Center Ridge Subdivision water District # 1

Homeowners

Case Number: 2020-00290

Utility Name: Bluegrass Water Utility Operating Company

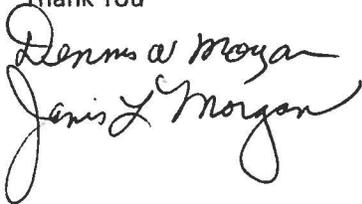

Intervention Case # 2020-00290 Center Ridge Service Area.

We would like to request your intervention in the above referenced case. We received a letter on October 5 stating that the proposed rates would be increasing 364.4%. This rate increase is outrageous and should not be approved. I have not contacted the utility company.

The previous company obtained a grant and put in all new water lines and water meters in our district and kept the water flowing for \$22.79 per month not \$105.84. The other districts and Bluegrass, I assume could also apply for grants to help upgrade their districts.

Most of the people here are only part time summer residents. Some are older on low fixed income and another \$996.60 per year for water would greatly impact their wellbeing.

Thank You
