## **INVESTIGATION**

October 7, 2020

- Received an email from Columbia that stated on this damage, they were called out to 1168 Colorado Rd on January 17 at 11:34 pm. The customer stated that they did not have gas pressure. Columbia showed up and determined that there was a damaged service line that was going to 1168. They then expanded their investigation and determined that there was also another line that was damaged at 1164 Colorado Rd.
- A review of the dig ticket indicates the correct company name is L and N Utilities.
- Called 580.919.0905, left a v.m. While leaving a v.m., received a call identified as coming from a Penny Sizemore. On a free reverse phone lookup website, her location was the city of Holton in Indiana. Called this back, went to same v.m.

October 14, 2020

- Spoke with Mr. Melton, he acknowledged his employees were responsible.

## **VIOLATION**

KRS 367.4911 (10) When excavation or demolition is necessary within the approximate location of the underground facility, the excavator shall hand-dig or use nonintrusive means to avoid damage to the underground facility.

Hi John,

On this damage, we were called out to 1168 Colorado Rd on January 17 at 11:34 pm. The customer stated that they did not have gas pressure. We showed up and determined that there was a damaged service line that was going to 1168. We then expanded our investigation and determined that there was also another line that was damaged at 1164 Colorado Rd.

We made the situation safe, and repaired both lines on January 18. Here is the original "no gas" order we initially responded to, other facility damage report and pictures for 1168 (1164 pics and FDR are in the email I sent previously):
