BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

DEMAND-SIDE MANAGEMENT FILING OF BIG)	
RIVERS ELECTRIC CORPORATION TO)	CASE NO.
IMPLEMENT A LOW-INCOME WEATHERIZATION)	2019-00193
SUPPORT PROGRAM)	

COMMISSION STAFF'S THIRD REQUEST FOR INFORMATION TO
BIG RIVERS ELECTRIC CORPORATION

Big Rivers Electric Corporation (BREC), pursuant to 807 KAR 5:001, is to file with the Commission the original and ten copies in paper medium of the following information, with a copy to all parties of record. The information requested herein is due on or before August 16, 2019. Responses to requests for information in paper medium shall be appropriately bound, tabbed, and indexed.

Each response shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

BREC shall make timely amendments to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which BREC fails or

refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a document containing personal information, BREC shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Regarding the proposed funding for the health and safety measures, if those on the deferred list or who do not qualify for a weatherization or HVAC system upgrades do not receive BREC's funds for health and safety measures so to be eligible, explain whether federal weatherization funds will be left unspent.

2. Provide a table showing for each of the last five years for the following:

- a. The amount of federal funds available for weatherization projects in BREC's territory;
- b. The number of homes weatherized;
- c. The amount of federal weatherization funds spent; and
- d. The amount of federal weatherization funds unspent.

3. For any federal weatherization funds listed as unspent in the tabled filed in response to Item 2, above, state whether those unspent funds lapsed or were available to be spent in subsequent years.

4. If the amount of funds spent on health and safety measures is limited to \$150 per project, rather than \$1500 per project, and the difference of \$1,350 is spent on weatherization, explain if there will be a sufficient number of weatherization projects in BREC's territory to utilize the available funds. If there are not, provide support for the assertion that there are not enough weatherization projects to utilize the available funds without spending more than \$150 per project on health and safety measures.
