. The ordinance establishes benefits for employees that meet the following criteria:

1. Were employed by the City of Pikeville on August 25, 1975;
2. Have completed at least 25 years of employment with the City of Pikeville; and
3. Retired from employment for the City of Pikeville.

The pension shall be \$500.00 per month payable from general funds, but there shall be a dollar for dollar offset for any other pension or retirement benefits received from any other source other than Social Security or SSI. The pension is payable only to the employee for and during his natural life. No disability plan or fund is established. No policemen or firemen are eligible to participate in this retirement plan.

The “pension benefit obligation” is a standardized disclosure measure of the present value of pension benefits estimated to be payable in the future. This obligation could not be computed as information as to the number employees who are eligible, life expectancy, and the amount of other pensions or retirement benefits being received by those eligible. Due to the inability to compute the liability, no conclusions as to the materiality can be ascertained.

NOTE N - DEPOSITS WITH FINANCIAL INSTITUTIONS

At June 30, 2018, the carrying amount of the City’s deposits with financial institutions was \$26,531,015 and the bank balance, per statements, was \$28,261,645. The bank balance is categorized as follows:

Amount insured by the FDIC	\$	1,011,514
Amount collateralized with an FHLB letter of credit (\$28,400,000):		27,247,554
Amount collateralized with securities held by third party in the City’s name:		2,577
Uncollateralized (\$ 0 of this amount is collateralized with securities held by the pledging financial institution):		0
Total Bank Balance	<u>\$</u>	<u>28,261,645</u>

CITY OF PIKEVILLE, KENTUCKY

CITY OF PIKEVILLE, KENTUCKY

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE P - LEASE AGREEMENTS

South East Kentucky Chamber of Commerce, Inc. – Leases the building at 178 College Street. The lease is for a term of one (1) year. Rent will be in the amount of \$650 per month.

Pikeville Area Family YMCA, Inc. - YMCA leases several properties:

a - Land located in Bob Amos Park for consideration of \$1.00 per year for a term of fifty years. This agreement is dated December 31, 1991.

b - Softball Field located in Bob Amos Park for consideration of \$1.00 per year for a period of one year and the right to renew for five additional one year terms. Either party has the right to cancel by giving thirty days written notice of the parties' intent to terminate this lease or renewal thereof.

Model City Day Care Center, Inc. - Leases daycare facilities located on Bank Street in Pikeville, Kentucky for \$1.00 per year. The lease is for a term of two years ending on December 31, 1992, renewable for two consecutive two year terms under the same terms and conditions, upon on written notice by Model City Day Care Center, Inc. of its intent to renew 180 days prior to the end of the term of the lease or any renewal thereof. Any renewal is contingent on the Model City Day Care Center, Inc. being in substantial compliance with this agreement.

As amended on December 14, 2009 the term of the lease is extended to include the period of January 1, 2010 to December 31, 2012 and is extendable for two consecutive two-year terms by written notification 180 days prior to the end of the term.

Channel 51 - Leases the land located on Hambley Boulevard for consideration of \$10,917.43 a year.

Pikeville Independent Board of Education - Use of the Hambley Athletic Complex for consideration of \$20,000 per year for the life of the general obligation bonds; \$4,334 per month for the Maintenance and Operation rental Fee. The Board is billed monthly.

University of Pikeville – Use of Hambley complex \$2,667.00 per month.

East Kentucky Broadcasting, DBA EKB-TV – Use of equipment, fiber and assets for the use in general business practice in TV or Radio broadcasting studio for a period of five (5) years with one five (5) year rollover term unless lessee or lessor terminates with 60 days prior to end of term. Rent shall be \$3,000 per month commencing July 1, 2014.

Texas Roadhouse – Use of land on Thompson Road for construction of a restaurant. Lease is for a term of fifteen (15) years with annual rental of \$80,000 for the first five years and \$83,200 for remainder of original term. Tenant has the right to renew for three successive and additional five-year periods.

Jenny Wiley Drama Association (JWT) – Property located 224 Second Street developed as a permanent regional professional theater building. JWT agrees to locate and have an operating office and agrees to produce a minimum of five (5) productions per year for year-round professional, children and dinner theatre shows. The initial term of the lease will be twenty (20) years and the City may, at its option, a five (5) year extension term. JWT agrees to pay one dollar (\$1) annually. Lease started May 30, 2014.

Pikeville Farmer's Market Inc. – Property located at 130 Adams Lane known as the Pikeville Pavilion for the purpose of offering their locally produced goods for sale to the general public. The term of this lease is month to month, and both parties may at their discretion terminate this agreement at any time in writing. Lessee agrees to pay one dollar (\$1) annually.

