

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF ROWAN	)	
WATER, INC. FOR AN ALTERNATIVE RATE	)	CASE NO.
ADJUSTMENT	)	2022-00252

ORDER

On September 2, 2022, Rowan Water, Inc. (Rowan Water) tendered an application, pursuant to 807 KAR 5:076, requesting to adjust its water service rates. The Commission notified Rowan Water by letter dated September 6, 2022, that its application was rejected for failure to satisfy the minimum filing requirements set forth in certain Commission regulations. Rowan Water subsequently cured the filing deficiencies and its application was deemed filed as of September 6, 2022.

The Commission finds that a procedural schedule<sup>1</sup> is established for the orderly processing of this case. The procedural schedule is attached as Appendix A to this Order.

The Commission further finds that Rowan Water shall file on or before the date set forth in the procedural schedule its responses to the Commission Staff's First Request for Information, attached to this Order as Appendix B.

IT IS THEREFORE ORDERED that:

---

<sup>1</sup> No action is necessary to suspend the effective date of Rowan Water's proposed rates for service. Pursuant to 807 KAR 5:076, Section 7(1), an applicant who applies for a rate adjustment pursuant to the procedures set for in 807 KAR 5:076 may not place its proposed rates into effect until the Commission approves those rates or six months from the date of the filing of its application.

1. The procedural schedule set forth in Appendix A to this Order shall be followed.

2. On or before the date set forth in the procedural schedule, Rowan Water shall file its responses to the Commission Staff's First Request for Information, attached to this Order as Appendix B.

3. No later than the date set forth in the procedural schedule, Commission Staff shall file with the Commission and serve upon all parties of record a written report (Commission Staff's Report) containing its findings and recommendations regarding Rowan Water's requested rate adjustment.

4. No later than 14 days after the date of service of the Commission Staff's Report, each party of record shall file with the Commission:

a. Its written comments on and any objections to the findings contained in the Commission Staff's Report; and

b. Any additional evidence for the Commission to consider.

5. If Commission Staff finds that Rowan Water's financial condition supports a higher rate than Rowan Water proposes or the assessment of an additional rate or charge not proposed in Rowan Water's application, Rowan Water, in its response to the Commission Staff's Report, shall also state its position in writing on whether the Commission should authorize the assessment of the higher rate or the additional rate or charge.

6. If Commission Staff recommends that changes should be made to the manner in which Rowan Water accounts for the depreciation of Rowan Water's assets, Rowan Water in its response to the Commission Staff's Report shall also state its position

in writing on whether the Commission should require Rowan Water to implement the proposed change for accounting purposes.

7. A party's failure to file written objections to a finding contained in the Commission Staff's Report within 14 days after the date of service of the Commission Staff's Report shall be deemed a waiver of all objections to that finding.

8. If a party requests a hearing or informal conference, then the party shall make the request in its written comments and state the reason why a hearing or informal conference is necessary.

9. A party's failure to request a hearing or informal conference in the party's written response shall be deemed a waiver of all rights to a hearing on the application and a request that the case stand submitted for decision.

10. A party's failure to file a written response within 14 days after the date of the service of the Commission Staff's Report shall be deemed a waiver of all rights to a hearing on the application.

11. As set forth in 807 KAR 5:001, Section 4(11)(a), a person requesting permissive intervention in a Commission proceeding is required to demonstrate either (1) a special interest in the proceeding that is not adequately represented in the case, or (2) that the person requesting permissive intervention is likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings. Therefore, any person requesting to intervene in a Commission proceeding must state with specificity the person's special interest that is not otherwise adequately represented or the issues and facts the person will present that will assist the Commission in fully considering the matter. A mere

recitation of the quantity of water consumed by the movant or a general statement regarding a potential impact of possible modification of rates will not be deemed sufficient to establish a special interest. In addition, any motion to intervene filed after the date established in the procedural schedule attached as an Appendix to this Order shall also show good cause for being untimely. If the untimely motion is granted, the movant shall accept and abide by the existing procedural schedule.

12. The Commission directs the parties to the Commission's July 22, 2021 Order in Case No. 2020-00085<sup>2</sup> regarding filings with the Commission.
