COMMISSION STAFF'S SECOND REQUEST FOR INFORMATION
TO GREEN RIVER VALLEY WATER DISTRICT

Green River Valley Water District (Green River Valley District), pursuant to 807 KAR 5:001, is to file with the Commission an electronic version of the following information. The information requested herein is due on May 6, 2020. Pursuant to the Commission's Orders in Case No. 2020-00085,¹ issued March 16, 2020, and March 24, 2020, Green River Valley District SHALL NOT FILE the original paper copy of all requested information at this time, but rather shall file original paper copies within 30 days of the lifting of the current state of emergency. All responses in paper medium shall be appropriately bound, tabbed, and indexed. Electronic documents shall be in portable document format (PDF), shall be searchable, and shall be appropriately bookmarked.

Each response shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity

that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Green River Valley District shall make timely amendment to any prior response if Green River Valley District obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Green River Valley District fails or refuses to furnish all or part of the requested information, Green River Valley District shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Green River Valley District shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Green River Valley District's response to Staff's First Request for Information (Staff's First Request), Item 1. For those customers with low pressure complaints, provide a list of the complaints that have not been resolved. Include an explanation of the individual problem and the action being taken by the Green River Valley District in an attempt to resolve the issue.

2. Refer to Green River Valley District's response to Staff's First Request, Item 5, Attachment 5.a. The four properties on Bunnell Crossing Road identified on the map

are served by the same line and have similar elevations. Explain why the Sanders property has an individual pump while McBride, Logsdon, and Mathews properties do not.

3. Refer to Green River Valley District's response to Staff's First Request, Item 5, Attachment 5.b. Confirm that the Gross/Conahan property at 2931 Baumgardner is served by the Bonnieville tank. If this cannot be confirmed, provide the tank that serves the Gross/Conahan property. If confirmed, provide a detailed explanation why this residence is experiencing low pressure problems when it is located near a storage tank.

4. Refer to Green River Valley District's response to Staff's First Request, Item 9. Three of the six customers listed in the response have previously been identified as having individual booster pumps. Provide all plans or actions Green River Valley District has taken to resolve the low pressure issue for the other three customers listed in the response.

5. Refer to Green River Valley District proposed tariff, original sheet 26, section AG.1., New Customers.

a. Confirm that Green River Valley District's policy is to maintain newly installed individual pumps for one year after the installation.

b. Explain whether Green River Valley District believes language should be added to the tariff section to reflect the policy.

c. Provide Green Valley District's proposed revised language if the current language in the tariff does not reflect Green River Valley District's policies.
