RE: East Casey County Water District
Case No. 2023-00220 Filing Deficiency

The Commission Staff has reviewed the application in the above case. This filing is rejected for the reason set forth below.

Filing deficiency pursuant to:

1. 807 KAR 5:076, Section 5(4)(c): Each notice shall contain the amount of the change requested in both dollar amounts and percentage change for each customer classification to which the proposed rates will apply. In its Application for Rate Adjustment Before the Public Service Commission, East Casey County Water District submitted a Customer Notice of Proposed Rate Adjustment (Attachment #1) and Wholesale Customer Notice (Attachment #2) wherein East Casey County Water District incorrectly calculated the Percent Increase amount for retail customers in different categories of Number of Gallons per Month, and incorrectly calculated the Percent Increase amount for wholesale customer Russell Springs. For each Percent Increase amount, the percentage change should be accurate and calculated by rounding to the nearest hundredth.

You are requested to submit the information necessary to cure the deficiencies within 10 days of the date of this letter. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

A handwritten signature in blue ink that reads "Linda C. Bridwell". The signature is written in a cursive style with a prominent initial "L".
