State the nature of your concern: I am very concerned about raising the rate. Many of us are retired and are on a fixed income. I have recently become a widow and my income has been reduced. Please consider the hardship this higher rate will have on so many of us. Thank you for your consideration. Stella R. Prewitt

Comments: Hi. Here we go again with this utility trying to gain your approval for a rate increase on top of the over 200% you gave them a few years back. Please, please do NOT grant this increase. I hope you have the financial concerns of the people you serve in mind and not give them this increase. Enough is enough, it has to stop and you must stop them. Thanks Robert Anderson

State the nature of your concern: These price increases for sewer are getting ridiculous. We pay almost 90 dollars a month just for sewer. We pay a different bill for water. Government officials work for the people and not these company's. Please stand up for the people. I am committed not to pay this increase and if it is passed then we will be using our backyard instead of the sewer system. Never in my life have I seen price gouging so blanted. They have already tried this earlier this year.
