

1/5/22

**RECEIVED**

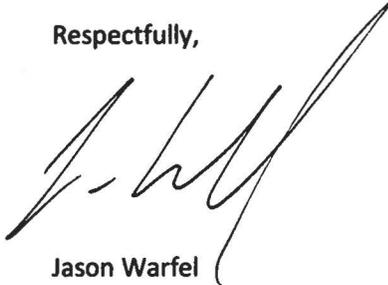

**JAN 19 2022**

**PUBLIC SERVICE  
COMMISSION**

Public service commission,

I'm writing today to formally request an intervention of Bluegrass gas sales to increase rates. I'm a resident of Cave City, KY. I spoke with my neighbors and I know this will be a financial hardship on myself and my community, especially during the winter months and uncertain times of Covid. This increase is too drastic and could possibly cause people to become delinquent on their bills, ruin their credit and create a downward spiral they could never recover from and put families out on the streets. Please reconsider this increase.

Respectfully,

A handwritten signature in black ink, appearing to read "J. Warfel", written over a white background.