Roasted Appalachia, LLC – Real estate at 787 Hambley Blvd to be used as a gourmet café, sandwich and sweets business. The term of lease is five (5) years commencing January 24, 2014 and ending January 24, 2019, with two additional five (5) year automatic renewals unless lessee terminates lease by submitting in writing within 60 days prior to the end of the term of the lease. Rent payments of one dollar (\$1) are payable annually for the first 5 years, after which rent will be paid in the amount of 5% of monthly profit up to \$1,000 or 5% of yearly profit up to \$12,000.

NOTES TO THE FINANCIAL STATEMENTS

NOTE P - LEASE AGREEMENTS (concluded)

Betty Tackett DBA Dreamz Stables – Real estate in Bob Amos Park known as the “Pikeville City Equestrian Barn” for the purpose of the operation of an equine facility. Lease began January 15, 2014 a period of one (1) year. The lease will automatically renew for two (2) additional one (1) year periods unless lessee terminates lease by submitting in writing within 30 days prior to termination date. Lessee agrees to pay one dollar (\$1) per year.

Betty Tackett DBA White Lightning Zip Line – tract or parcel of land located within the Bob Amos Park commonly known as the "The parks building, White Lighting Zip Line attraction & the old skate park building & grounds". The term of this lease is for a period of one (1) year starting April 11, 2016, and will automatically be renewed each year thereafter unless the lessor submits in writing to the lessee with 90 days of the anniversary date intent to terminate said lease. Lessee agrees to pay one dollar (\$1) per year.

Baily Hotel, LLC – The right to the use of parking spaces on the ramp leading to the fourth floor of the parking garage, but not exceeding 180 parking spaces. Lease dated January 10, 2011 and renewed January 10, 2012. The term of the lease is twenty years from the day the hotel opens. There is a twenty-year extension with the lessee giving the lessor a note of extension at least 90 days before the end of the original term. The lessee agrees to pay monthly three dollars (\$3) per night per rented room in the lessee two (2) hotels or three percent (3%) of the gross monthly room receipts whichever is greater.

Rustic Roots on Second Street, LLC – building located at 237 Second Street Suite 4, Pikeville, KY 41501 to be used solely as an artisan/cultural retail business. The term of the lease is for a period of five (5) years commencing on October 14, 2014 and has two (2) automatic five (5) year roll over of terms unless lessee terminates the lease in writing within 60 days prior to the end of the lease. Lessee agrees to pay one-dollar (\$1) annually for the first five (5) years, then rent will be as set forth in the lease.

East Kentucky Network, LLC D/B/A Appalachian Wireless – Use of a portion of the parking garage to construct, maintain and operate telephone and power service lines property for service of the Licensee's equipment and facilities. Term of the agreement is five (5) years unless either party provides written notice that it does not wish to renew within 60 days prior to the end of the then-current term. Lessee agrees to pay \$250 per month.

Pikeville Medical Center, Inc. – Tract of land located on Chloe Road and Baily Blvd contiguous to the current Fire Station #1. Lease begins July 31, 2017 for an initial term of 10 years, with automatic renewals for consecutive five (5) year terms unless either party provides written notice of non-renewal at least 90 days prior to the end of the then current term. PMC agrees to pay \$15,000 per year, with the City having the right to increase the rent on August 20, 2020 by no more than 2.5% of previous annual rent once every three (3) years.

Spoiled Rotten Children's Boutique, LLC. – The York House located at 223 Main Street, to be solely used as a retail store offering children's clothing and accessories. Lease for a five (5) year period with an automatic rollover into another five (5) year term unless either party notifies the other of their intent to terminate within 60 days prior to the end of the term. Lessee agrees to pay one-dollar (\$1) annually for the first three (3) years, \$400 for the fourth year and then rent will increase \$100 per month annually in years five (5) through ten (10).

Notes to the Required Supplementary Information
for the Year Ended June 30, 2018

Kentucky Retirement System – County Employee OPEB Plan

Changes of benefit terms - None

Methods and assumptions used in the actuarially determined contributions – For financial reporting the actuarial valuation as of June 30, 2017, was performed by Gabriel Roeder Smith (GRS). The total OPEB liability, net OPEB liability, and sensitivity information as of June 30, 2017, were based on an actuarial valuation date of June 30, 2016. The total OPEB liability was rolled-forward from the valuation date (June 30, 2016) to the plan’s fiscal year ending June 30, 2017, using generally accepted actuarial principles. GRS did not perform the actuarial valuation as of June 30, 2016, but did replicate the prior actuary’s valuations results on the same assumption, methods, and data, as of that date. The roll-forward is based on the results of GRS’ replication. Subsequent to the actuarial valuation date (June 30, 2016), but prior to the measurement date, and before the required 2019 experience study, the KRS Board of Trustees reviewed investment trends, inflation, and payroll growth historical trends. Based on this review the Board adopted the following updated actuarial assumptions which were used in performing the actuarial valuation as of June 30, 2017:

