RE: Monroe County Water District
Case No. 2019-00293 - Filing Deficiency

The Commission Staff has reviewed the application in the above case. This filing is rejected for the reasons set forth below.

Filing deficiency pursuant to:

- (1) 807 KAR 5:076: Section 5 – The notice of proposed rate adjustment does not meet regulatory requirements. Specifically, the District did not publish notice pursuant to 807 KAR 5:076, Section 5(2) (b) (3). The district should have made its first publication in a newspaper no later than the date the application was submitted to the Commission. The application was submitted August 22, 2019 and the notice indicates that the first publication will not be until August 29, 2019. The District also did not include in its notice a statement that comments regarding the application may be submitted to the Commission through its website or by mail as required by 807 KAR 5:076, Section 5(4)(g).

You are requested to submit the information necessary to cure the deficiency within 10 days of the date of this letter.

If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

Gwen R. Pinson
