

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS ADJUSTMENT)	CASE NO.
FILING OF WESTERN LEWIS-RECTORVILLE)	2022-00302
WATER AND GAS DISTRICT)	

ORDER

On September 1, 2022, Western Lewis-Rectorville Water and Gas District (Western Lewis-Rectorville District) filed its proposed Gas Cost Recovery (GCR) rate report to be effective October 1, 2022. Western Lewis-Rectorville District's previous GCR rate was approved in Case No. 2022-00158.¹

LEGAL STANDARD

The Commission's standard of review for GCR rates is well settled as stated in KRS 278.274(1):

In determining whether proposed natural gas utility rates are just and reasonable, the commission shall review the utility's gas purchasing practices. The commission may disallow any costs or rates which are deemed to result from imprudent purchasing practices on the part of the utility.

Further, the utility has the burden to prove the rates are just and reasonable and the Commission may reduce the purchased gas component of the utility's rates or the

rates charged by an affiliated company to the extent the amount is deemed to be unjust or unreasonable.²

DISCUSSION

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that Western Lewis-Rectorville District's report includes revised rates designed to pass on to its customers its expected change in gas costs. Western Lewis-Rectorville District's report sets out an Expected Gas Cost (EGC) of \$10.2870 per Mcf, which is a decrease of \$0.1095 per Mcf from its previous EGC of \$10.3965 per Mcf. Western Lewis-Rectorville District's report sets no Refund Adjustment. Western Lewis-Rectorville District's report sets out a current quarter Actual Adjustment (AA) of (\$0.1768) per Mcf. Western Lewis-Rectorville District's total AA is (\$1.2002) per Mcf, which is a decrease of \$0.0445 per Mcf from its previous total AA of (\$1.1557) per Mcf.

Western Lewis-Rectorville District's report sets out a GCR rate of \$10.1102 per Mcf. Western Lewis-Rectorville District erroneously used the current quarter AA of (\$0.1768) per Mcf in the calculation of the GCR rate instead of the total AA rate of (\$1.2002) per Mcf. Based on the calculations above, the Commission finds that Western Lewis-Rectorville District's corrected GCR rate is \$9.0868 per Mcf, which is a decrease of \$0.1540 per Mcf from the previous GCR rate of \$9.2408 per Mcf. The Commission further finds that the rates as set forth in the Appendix to this Order are fair, just and reasonable and are approved for service rendered by Western Lewis-Rectorville District on and after October 1, 2022.

² KRS 278.274(2); KRS 278.274(3)(c); and KRS 278.274(3)(d).

For the purpose of transparency and to maintain a record of information for future use, the Commission finds that Western Lewis-Rectorville District shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports. Should Western Lewis-Rectorville District purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports, then the supplier, cost, and amount must be documented in its cover letter to the Commission.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Western Lewis-Rectorville District are denied.
2. The rates set forth in the Appendix to this Order are approved for service rendered on and after October 1, 2022.
3. Western Lewis-Rectorville District shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports.
4. Within 20 days of the date of service of this Order, Western Lewis-Rectorville District shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order.
5. This case is closed and removed from the Commission's docket.
