RE: Case No. 2020-00106

Dear Mr. Chandler:

The accompanying offer of satisfaction is being transmitted by e-mail in accordance with the Commission's March 16, 2020 order in Case No. 2020-00085. Please file it in Case No. 2020-00106.

Please do not hesitate to contact me if you have any questions.

Very truly yours,

Mark R. Overstreet

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SOUTH CENTRAL RURAL TELECOMMUNICATIONS)	
COOPERATIVE, INC. AND SOUTH CENTRAL)	
TELECOM, LLC)	
)	
COMPLAINANTS)	
)	
V.)	CASE NO.
)	2020-00106
WINDSTREAM KENTUCKY EAST, LLC)	
)	
DEFENDANT)	

Windstream Kentucky East, LLC's Offer of Full Satisfaction Of Complaint

Windstream Kentucky East, LLC offers pursuant to 807 KAR 5:001, Section 20(5) to satisfy the complaint of South Central Rural Telecommunications Cooperative, Inc. and South Central Telecom, LLC (collectively "South Central") upon the following terms:

1. This offer of satisfaction is made without prejudice to, or waiver of, any and all defenses Windstream East may have to the complaint in the event the offer is not accepted. Nothing in this offer shall constitute an admission of any of the allegations of the complaint.
2. Paragraph 9 of South Central's complaint identifies the subject matter of the complaint as work "to install facilities on certain Windstream utility poles located in Brownsville, Kentucky..." ("Subject Work").

3. Windstream East contracted the performance of the Subject Work to Triple D Communications. Windstream East's operational personnel have worked with Triple D Communications to expedite the performance of the Subject Work.

4. Subsequent to the filing of the unopposed motion for an extension, Triple D Communications has encountered unforeseen operational issues. For example, Triple D Communications informs Windstream East that during the course of performing the Subject Work Triple D Communications discovered that its work plan did not include certain facilities comprising the Subject Work.

5. Since before April 15, 2020, Triple D Communications has worked diligently to perform the Subject Work in a safe and expeditious fashion. This includes working Saturdays, and on at least one occasion, deploying two crews to perform the work.

6. Windstream East is informed by Triple D Communications that South Central and Triple D Communications personnel have been in regular contact concerning the status and progress of the Subject Work.

7. As part of these efforts, Triple D Communications and South Central personnel jointly inspected on the morning of May 8, 2020 the status of the Subject Work. Based upon that inspection, Triple D Communications and South Central personnel determined that the Subject Work remaining to be performed consists of making room for the attachments on the following existing poles:

1. Washington St. / Veterans, pole 2/9, WC1=4 WSEA=6 PE1-3G=3, XXPE1=3
2. S Main St. / Mohawk, pole 386/7, WC1=2, PE1-3G=2
3. S. Main / Jackson, no pole#, WC1=7, WSEA=1
4. N. Main / in front of Gravil Funeral Home, no pole#, WC1=4 Side Street

5. Mohawk St., pole93, WC1=3
6. Washington St. / in front of Patton Funeral home, WC1=3, WSEA=3
7. 612 Washington St., no pole#, WC1=1, WSEA=4
8. Morgantown Rd., no pole#, WC1=3, PE1-3G=1

The poles are listed in the order the work will be performed; the order was determined based on discussions with South Central. Triple D Communications informs Windstream East that it currently has two crews performing the Subject Work. Additional crews will be brought in over the weekend to complete the Subject Work.

8. Triple D Communications now projects the completion of the Subject Work on or before close of work on Monday, May 11, 2020.

9. Windstream East used its best efforts during the pendency of this complaint to monitor and facilitate the seasonable completion of the Subject Work.

10. The Subject Work was billed by Windstream East by means of an estimated invoice. The estimated invoice was calculated using the work identified on Exhibit B to the Application for a Pole License submitted by South Central (attached as EXHIBIT 1 to this Offer of Satisfaction). South Central paid the estimated invoice. Under the agreement, the final costs for the work were to be calculated by Windstream East and paid by South Central based on the actual time and materials required to perform the make-ready work.

11. Subsequently to receipt of the payment of the estimated invoice by South Central, Windstream East discovered that the estimated invoice was incomplete and did not include all of the Subject Work. Among the items omitted from the estimated invoice, and not yet paid by South Central, was the work required in connection with the eight poles listed above, as well as additional work required in connection with the poles identified in EXHIBIT 1 to this Offer of Satisfaction.

12. Windstream East offers in full satisfaction of the complaint to:
- (a) complete the Subject Work on or before close of work on Monday, May 11, 2020;
 - (b) monitor and to the extent practicable facilitate the completion of the Subject Work; and
 - (c) forgo its right to seek the payment of the final costs due for the work performed in connection with the eight poles identified in paragraph 7 above, as well as the poles identified on EXHIBIT 1 to this Offer of Satisfaction.

Wherefore, Windstream Kentucky East, LLC respectfully requests that upon the acceptance of this offer, and completion of the Subject Work, the complaint be dismissed.

Respectfully submitted,

Dated: May 8, 2020
