RE: Case No. 2020-00349

This letter is regarding "Notice To Customers of Kentucky Utilities Company" that I received in my bill this month stating that Kentucky Utilities Company is requesting to increase their rates and charges for their customers, becoming effective on or after January 1, 2021.

I am writing to request an intervention in Case No. 2020-00349. I am a Kentucky Utilities Company customer. Due to the pandemic, families are struggling to pay monthly rent or mortgage and purchase food for their families. Many have lost their jobs or have had their employment hours reduced. KU customers are struggling to pay monthly bills NOW, and a 10.67% rate increase will simply exacerbate the problem and will add to the suffering already being experienced by Kentucky families. Please ask yourselves with careful consideration: Is a rate increase for K.U. customers really necessary? I am asking that a rate increase please be rejected.

Thank you for your consideration of this request.

Sincerely,
