ORDER

On February 25, 2020, Grayson Rural Electric Cooperative Corporation (Grayson RECC) filed a motion for an extension of time in which to file its comments to the audit report (Audit Report) prepared by the Liberty Consulting Group and its action plan filing (Action Plan) both of which are due to be filed February 26, 2021.<sup>1</sup> In support of its motion, Grayson RECC states that its plant and service area have suffered from a widespread and catastrophic snow and ice storm that began on February 10, 2021. Grayson RECC states that at one point during the crisis over 70 percent of its members were without power. Further, Grayson RECC maintains that as of the morning of February 23, 2021, approximately 3,800 members remained without power and Grayson had over 204 broken electric poles.

The Commission finds that Grayson RECC has shown good cause to extend the time for filing its comments to the Audit Report and its Action Plan and that the date for Grayson RECC to file its Action Plan and comments to the Audit Report should be extended to March 12, 2021.
