Falls of Rough, Kentucky 40119

September 24, 2022

To Whom It May Concern,

This is our second request for information from AT&T Mobility and Tillman Infrastructure LLC, the Joint Applicants. This request is made in compliance with the order set forth by the Kentucky PSC on August 18th, 2022.

RE: Tower placement

Specific Questions

1. Are you aware that the FCC is not a comprehensive list of telecommunication facilities/towers?
2. Grayson County Water District/Grayson County Water Treatment/Hardinsburg Municipal Utility all have a history of working with telecommunication companies. Why are you not collocating on their existing structures as Verizon and Sprint Nextel have been doing?
3. Was there any attempt to collocate on the telecommunication site located at 517 Waterside Dr., Falls of Rough, KY 40119 before submitting the CPCN? This location is located within 1.8 miles of the proposed site.
4. Was there any attempt to collocate on any of the following telecommunication structures that are located within 3.5 miles of the proposed site, prior to submitting the CPCN?
 1. 181 Leo Bowles Rd Hardinsburg KY 40143 (3.47 miles from proposed site)
 2. Allen Cemetery Rd Falls of Rough KY 40119 (2.8 miles from proposed site)

3. Old Kirk Axtel Rd Hardinsburg KY 40143 (3.3 miles from proposed site)

Respectfully,

Roger & Janelle Nicolai