Inflation	2.30%
Payroll Growth Rate	0.0% for KERS non-hazardous, and 2.0% for CERS nonhazardous and hazardous
Salary Increase	3.05%, average
Investment Rate of Return 6.25%	Healthcare Trend Rates Initial trend starting at 7.25% at January 1, 2019, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years.
Pre – 65	Initial trend starting at 5.10% at January 1, 2019, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 11 years.
Post-65	

Plan description – Classified employees of the City are provided OPEBs through the County Employees Retirement System (CERS)—a cost-sharing, multiple-employer defined benefit OPEB plan administered by the Kentucky General Assembly. CERS issues a publicly available financial report that can be obtained at <https://kyret.ky.gov>.

The state reports a liability, deferred outflows of resources and deferred inflows of resources, and expense as a result of its statutory requirement to contribute to the CERS Medical Insurance and Life Insurance Plans. The following information is about the CERS plans:

Medical Insurance Plan

Plan description – Under the provisions of Kentucky Revised Statute Section 61.701, the KRS Board administers the Kentucky Retirement Systems Insurance Fund. The statutes provide for a single insurance fund to provide group hospital and medical benefits to retirees drawing a benefit from the three pension funds administered by KRS: (1) KERS; (2) CERS; and (3) SPRS. The assets of the Insurance Fund are also segregated by plan.

Benefits provided – The Kentucky Retirement Systems' Insurance Fund (Insurance Fund) was established to provide hospital and medical insurance for eligible members receiving benefits from KERS, CERS, and SPRS. The eligible non-Medicare retirees are covered by the Department of Employee Insurance (DEI) plans. KRS submits the premium payments to DEI. The Board contracts with Humana to provide health care benefits to the eligible Medicare retirees through a Medicare Advantage Plan. The Insurance Fund pays a prescribed contribution for whole or partial payment of required premiums to purchase hospital and medical insurance.

As a result of House Bill 290 (2004 Kentucky General Assembly), medical insurance benefits are calculated differently for members who began participating on, or after, July 1, 2003. Once members reach a minimum vesting period of 10 years, non-hazardous employees whose participation began on, or after, July 1, 2003, earn \$10 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Hazardous employees whose participation began on, or after, July 1, 2003 earn \$15 per month for insurance

CITY OF PIKEVILLE, KENTUCKY
Notes to the Required Supplementary Information
for the Year Ended June 30, 2018

Kentucky Retirement System – County Employee OPEB Plan

benefits at retirement for every year of earned service without regard to a maximum dollar amount. Upon death of a hazardous employee, the employee's spouse receives \$10 per month for insurance benefits for each year of the deceased employee's earned hazardous service. This dollar amount is subject to adjustment annually, which is currently 1.5%, based upon Kentucky Revised Statutes. This benefit is not protected under the inviolable contract provisions of Kentucky Revised Statute 16.652, 61.692 and 78.852. The Kentucky General Assembly reserves the right to suspend or reduce this benefit if, in its judgment, the welfare of the Commonwealth so demands.

Contributions: Funding for CERS is provided by members who contribute 5% (6.00% for employees hired after September 1, 2008) of their salary through payroll deductions and by employers of members who contribute 17.06% of the member's salary. The contribution requirements of CERS are established and may be amended by the CERS Board of Trustees.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2018, the City reported a liability of \$4,126,780 for its proportionate share of the collective net OPEB liability that reflected a reduction for state OPEB support provided to the City. The collective net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the collective net OPEB liability was based on a projection of the City's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the City's proportion was 1.86 percent, which was in increase of .0001 from its proportion measured as of June 30, 2016 (1.85 percent).

