

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF DUKE ENERGY)	
KENTUCKY, INC. FOR AUTHORIZATION OF)	
PARTIAL CHANGES IN SERVICE TERRITORY)	CASE NO.
WITH OWEN COUNTY ELECTRIC COOPERATIVE,)	2019-00128
INC.)	

COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION
TO DUKE ENERGY KENTUCKY, INC.

Duke Energy Kentucky, Inc. (Duke Kentucky), pursuant to 807 KAR 5:001, is to file with the Commission the original and an electronic version of the following information. The information requested herein is due on within 14 days of the date of this request. Responses to requests for information in paper medium shall be appropriately bound, tabbed, and indexed. Electronic documents shall be in portable document format (PDF), shall be searchable and shall be appropriately bookmarked.

Each response shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry

Duke Kentucky shall make timely amendment to any prior response if Duke Kentucky obtains information which indicates that the response was incorrect when made

or, though correct when made, is now incorrect in any material respect. For any request to which Duke Kentucky fails or refuses to furnish all or part of the requested information, Duke Kentucky shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Duke Kentucky shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to the application, Exhibit 1, pages 1 and 2 of 2. Explain how the response in Section 8, page 1 of 2, that no retail customer will change electric supplier, comports with the listing of Maxwell Kincart as a customer changing electric suppliers on page 2 of 2.

2. Explain whether the customer is or has been made aware of the proposed change in service provider, aware of any differences in rates and bill amounts, and has formally provided an agreement to the change.

3. Refer to the Duke Kentucky letter dated February 6, 2019. Provide a copy of the engineering/cost study produced to serve the new garage/pole barn that prompted Duke Kentucky to request Owen County Electric Cooperative (Owen Electric) to serve both the new structure and the residence located at 6105 Elwood Avenue.

4. Refer to the Map and Duke Kentucky letter dated February 6, 2019, in the application, Exhibit 1. The letter states that Duke Kentucky approves a service boundary change for the new pole barn near the rear of parcel 038.09.015.00. Page 2 of the application at Section 4 states that the requested boundary change is for a lot where the owner is constructing a garage behind his residence. Explain whether the requested boundary change is for Owen Electric to serve the garage/pole barn only or both the new structure and residence together.

5. Provide utility signed and dated copies of the quadrant (Key) map. The quadrant map is typically a copy of a 1:24,000 United States Geological Survey Topographic Map, also known as a 7.5 minute quadrangle or quad, showing the most recent electric service boundaries. Place the proposed alterations to the existing boundaries onto this map. If the proposed boundary covers a very small area then a point and arrow with the text "PSC Case Number 2019-00128" is appropriate.

6. Provide utility signed and dated copies of the site (Plat) map showing the proposed territorial boundary. Include coordinates accurate to within 3 meters for at least four points on the territorial line and provide the coordinate system used.
