ORDER

This matter arises upon Kentucky Rural Water Association's (KRWA) notice of filing in compliance with a Commission Order. On August 13, 2021, the Commission entered an Order conditionally approving and accrediting a training program offered by KRWA scheduled to take place on August 24, 2021, and August 25, 2021, as part of KRWA's Annual Conference (Training Program). The Commission conditionally approved the Training Program to satisfy up to six hours of annual training described by KRS 74.020(6) and (7). The Commission approved the training with the condition that KRWA would submit certain information after the training was held.

On September 22, 2021, following the training, KRWA submitted materials indicating, among other things, that the Training Program was conducted as scheduled without material change to the Training Program conditionally approved by the Commission, and identifying the water district commissioners who attended and the number of hours they attended.

Having reviewed the materials submitted by KRWA and being otherwise sufficiently advised, the Commission finds that KRWA's August 24, 2021 and August 25, 2021 Training Program should be granted final approval.

IT IS THEREFORE ORDERED that:

1. KRWA's August 24, 2021 and August 25, 2021 Training Program is approved and accredited for a maximum of six hours of water district management training for water district commissioners seeking to satisfy the annual training requirements set forth in KRS 74.020(6) and (7).

2. The Training Program may not be used by water district commissioners seeking to satisfy any portion of the initial training requirement for water district commissioners required by KRS 74.020(8).

3. This matter is closed and removed from the Commissioner's docket.
