**STAFF Fourth Set Data Requests**  
**Date Received: September 21, 2022**

**STAFF-DR-04-001**

**REQUEST:**

Refer to Mr. Oka's Supplemental Information to Complaint filed July 27, 2022, unnumbered page 1 of 15.

a. State whether Mr. Oka's calculation of his net metering kWh carried forward balance is correct.

b. If Mr. Oka's calculation of his net metering kWh carried forward balance is incorrect, state what is incorrect.

c. If Mr. Oka's calculation of his net metering kWh carried forward balance is correct, state why his kWh carried forward balance was zeroed out in June 2022, state whether it has been reinstated, and if not reinstated, explain why not.

**RESPONSE:**

a. The net metering kWh carried forward balance is correct. From the legacy system the customer had a carryover of 7027 kWh which has continued since conversion to the new system.

b. N/A

c. There was a known issue in June 2022 where the received kWh was not showing on the invoice. However, Duke Energy Kentucky corrected this issue the following month and the customer's net metering kWh carry forward balance was again

showing on the invoice. The net metering kWh carry forward balance continues to show on the customer's invoices.

Thank you for your payment.

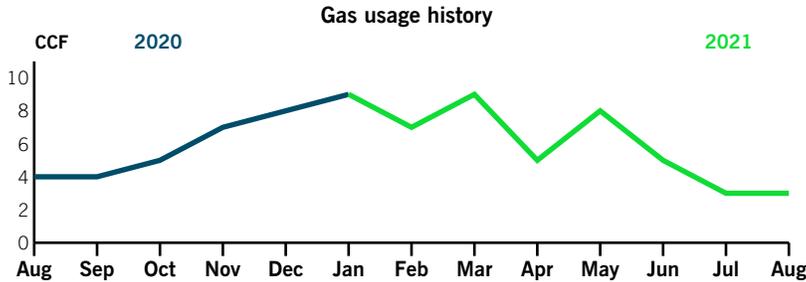

Duke Energy does not maintain customers' natural gas piping after or downstream of the meter. You should maintain such piping by periodically inspecting for leaks. If the piping is metal, you should also check for signs of corrosion. You should repair such piping if leaks or corrosion are discovered. For assistance locating, inspecting or repairing buried piping, please contact a licensed heating/plumbing contractor. You should always call 811 prior to digging. Once your lines are marked, always dig by hand if digging near natural gas piping.

Summer weather can mean higher temperatures and higher energy usage. Get tons of ideas to help you cool down your summer energy bill at [duke-energy.com/SummerHeat](http://duke-energy.com/SummerHeat).

## Important to know

### Your next meter reading: Sep 21

Please be sure we can safely access your meter for actual readings. Don't worry if your digital meter flashes lights from time to time. That's a normal part of the energy measuring process.

### Your service(s) may be disconnected if your payment is past due

If payment for your service(s) is past due, we may begin disconnection procedures. If your service is disconnected because of a missed payment, you must pay your past-due balance in full, plus a reconnection fee, before your service will be reconnected. The reconnection fee is \$5.88 for electric service that may be reconnected remotely, \$60 for electric service that is not eligible to be reconnected remotely, \$125 for electric service that was disconnected at the pole and \$75 for gas service. There is an additional fee of \$40 to reconnect electric service after normal business hours if not eligible to be reconnected remotely. A security deposit may also be required.

### Electric service does not depend on payment for other products or services

Non-payment for non-regulated products or services (such as surge protection or equipment service contracts) may result in removal from the program but will not result in disconnection of electric service.

### When you pay by check

We may process the payment as a regular check or convert it into a one-time electronic check payment.

### Para nuestros clientes que hablan Español

Representantes bilingües están disponibles para asistirle de lunes a viernes de 7 a.m. - 7 p.m. Para obtener más información o reportar problemas con su servicio eléctrico, favor de llamar al 800.544.6900.

## Important to know

### Your next meter reading: Dec 21

Please be sure we can safely access your meter for actual readings. Don't worry if your digital meter flashes lights from time to time. That's a normal part of the energy measuring process.

### Your service(s) may be disconnected if your payment is past due

If payment for your service(s) is past due, we may begin disconnection procedures. If your service is disconnected because of a missed payment, you must pay your past-due balance in full, plus a reconnection fee, before your service will be reconnected. The reconnection fee is \$5.88 for electric service that may be reconnected remotely, \$60 for electric service that is not eligible to be reconnected remotely, \$125 for electric service that was disconnected at the pole and \$75 for gas service. There is an additional fee of \$40 to reconnect electric service after normal business hours if not eligible to be reconnected remotely. A security deposit may also be required.

### Electric service does not depend on payment for other products or services

Non-payment for non-regulated products or services (such as surge protection or equipment service contracts) may result in removal from the program but will not result in disconnection of electric service.

### When you pay by check

We may process the payment as a regular check or convert it into a one-time electronic check payment.

### Electric service does not depend on payment for other products or services

Non-payment for non-regulated products or services (such as surge protection or equipment service contracts) may result in removal from the program but will not result in disconnection of electric service.

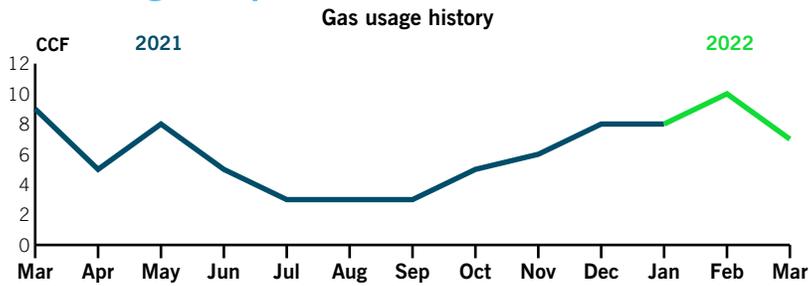

### When you pay by check

We may process the payment as a regular check or convert it into a one-time electronic check payment.

### Para nuestros clientes que hablan Español

Representantes bilingües están disponibles para asistirle de lunes a viernes de 7 a.m. - 7 p.m. Para obtener más información o reportar problemas con su servicio eléctrico, favor de llamar al 800.544.6900.
