ORDER

On December 10, 2020, Morgan County Water District (Morgan District) filed an application, pursuant to 807 KAR 5:076, requesting to adjust its monthly water service rates.

The Commission finds that a procedural schedule<sup>1</sup> should be established to ensure the orderly review of Morgan District's application. The procedural schedule is attached as an Appendix to this Order.

IT IS THEREFORE ORDERED that:

1. The procedural schedule set forth in the Appendix to this Order, which is attached hereto and incorporated herein, shall be followed.

2. a. Responses to requests for information shall be appropriately bound, tabbed and indexed, with the original and an electronic version to the Commission. The Commission expects the original documents to be filed with the Commission within 30 days of the lifting of the current state of emergency. Electronic documents shall be in portable document format (PDF), shall be searchable, and shall be appropriately

<sup>1</sup> No action is necessary to suspend the effective date of Morgan District's proposed rates for service. Pursuant to 807 KAR 5:076, Section 7(1), an applicant who applies for a rate adjustment pursuant to the procedures set for in 807 KAR 5:076, may not place its proposed rates into effect until the Commission approves those rates or six months from the date of the filing of its application.

bookmarked. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or an association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

c. A party shall make timely amendment to any prior response if it obtains information that indicates the response was incorrect when made or, though correct when made, is now incorrect in any material respect.

d. For any request to which a party fails or refuses to furnish all or part of the requested information, that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

e. Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request.

f. Any party filing a paper containing personal information shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that the personal information cannot be read.

3. In addition to the procedural schedule set forth in the Appendix, no later than March 25, 2021, Commission Staff shall file with the Commission and serve upon all

parties of record a written report (Staff Report) containing its findings and recommendations regarding Morgan District's requested rate adjustment.

4. No later than 14 days after the date of the filing of the Commission Staff Report, each party of record shall file with the Commission:

a. Its written comments on and any objections to the findings contained in the Commission Staff Report; and

b. Any additional evidence for the Commission to consider.

5. If Commission Staff finds that Morgan District's financial condition supports a higher rate than Morgan District proposes or the assessment of an additional rate or charge not proposed in Morgan District's application, Morgan District in its response to the Commission Staff Report shall also state its position in writing on whether the Commission should authorize the assessment of the higher rate or the additional rate or charge.

6. If Commission Staff finds that changes should be made to the manner in which Morgan District accounts for the depreciation of Morgan District's assets, Morgan District in its response to the Commission Staff Report shall also state its position in writing on whether the Commission should require Morgan District to implement the proposed change for accounting purposes.

7. A party's failure to file written objections to a finding contained in the Commission Staff Report within 14 days after the date of the filing of the Commission Staff Report shall be deemed a waiver of all objections to that finding.

8. If a party requests a hearing or informal conference, then the party shall make the request in its written comments and state the reason why a hearing or informal conference is necessary.

9. A party's failure to request a hearing or informal conference in the party's written response shall be deemed a waiver of all rights to a hearing on the application and a request that the case stand submitted for decision.

10. A party's failure to file a written response within 14 days after the date of the filing of the Staff Report shall be deemed a waiver of all rights to a hearing on the application.

11. As set forth in 807 KAR 5:001, Section 4(11)(a), a person requesting permissive intervention in a Commission proceeding is required to demonstrate either (1) a special interest in the proceeding which is not adequately represented in the case, or (2) that the person requesting permissive intervention is likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings. Further, KRS 278.040(2) requires that a person seeking intervention must have an interest in the rates or service of a utility, as those are the only matters that are subject to the Commission's jurisdiction. Therefore, any person requesting to intervene in a Commission proceeding must state with specificity the person's special interest that is not otherwise adequately represented or the issues and facts the person will present that will assist the Commission in fully considering the matter. A mere recitation of the quantity of water consumed by the movant or a general statement regarding a potential impact of possible modification of rates will not be deemed sufficient to establish a special interest. In addition, any motion

to intervene filed after the date established in the procedural schedule attached as an Appendix to this Order shall also show good cause for being untimely. If the untimely motion is granted, the movant shall accept and abide by the existing procedural schedule.

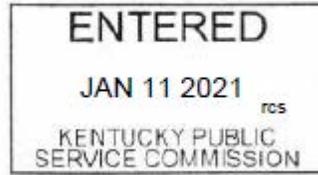

12. The Commission directs the parties to the Commission's March 16, 2020 and March 24, 2020 Orders in Case No. 2020-00085<sup>2</sup> regarding filings with the Commission. The Commission expects the original documents to be filed with the Commission within 30 days of the lifting of the current state of emergency.
