Re: Case No. 2020-00349

This letter is in regard to "Notice To Customers of Kentucky Utilities Company" that I received in my bill this month stating that Kentucky Utilities Company is requesting an increase to their rates and charges for their customers, effective on or after January 1, 2021.

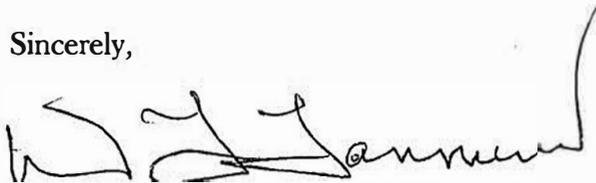

I am a Kentucky Utilities and I am requesting an intervention of Case No. 2020-00349.

My reasons for requesting this intervention are:

Due to the crisis in our country, families are struggling to make ends meet, keep a roof over their heads and put food on the table. There are many Kentucky Utilities Company customers who are struggling to pay their current monthly bills much less increased rates. Many people have lost their jobs or laid off with no guarantee they will be called back to work. I feel that a 10.67% rate increase is neither fair nor justified given the crisis in our country.

I am asking that a rate increase be rejected.

Sincerely,

A handwritten signature in black ink, appearing to read "William L. Lannum". The signature is written in a cursive style with a long, vertical flourish extending upwards from the end.