The amount recognized by the City as its proportionate share of the OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the City were as follows:

City's proportionate share of the net OPEB liability \$4,126,780

For the year ended June 30, 2018, the City recognized OPEB expense of \$568,338. At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
	Non-Hazardous	Hazardous	Total	Non-Hazardous	Hazardous	Total

Kentucky Retirement System – County Employee OPEB Plan

Of the total amount reported as deferred outflows of resources related to OPEB, \$0 resulting from City contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the collective net OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the City's OPEB expense as follows:

Year ended June 30:	Non- Hazardous	Hazardous
2019	\$ 50,099	\$ 207,345
2020	50,099	207,345
2021	50,099	207,345
2022	50,099	96,926
2023	70,919	0
Thereafter	19,857	0
	<u>\$ 291,172</u>	<u>\$ 718,961</u>

Actuarial assumptions – The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.30%
Payroll Growth Rate	2.00%
Projected salary increases	3.05% Average
Investment rate of return	6.25%
Healthcare cost trend rates	Initial trend starting at 7.25% at January 1, 2019, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years.
Under 65	
Ages 65 and Older	Initial trend starting at 5.10% at January 1, 2019, and

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set-back for one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back four years for males) is used for the period after disability retirement.

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

CITY OF PIKEVILLE, KENTUCKY
Notes to the Required Supplementary Information
for the Year Ended June 30, 2018

Kentucky Retirement System – County Employee OPEB Plan

The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by CERS’s investment consultant, are summarized in the following table:

Asset Class	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity*	17.50%	5.97%
International Equity*	17.50%	7.85%
Global Bonds	4.00%	2.63%
Global Credit	2.00%	3.63%
High Yield	7.00%	5.75%
Emerging Market Debt	5.00%	5.50%
Private Credit	10.00%	8.75%
Real Estate*	5.00%	7.63%
Absolute Return	10.00%	5.63%
Real Return*	10.00%	6.13%
Private Equity	10.00%	8.25%
Cash	2.00%	1.88%
Total	<u>100.00%</u>	<u>6.56%</u>

Discount Rate - The projection of cash flows used to determine the discount rate of 5.83% for KERS Non-hazardous, 5.87% for KERS Hazardous, 5.84% for CERS Non-hazardous, and 5.96% for CERS Hazardous assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 26 years (closed) amortization period of the unfunded actuarial accrued liability. The discount rate determination used an expected rate of return of 6.25%, and a municipal bond rate of 3.56%, as reported in Fidelity Index’s “20 –Year Municipal GO AA Index” as of June 30, 2017. However, the cost associated with the implicit employer subsidy was not included in the calculation of the System’s actuarial determined contributions, and any cost associated with the implicit subsidy will not be paid out of the System’s trusts. Therefore, the municipal bond rate was applied to future expected benefit payments associated with the implicit subsidy. The target asset allocation and best estimates of arithmetic nominal rates of return for each major asset class are summarized in the CAFR.

The following table presents the City’s proportionate share of the collective net OPEB liability of the System, calculated using the discount rate of 8.00%, as well as what the City’s proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current rate:

	<u>1% Decrease Rate (4.83%)</u>	<u>Current Discount Rate (5.83%)</u>	<u>1% Increase Rate (6.83%)</u>
City's net OPEB liability			
Non Hazardous	\$ 2,242,232	\$ 1,762,145	\$ 1,363,637
	<u>Rate (4.96%)</u>	<u>Rate (5.96%)</u>	<u>Rate (6.96%)</u>
Hazardous	\$ 3,164,915	\$ 2,361,635	\$ 1,074,421

CITY OF PIKEVILLE, KENTUCKY
Notes to the Required Supplementary Information
for the Year Ended June 30, 2018

Kentucky Retirement System – County Employee OPEB Plan

Sensitivity of the City's proportionate share of the collective net OPEB liability to changes in the healthcare cost trend rates – The following presents the City's proportionate share of the collective net OPEB liability, as well as what the City's proportionate share of the collective net OPEB liability would be if it were calculated using healthcare cost trend rates that were 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
City's net OPEB liability			
Non-Hazardous	\$ 1,351,656	\$ 1,762,145	\$ 2,295,757
Hazardous	\$ 1,671,765	\$ 2,361,635	\$ 3,215,454

OPEB plan fiduciary net position – Detailed information about the OPEB plan's fiduciary net position is available in the separately issued CERS financial report.

INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Commissioners
City of Pikeville, Kentucky

Report on Compliance for Each Major Federal Program

We have audited the City of Pikeville, Kentucky's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Pikeville, Kentucky's major federal programs for the year ended June 30, 2018. City of Pikeville, Kentucky's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Pikeville, Kentucky's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Pikeville, Kentucky's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Pikeville, Kentucky's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Pikeville, Kentucky, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

To the Board of Commissioners
City of Pikeville, Kentucky

Page 2

Report on Internal Control over Compliance

Management of the City of Pikeville, Kentucky, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Pikeville, Kentucky's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
City of Pikeville, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Pikeville, Kentucky's basic financial statements, and have issued our report thereon dated November 26, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Pikeville, Kentucky's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Pikeville, Kentucky's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Commissioners
City of Pikeville, Kentucky

Page 2

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF PIKEVILLE, KENTUCKY

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2018

NOTE A—BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Pikeville, Kentucky under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Pikeville, Kentucky, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Pikeville, Kentucky.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and/or OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The City of Pikeville, Kentucky has not currently elected to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

NOTE D – LOAN BALANCES

Loans from the US Department of Agriculture, Rural Development.

