COMMISSION STAFF'S SECOND REQUEST FOR INFORMATION
TO BLUEGRASS WATER UTILITY OPERATING COMPANY, LLC

Bluegrass Water Utility Operating Company, LLC (Bluegrass Water), pursuant to 807 KAR 5:001, is to file with the Commission an electronic version of the following information. The information requested is due on July 14, 2022. The Commission directs Bluegrass Water to the Commission's July 22, 2021 Order in Case No. 2020-00085¹ regarding filings with the Commission. Electronic documents shall be in portable document format (PDF), shall be searchable, and shall be appropriately bookmarked.

Each response shall include the question to which the response is made and shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the

¹ Case No. 2020-00085, *Electronic Emergency Docket Related to the Novel Coronavirus COVID-19* (Ky. PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Bluegrass Water shall make timely amendment to any prior response if Bluegrass Water obtains information that indicates the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Bluegrass Water fails or refuses to furnish all or part of the requested information, Bluegrass Water shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Bluegrass Water shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Bluegrass Water's responses to Commission Staff's First Request for Information (Staff's First Request), Item 8.
 - a. State the expected useful life of the integrated fixed-film activated sludge (IFAS) components considered as an alternative to the MBBR system.
 - b. Provide documentation to support Bluegrass Water's estimate of the useful life of the IFAS.

c. State the expected useful life of the additional conventional aeration tankage and blowers considered as an alternative to the MBBR system.

d. Provide documentation to support Bluegrass Water's estimate of the useful lives of the additional conventional aeration tankage and blowers.

e. State the expected useful life of improvements that would be required to connect to the city of Georgetown sewer system.

f. Provide documentation to support Bluegrass Water's estimate of the useful lives of the improvements that would be required to connect to the city of Georgetown sewer system.

2. Refer to Bluegrass Water's responses to Staff's First Request, Item 17.

a. State the expected useful life of tertiary filters considered as alternatives to the proposed improvements.

b. Provide documentation to support Bluegrass Water's estimate of the useful life of the tertiary filters.

c. State the expected useful life of secondary clarifier components considered as an alternative to the proposed improvements.

d. Provide documentation to support Bluegrass Water's estimate of the useful lives of the secondary clarifier components.
