Utility Name: Bluegrass Water Utility Operating Company

I received a letter today from Bluegrass Water Utility Operating Company which was dated September 30, 2020 giving notice that they intend to raise our monthly sewer bill for City of River Bluff by 65.3%. Currently, our present monthly rate is \$58.16 and the new monthly rate will be \$96.14. A 65.3% increase per month is outrageous. This rate increase should not be approved. An intervention is requested. Thank you for your attention to this matter. Amy
