ORDER

On December 4, 2020, Kentucky Power Company (Kentucky Power) filed a motion, pursuant to 807 KAR 5:001, Section 13, and KRS 61.878, requesting that the Commission grant confidential protection for portions of the stenographic transcripts of the November 17, 2020, through November 24, 2020 hearing in this matter.

Kentucky Power explained that the designated material for which confidential treatment is requested was previously granted confidential treatment by the Commission. Kentucky Power requested that the designated material in the stenographic transcripts be granted confidential treatment for the same period of time as the underlying material previously granted confidential treatment.

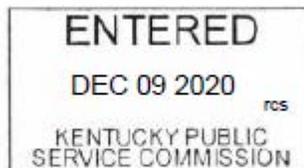

Having considered the motion and the material at issue, the Commission finds that Kentucky Power failed to designate the relevant period for which confidentiality is requested. Kentucky Power stated that the designated material was previously granted confidential treatment, but failed to specifically identify the material for which confidential

treatment was granted or identify the Orders that granted confidential treatment to the underlying material, which would have identified the relevant time period. 807 KAR 5:001, Section 13(2)(a)(1), requires that a request for confidential treatment state the period for the material to be treated as confidential.

Based upon Kentucky Power's assertion that the underlying material was previously granted confidential protection, the Commission finds that Kentucky Power should have 20 days from the date of this Order to amend its request for confidential treatment to state with specificity the period for which confidential treatment is requested and identify by date issued the Orders that granted confidential treatment for the designated material.

IT IS THEREFORE ORDERED that within 20 days of the date of entry of this Order, Kentucky Power shall amend its November 4, 2020 request for confidential treatment, stating the period for which confidential treatment is requested and the dates of the Orders that granted confidential treatment for the designated material.

By the Commission
