

representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Green River Valley District shall make timely amendment to any prior response if Green River Valley District obtains information that indicates the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Green River Valley fails or refuses to furnish all or part of the requested information, Green River Valley District shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Green River Valley District shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Green River Valley District's Status Report filed on December 7, 2021.
 - a. Provide the date the booster station went into service.

b. If the booster station has not gone into service, explain why and provide a date by which the booster station is expected to go into service.

c. Provide the pound per square inch of water pressure for 1134 Bunnell Crossing Road, Munfordville, Kentucky, since the booster station went into service.

2. Provide a statement concerning the low-pressure condition at 1134 Bunnell Crossing Road, Munfordville, Kentucky. Include in the response any documentation of low pressure at 1134 Bunnell Crossing Road, Munfordville, Kentucky, since the completion of the booster station.

3. Provide a list, by address, of all low-pressure conditions in the Bunnell Crossing Road area of Munfordville, Kentucky, that have been resolved following the startup of the booster station.

4. Provide a list, by address, of any low-pressure conditions known by Green River Valley District to remain in the Bunnell Crossing Road area of Munfordville, Kentucky, following the startup of the booster station.
