Home phone:

Comments: A bill increase would eat into a family's budget, That could be groceries, clothing, your mortgage, your taxes. A lot of us are on a very, very strict budget and our income is not increasing. So, it's a very real issue and, yes, there are programs out here that help us pay our bills, but for how long?" There are also many people who don't qualify for those programs either due to thier income.

Comments: I would like to ask you to not approve the proposed rate increase for KY Power. So many people in our community are struggling just to meet basic needs like food and shelter. Our elderly and disabled are having to choose between food and medicine or many times rationing what they have. Our food pantries and social services are overwhelmed with the increase in people asking for help. So many people are struggling and raising utility bills at this time will just make that struggle more difficult. Please consider your friends and neighbors. Don't make these difficult times even worse. Please don't approve the rate increase for KY Power. Leigh Ann Doolin