Taxable Series 2010s-1 Build America Bonds	\$	1,346,000
Non Taxable Series 2010s-2 Build America Bonds		1,648,000
Marion's Branch Water Sewer		3,117,500
Waste Water Treatment Plant Upgrade		7,123,569

CITY OF PIKEVILLE, KENTUCKY
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 Year Ended June 30, 2018

SECTION I – SUMMARY OF AUDITORS’ RESULTS

1. The auditor’s report expresses an unmodified opinion on whether the financial statements of City of Pikeville, Kentucky were prepared in accordance with GAAP.
2. No significant deficiencies were disclosed during the audit of the financial statements. No material weaknesses are reported.
3. No instances of noncompliance material to the financial statements of City of Pikeville, Kentucky were disclosed during the audit.
4. No significant deficiency in internal control over major federal award programs disclosed during the audit. No material weaknesses are reported.
5. The auditor’s report on compliance for the major federal award programs for City of Pikeville, Kentucky expresses an unmodified opinion on all major federal programs.
6. No Audit findings that are required to be reported in accordance with 2 CFR section 200.516(a) are reported in this Schedule.
7. The programs tested as major programs included:

Name	CFDA #
U.S. Department of Agriculture / Rural Development / Marion's Branch Water and Sewer	10.760
U.S. Department of Agriculture / Rural Development / Waste Water Treatment Plant Upgrade	10.760
US Department of Commerce / Economic Development Cabinet / Waste Water Treatment Plant Upgrade	15.252

8. The threshold for distinguishing Types A and B programs was \$750,000.
9. City of Pikeville, Kentucky was determined to be a low risk auditee.

SECTION II – FINDINGS – FINANCIAL STATEMENT AUDIT

There were no findings related to federal awards.

SECTION III – FINDINGS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

There were no findings or questioned costs related to the major federal programs which are required to be reported in accordance with 2 CFR Section 200.516(a) of the Uniform Guidance.

CITY OF PIKEVILLE, KENTUCKY

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

JUNE 30, 2018

There were no Findings on the City's prior audit report.

CASE NO. 2019-00080
CITY OF PIKEVILLE WHOLESALE WATER SERVICE RATES
RESPONSES TO COMMISSION'S FIRST INFORMATION REQUESTS

3. Provide the 12-month test period upon which Pikeville bases its proposed rate adjustment and explain why this test period was chosen.

Response: Pikeville's test year for this rate increase is a product of the contractual process described above. It takes several months after the close of the fiscal year to have an audit complete for that fiscal year. But the water purchase contract with Mountain Water District required a six-month notice prior to a term ending December 31. In order to have rates effective in January 2019, we had to start the process much earlier than when the Fiscal Year 2018 audit would have been complete.

WITNESS: Philip Elswick

CASE NO. 2019-00080
CITY OF PIKEVILLE WHOLESALE WATER SERVICE RATES
RESPONSES TO COMMISSION'S FIRST INFORMATION REQUESTS

4. Explain whether Pikeville is using a historical or forecasted test year.
 - a. If historical, provide Pikeville's general ledgers for the proposed test period and the most recently concluded fiscal year. These general ledgers shall include all check registers and spreadsheets used to record and track financial transactions. If available, provide a copy of the requested general ledgers in Excel spreadsheet format with all rows and columns unprotected and accessible.
 - b. If forecasted, provide Pikeville's general ledger for the most recently concluded fiscal year, all support documents for the base year, and for assumptions and inputs used in the forecast. These support documents will include all check registers and spreadsheets used to record and track financial transactions. If available, provide a copy of the requested general ledger in Excel spreadsheet format with all rows and columns unprotected and accessible.

Response:

- a. The information requested is attached, as follows:
 - The general ledgers for FY 2017 and FY 2018 for the inside-city water operations.
 - The check registers for FY 2017 and FY 2018 for the inside-city water operations. These show reimbursements of the inside-city water account to the City's vouchers account where all checks are paid from.
 - An Excel file of the general ledgers for FY 2017 and FY 2018 for the inside-city water operations.
 - An Excel file listing all check vouchers payable in FY 2017 and FY 2018 for all City accounts.
- b. Not applicable.

WITNESS: Tonya Taylor
