

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS	)	CASE NO.
ADJUSTMENT FILING OF BURKESVILLE GAS	)	2021-00329
COMPANY, INC.	)	

ORDER

On August 27, 2021, Burkesville Gas Company, Inc. (Burkesville) filed its Gas Cost Recovery (GCR) rate report for rates with a proposed effective date of September 28, 2021. Burkesville's previous GCR rate was approved in Case No. 2021-00216.<sup>1</sup>

The Commission's standard of review for GCR rates is well settled as stated in KRS 278.274(1):

In determining whether proposed natural gas utility rates are just and reasonable, the commission shall review the utility's gas purchasing practices. The commission may disallow any costs or rates which are deemed to result from imprudent purchasing practices on the part of the utility.

Further, the utility has the burden to prove the rates are just and reasonable and the Commission may reduce the purchased gas component of the utility's rates or the rates charged by an affiliated company to the extent the amount is deemed to be unjust or unreasonable.<sup>2</sup>

---

<sup>1</sup> Case No. 2021-00216, *Electronic Purchased Gas Adjustment Filing Of Burkesville Gas Company, Inc.* (Ky. PSC June 23, 2021).

<sup>2</sup> KRS 278.274(2); KRS 278.274(3)(c) and KRS 278.274(3)(d).

After reviewing the evidence of record and being otherwise sufficiently advised, the Commission finds that:

1. Burkesville's report includes revised rates designed to pass on to its customers its expected change in gas costs.

2. Burkesville's report sets out an Expected Gas Cost (EGC) of \$8.6883 per Mcf, which is an increase of \$0.9200 per Mcf from the previous EGC of \$7.7683 per Mcf.

3. Burkesville's report sets out no Refund Adjustment.

4. Burkesville's report sets out a current quarter Actual Cost Adjustment (ACA) of (\$.0748) per Mcf. Burkesville's total ACA is (\$.2840) per Mcf, which is a decrease of \$0.0035 per Mcf from the previous total ACA of (\$.2805) per Mcf.

5. Burkesville's GCR rate is \$8.4043 per Mcf, which is an increase of \$0.9165 per Mcf from the previous GCR rate of \$7.4878 per Mcf.

6. The rates set forth in the Appendix to this Order are fair, just and reasonable and should be approved for service rendered by Burkesville on and after September 28, 2021.

7. Should Burkesville purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports then the supplier, cost, and amount must be documented in its cover letter to the Commission.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Burkesville and set forth in the Appendix to this Order are approved for service rendered on and after September 28, 2021.

2. Within 20 days of the date of entry of this Order, Burkesville shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff

sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order.

3. This case is closed and removed from the Commission's docket.
