On May 3, 2022, Telesto Energy Project LLC (Telesto) filed a motion requesting that the Commission schedule an informal conference (IC) for the purpose of discussing steps to expedite the Siting Board's consideration of the yet to be filed application for a construction certificate to build a merchant solar generating facility in Hardin County, Kentucky.

Based upon the motion, the Commission finds that Telesto has not established good cause to grant the motion for IC. The procedures and requirements for the filing of an application for a construction certificate of a merchant solar generating facility can be found in KRS 278.704, KRS 278.706, KRS 278.708, KRS 278.710, and 807 KAR 5:110. Nothing provided in the motion for the IC, states what procedures or requirements need to be discussed to file a completed application or any reasons why the application must be reviewed expeditiously.

IT IS THEREFORE ORDERED that Telesto's motion to schedule an IC is denied.
