---

Hello,

In regards to 2021 00160. The information or the address is incorrect. The Ohio address is for Blue Jay Communications, not JRP Utility Construction. We were doing work for Blue Jay, and they were in charge of the boring crews the day the alledged violation occurred. I have provided the information showing and proving that the locates were inaccurate. We potholed and exposes 27 gas services before we began drilling. This proves we did everything we were supposed to do. There were 27 locates and we potholed 27 gas services.

Thanks,  
Chris
