RE: West Shelby Water District
Case No. 2022-00198 - Filing Deficiencies

The Commission Staff has reviewed the application in the above case. This filing is rejected for the reasons set forth below.

Filing deficiencies pursuant to:

1. 807 KAR 5:068, Section 1 (d): The calculation and all supporting documents used to determine the change in purchased water costs sufficient to determine the accuracy of the calculation; The PWA form does not reflect the change in meter rates from LWC. The Increased Water Cost in item 5 appears errant due to the omission in item 1a; Did not specify the quantity of each meter to determine the total fixed meter cost and change; Math calculation for Current Total was incorrect.
2. 807 KAR 5:068, Section 4: Satisfactorily completed Purchased Water Adjustment Form 1; The proposed effective date is July 19 but provided customer notice, Exhibit F, specifies July 15, 2022.

You are requested to submit the information necessary to cure the deficiencies within 10 days of the date of this letter. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

Linda C. Bridwell
Executive Director
