Utility Name: Kentucky power

State the nature of your concern: It's my understanding that a 18% increase will be ask by KY power company to recoup their cost from last year's disasters & lose of customers in eastern Ky. I live in eastern Ky and we pay higher power bills than others in the state. Living here is hard already due to most of us living on fixed incomes. We can't afford a increase this high on our power bills that are already outrageous now. Please help by stopping this increase. Thank You
