To Whom It May Concern,

Please accept this letter as a request for written intervention for the proposed rate increase of 9.48% by the Union County Water District on water sold currently to the City of Sturgis - Sturgis, KY. The letter we received of the proposed rate increase is the first notice of its kind. We have never had the opportunity to ask for assistance from the Public Service Commission to intervene in any of the increases we have had over the past 8 years has nearly double from the base rate starting in 2014.

We feel this rate increase comes without reason since the City of Sturgis has already received one rate increase this year in January. Along with this rate increase we feel that the wholesale rate is extreme for us to keep the rising cost of living down for the residents of Sturgis. In addition, the purchase rate for UC Water District has not increased from their supplier, City of Morganfield, therefore this increase is not justifiable.

Please accept this letter and take into consideration our request of opposing this rate increase.

Sincerely,

Sturgis City Mayor, Council, Public Works Superintendent
